

Mountain bound for Forty Days and Nights
No Egyptians since they took their flight
Up on mount Sinai Moses saw first hand
Forty and One brought down God's Command

It rained and stormed for Forty Days and Nights
The Ark Cargo safe with no light in sight
A new beginning comes out of the darkness
Forty and One brought God's eternal promise

(Chorus)

Forty and One Time has Shown
a measure of time a promise of love
Forty and One Time has Shown
Time and again We are never alone

Fear and Taunting Forty Days and Nights
Goliath's size had Saul doubting the fight
armed with a sling and a polished stone
Forty and One saw the Army running home

Desert Bound for Forty Days and Nights
Good and Evil locked in a spiritual Fight
Three temptations from a Prince of Earth
Forty and One exalts God's only Son

(Chorus)
