ADDENDUM TO DECLARATION

"SECTION 8. ARCHITECTURAL STANDARDS VARIANCE One of the primary purposes of the Covenants, Conditions and Restrictions (CCR's) for Oak Lake Estates is to provide for a method of determining certain Architectural Standards that will assure that the property within the Development will be developed and maintained in a fashion that will protect the investment of every homeowner. The Developer placed these guidelines for the subdivision on record in the Maury County Registrar of Deed office, Columbia TN.

A Variance process is intended to provide limited relief from the requirements of written guidelines in those cases where strict application of a particular requirement will create an unnecessary or unreasonable hardship or prohibit the use of land in a manner otherwise allowed The Architectural Review Committee may hear and decide appeals and requests for variances from the requirements of recorded CCR's and Bylaws based on current policies and procedures of the Architectural Review Committee".
