About *Drone615*

Our mission is to offer innovative drone solution services that empower our partners to accept challenging situations in complex environments. We provide real-time, fully digitized aerial imagery for marketing and project managers. Licensed, registered, insured, and backed by 15+ years in military and civilian aviation.

Guided by honor in working with U.S. government entities, the courage to always uphold honest business practices, and a commitment to preserving the American dream, we aim to be a dependable partner for businesses and government entities seeking impactful results. We utilize cutting-edge technology in our deliverables with the goal of streamlining copyrighted works over user-friendly collaboration platforms.

We're not only community focused and involved but we're also committed to enhancing the success of government agencies and businesses worldwide. As a Certified Service-Disabled Veteran-Owned Small Business, we take pride in making a positive difference in our country, partners, and neighborhoods.
