INSTRUCTIONS

CALL BY NUMBER ONLY

Before calling the Exchange find the number of the party you wish to talk with. Calling by number improves the service and enables the operator to make faster connections. Always give the number thus: Five—Four—Two, instead of 542.

OPERATORS

Are forbidden to visit over the lines—their exclusive business is to answer calls. Please do not engage them in conversation. It impedes the service. The chief operator will gladly give you any desired information

Answer your calls promptly: it is sometimes decidedly irritating to the party at the other end of the line waiting for you. If you do not get a response from the party called for within a reasonable time the operator's attention can be attracted by moving up and down the hook that supports the receiver.

Never hang the receiver upon the hook until the conversation is finished, for it gives the operator a positive signal to disconnect your line.

When talking speak in a moderate tone, with the lips as near the mouthpiece as possible; it is not necessary to talk loud.

When the telephone is out of order notify the chief operator at once. If the trouble is not remedied promptly, kindly send notice in writing to EASTERN NEW YORK TELEPHONE COMPANY, Hoosick Falls, N. Y., that the delay may be investigated and the matter given prompt and careful attention.

NIGHT CALLS

Subscribers are welcome to leave night calls with the operator. If you desire to be awakened at any hour of the night, between 10 o'clock p. m. and 6 o'clock a. m., ask the operator to register your call, giving the hour.
