FACULTY

Dear Graduates:

The topic of the day is space travel and adventure into unexplored regions outside the realms of our earth.

No matter how far we go, all progress is a direct result of ground work which is carried out in infinite detail by people with ideas and ability. We are laying the groundwork in our schools today for a better world for tomorrow and we know that the leaders of tomorrow are in our schools today.

It is the true wish of all your teachers that you have the very best of educational opportunities and that you take full advantage of them.

Sincerely,

# Class History

In 1954, four years ago, our class entered the golden door of opportunity of Hoosick Falls High School and commenced on four of the most memorable years of our life. Our homerooms were room 29, room 27, and room 25. Our class advisers were Miss Hulihan, Mrs. Potts, and Mr. Stritch. The class officers were:

President ----- Carol Pierson  
Vice-President ----- Albertine Cure  
Secretary ----- Lewis Watt  
Treasurer ----- Lewis Watt

We earned our money mainly by selling magazines. Prizes were awarded to the ones who sold the most. Our student council members were Sandra LeBarron, Joyce Pine, Lewis Watt, and Jean Armstrong. They sponsored a volleyball game between the student council members and the faculty.

In our sophomore year, our homerooms were room 26 and room 29, while our advisers were Miss Boyce and Miss Hulihan. Our class officers were:

President ----- Lewis Watt  
Vice-President ----- Bill Roberson  
Secretary ----- Don Fairbanks  
Treasurer ----- Bob Spendiff

The main activities in our sophomore year were a food sale and a sophomore party. Our student council members were Judy Norton, Jean Armstrong, Carol Pierson, and Lewis Watt.

## Our Junior Prom

# Class History

At the beginning of our Junior year we elected our student council members: Carol Pierson, Margaret Light, Lewis Watt, and Donald Fairbanks. Our homerooms were rooms 26 and 28 and our class advisers were Miss Boyce and Mrs. VonHaggin. The class officers were:

President ----- Joyce Pine  
Vice-President ----- Brenda Pine  
Secretary ----- Judy Norton  
Treasurer ----- Joseph Salluzzo

We ordered our class rings in October and received them in March. We held a record hop and the usual Junior Prom which was the biggest event of the year.

At the beginning of our last memorable year at Hoosick Falls Central, we elected student council members and class officers. This year, our homerooms were room 28 and room 29 with our advisers being Miss Hullhan and Mrs. VonHaggin. The class officers in our senior year were as follows:

President ----- Judy Norton  
Vice-President ----- James Okerman  
Secretary ----- Jean Armstrong  
Treasurer ----- Joyce Pine

Our main project was the selling of magazines to earn money for our treasury. A radio was awarded to Joyce Pine for selling the most magazines. The biggest event of the year was the senior ball. We have had a lot of fun during our four years here, and we hope that the history of all following classes will be as happy as ours.

# Class Prophecy

Dear Ann,

Since you were unable to accompany me on a sight-seeing tour to Hawaii, due to your nursing appointments, I will try to tell you what old friends of ours I met while I was there.

As I was getting off the plane, there was Bunny Bromirski, our airline hostess. After I left the plane, I went on a tour of the city. Our guide was Donald Hawks. First on the agenda was a modern office building. As we passed through one of the offices, I recognized Sandra LeBarron, Florence Kane, Marlon Goodermote, and Virginia Scriven, all working frantically trying to get caught up on a big business deal. Working there as telephone operators on the business' own switchboard were JoAnn Marsh and Gail Myers. Joyce Pine was there as private traveling secretary to the famous tycoon - Ronaldo Seiferto.

From the office building, we went to a new engineering plant. As we passed through the various departments, I saw Warren Millington designing new cars. I also recognized Robert Provensal, Walter Russell, Martin Lingner and Charles Kokoras who were the first to land on the moon in a spaceship designed by Walter Sachau. In the last division of the plant there was Ann Schmigel and Carol Pierson, who are world famous for inventing a new type of ballistic missile.

After our stop at the engineering plant, we went on to a modern hospital. There I met Margaret Crowley who has discovered the cause of heart disease and found a cure for it, and Linda McCart, Barbara Jones and Gail Chapman who, working together, have found the cause of cancer.

Next, Donald Hawks took us to the largest school in Hawaii. The school surroundings were planned by Donald Baker, now a famous landscape architect. I was surprised to find that Carol Elliott, Carol Walker and Judy Norton were all teaching there. Since I am a teacher, naturally I was very anxious to

# Class Prophecy

talk to them. As we passed down the hall, I gazed into the office and lo and behold who did I see but James Shepard, the principal. As I stood talking with him, along came Brenda Pine, the guidance counselor. As we passed by the nurse's office, out came Jean Armstrong, the dental hygienist. She has recently found a new drug to prevent tooth decay. While at the school, I met Bob Spendiff and Donald Tate. Bob was explaining to the science class his job as a forest ranger and Donald, a champion bowler, was teaching the boys how to bowl in the gym class.

Next, we drove out to an armed forces camp. On our way we passed an enormous farm and guess who the owners were -- none other than Henry Ruebel and Everett Brock,

At the armed forces camp I met James Okerman, Earl Callahan, Walter Sprague, Ed McMahon and Jack Bakaltis who are all high ranking officers. Lewis Watt, an honor graduate of Annapolis Naval Academy, and Joseph Salluzzo, who belongs to the tank division, were also there.

After the tour, I stopped in a restaurant for my lunch. Surprise! There were Mary North and Judy Eldred, both married and working part time as waitresses.

After my lunch, I walked back to the airport. On my way, I passed a beauty salon. As I looked in, I recognized Helen Stewart, world famous beautician noted for the latest hair style, the "Doggytype". She was experimenting on Carolyn Zwiercan's hair.

When I finally was on the plane, Victor Neaton and Donald Bissonette came out of the pilot's cabin to give the passengers the safety rules. I happened to look over in the next seat and I saw Ruth Mason, who was living out west with her aunt. She was taking a short vacation after getting her Ph. D.

Always,

Joan
