Ryan Wistuk

Here are what little words I have to say as we all grow old & fade away. Take what you can & fake what you can't cause in the end it doesn't matter who you hate just what you make.

If Karl is ever stuck somewhere between here & 5 minutes ago, all I want to know is what they look like & where they came from.

Ahh...Chops & Matt, I told you 7th was almost over but you had to see for yourself.

An Ode to Fitz- You were a great kid, I'm sorry we lost you like I lost so many others. At least we got to ride with Horne to Albany.

To Nick K. and Scott- I extend an invite for an escape from Hoosac whenever you need it. Kaneb I'll see you in Canada. Scott, Thank you, you're a good guy.

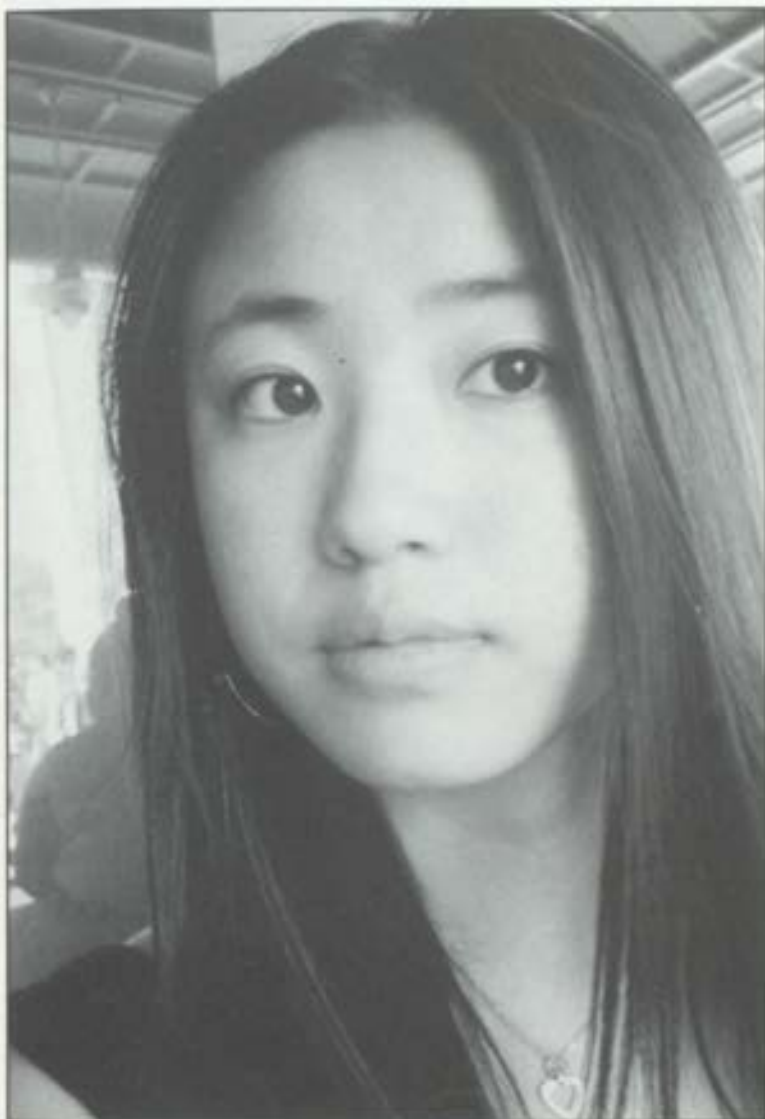

Spencer- a ride whenever needed & a sense of honesty I'm grateful for. Martin's English class was the best. Our reality is as thin as an egg shell crushed in an instant & caught on the wall. The Splatter of our minds will show us what we want to hide.

If you dare to back me in the corner & find out who I really am. Most of what I had to say lost it's value long before I was ready to eye & I found all my pain nothing more then passing days as I try to stop the change. It's not my choice to care or my voice to hear but the echo of experience spun through foggy days that lead me to see the loss of my reality. Most of what I had to say came to late or I ran out of space. Just remember you've all changed our life in someway. Because the words you say fill out days & alter our ways.

Stuck in this world lost. In our cares we find the words in the mist as fast our thoughts disappear. Leaving behind nothing but emotion hidden, behind the wall.

A-Eun Yun

*T*here are moments in life when you miss someone so much that you just want to pick them from your dreams and hug them for real!

*W*hen the door of happiness closes, another opens; but often times we look so long at the closed door that we don't see the one, which has been opened for us.

*D*on't go for looks; they can deceive.
Don't go for wealth; even that fades away.
Go for someone who makes you smile, because it takes only a smile to make a dark day seem bright.
Find the one that makes your heart smile.

*D*ream what you want to dream;
go where you want to go; be what you want to be,
because you have only one life
and one chance to do all the things you want to do.

*M*ay you have enough happiness to make you sweet,
enough trials to make you strong,
enough sorrow to keep you human and
enough hope to make you happy.

*T*he happiest of people don't necessarily have the best of everything; they just make the most of everything that comes along their way

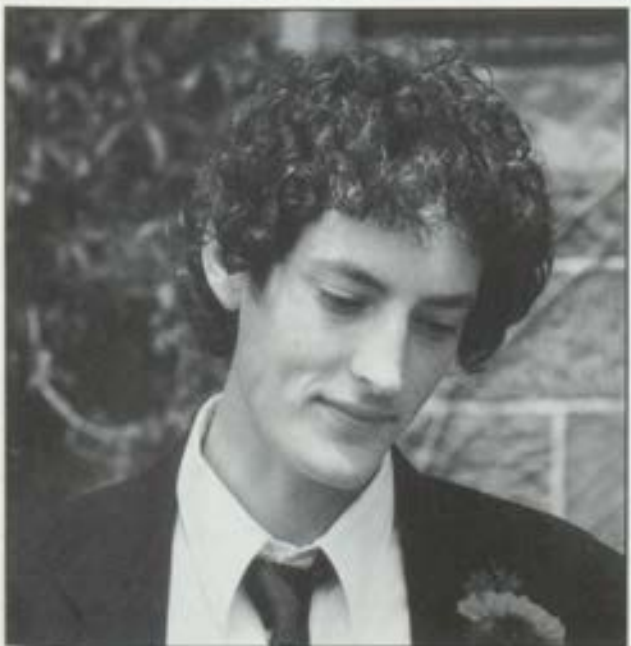

*T*he brightest future will always be based on a forgotten past; you can't go forward in life until you let go of your past failures and heartaches.

*W*hen you were born, you were crying and everyone around you was smiling. Live your life so at the end, you're the one who is smiling and everyone around you is crying.

*Don't Count the Years.
Count the MEMORIES...*
