# Wolff's Transparent Paints, OR OIL STAINS.

Transparent Paints, or Oil Stains, will not raise the Grain of the Wood.

They work over Filler and yet penetrate to the wood.

They can be Mixed with Filler, Turpentine, Hard Oil Finish, Varnish, Boiled Oil and Dryer.

They can be used on old work without removing the varnish.

They can be put over edges when rubbed through without fear of showing the defect in polishing.

They can be used on the Finest Work that ever left a Finisher's hand.

They are adapted to all kinds of Woodwork.

We desire also to call attention to Shipman's Writing Fluid and Colored Inks, Bluing, Camphor Ointment, and Flavoring Extracts. Pearl's Rug Maker, Lambertson's self-filling and self-extinguishing Safety Lamp Burners, Wolff's Acme water-proof polish for Ladies' and Gents' shoes, a sure preservative to leather and the most beautiful in use. All of the above are among the most useful articles of the present day and must be seen to be appreciated.

We have also on hand Edison's Electro Galvanic Belt for Rheumatism and other complaints, the famous Rose Jelly, Dr Redner's Kidney Tonic, Dr. Bundy's Cascara Compound, Dr. Bachman's Worm Confections, all of which surpass any medicines at present in the market, as can be shown by testimonials in our possession. Call and examine our goods and be convinced. They have succeeded where all others have failed.

## THE FARADIC ELECTRIFIER

Is a perfectly portable electric machine, giving forth both the Faradic and Galvanic currents, occupying such a small space that it can be worn on the body without inconvenience, and gives a current you can feel distinctly, either in the hands or wherever the electrodes may be applied. The Faradic current makes a buzzing sound you can hear.

### IT IS SPECIALLY EFFECTIVE

In diseases of the Digestive and Respiratory Organs, Nervous and Constitutional Diseases and Nervous Debility.

The citizens of Hoosick Falls are respectfully invited to call and examine the above goods at our store.

# HISTORICAL SKETCH

—OF—

## ≡ HOOSICK. ≡

“Hoosac” is an Indian name, and when translated means “Owl Valley,” or Valley of the Owl, “Hoo” being the Indian name for owl, and “sac” for valley. The U. S. Government has, however, established the spelling of “Hoosick” for its post-offices in this township.

Hoosick, the north-eastern town of the county, is bounded north by Cambridge and White Creek, in Washington county; east by Bennington, in Vermont; south by Petersburgh and Grafton, and west by Pittstown. The boundary-lines are straight, or nearly so, following, however, somewhat the course of the Hoosick river. The town is considerably wider at the north than at the south. The farm acreage of the town is about 40,000 acres. The present population of the township is about 11,000.

The scenery is of a varied character, combining many elements of beauty. The highest peaks are those of Fonda Hill, in the south-west. These are said to be 900 feet above tide water. The valleys are bordered in many places by steep hillsides.

The town is divided into two nearly equal parts by the Hoosick river. This is an old historic stream, whose valley was the war path along which the French and Indians made their stealthy marches upon the villages of New England.

In the south-east part of the town are mineral springs, and deposits of slate exist in various parts of the town.

The settlement of the Hoosick Valley was delayed by the long and often sanguinary struggles of the French and English, for supremacy and dominion in the valley of the St. Lawrence and the adjacent provinces.

This stormy period extended from 1688 to 1760. Hoosick from its location, being in the direct route from Canada to the towns and villages on the Deerfield and Connecticut, was the most exposed to attacks of these merciless foes.

The one great event of the revolutionary era in this immediate section, was the battle of Bennington. This was fought in the town of Hoosick, and as Judge Ball and others have suggested, it might well have been called "the *battle of Walloomsac*," as it was fought in the valley of that stream, or upon the adjacent hills, and near the village of Walloomsac.

## HOOSICK FALLS.

### ITS MANUFACTURING INDUSTRIES, CHURCHES, ORGANIZATIONS AND LOCAL INSTITUTIONS.

This village, known throughout the country for its thriving manufacturing enterprises, is situated upon the Hoosick river, which supplies valuable water power. The river runs in a serpentine manner through the village and has a picturesque appearance from the hills. It is also on the line of the Fitchburg Railroad, which connects with the entire railroad system of the United States.

The present prosperity of the village is almost entirely due to the Walter A. Wood Mowing and Reaping Machine Co., which employs 2,000 men.

The first known lease of land of the Hoosick patent, at Hoosick Falls, was made of 220 acres by Jonathan Fuller from Augustus Van Horne of New York. The survey of this tract began at a marked birch tree standing below the falls of Quequick. This farm was next conveyed to Henry Northup, of North Kingston, R. I., who shortly after removed to it, where he lived until his death in 1797. The other part of the village west of Main street and east of the Hoosick river, was a part of the farm of 250 acres belonging to Henry Barnhart. The first store in Hoosick Falls, it is said, was one opened in 1785 by Isaac Turner. In 1784 Joseph

Dorr came to Hoosick Falls, and, leasing of Barnabus Bratt 280 acres of land, together with all the water power on the north side of the river, began the erection of a carding and fulling mill. Subsequently a flax mill, a distillery and a saw mill were also erected there. Benjamin Colvin, about the year 1786, built a grist mill on the south side of the river. His successors were John Chase and Theophilus Comstock. In 1791 the first bridge was constructed over the river at Hoosick Falls. In 1822 the first post-office was established in the place, Seth Parsons being made postmaster.

In 1823 Joseph Gordon, a Scotchman, built what was known as the Caledonian cotton factory, on the south bank of the Hoosick river between the bridge and the grist mill. About 150 persons were employed in the factory. In 1827 the factory was purchased by Samuel S. Crocker, John Knickerbocker, John House, of Waterford, and Jacob Merritt, of Troy. In 1868 this property was sold to the Walter A. Wood Mowing and Reaping Machine Company.

On April 14, 1827, the village of Hoosick Falls was incorporated, Seth Parsons being elected president of the board of trustees. It is said that at the time of its incorporation the population of the village was 200, the number of buildings 36, the electors 50, and the valuation of the property \$96,370.

In 1831 George W. and Lyman Benedict erected the Tremont cotton factory on the north side of the river.

About 25,000 yards of cloth were manufactured weekly, the number of employes being about 70. In 1855 the property was sold to Walter A. Wood. At present the village is a lively, bustling and thriving place of about 8,000 inhabitants, and wears an air of solid thrift and substantial comfort and is fast being equipped with all the conveniences of city life, as will be found detailed in the following pages.

### WALTER A. WOOD MOWING AND REAPING MACHINE CO.

The works of this great industry give prominence to Hoosick Falls, and have rendered the name of the town familiar all over the earth. This immense establishment cannot be duly appreciated from any attempt at description on paper. On adjacent pages we have shown the different departments as well perhaps as the hilly contour of the land permits.

The officers of the company are Hon. Walter A. Wood, president; William S. Nicholls, vice president; Willard Gay, treasurer; Charles M. Coulter, secretary; Danforth Geer, assistant secretary; J. M. Rosebrooks, superintendent of construction.

On other pages we show pictures of the old styles of the Walter A. Wood machines contrasted with some of the latest styles, and although it is possible that advance may still be made in some details, it seems that for mechanical excellence, symmetry and the union of all desirable lightness with tremendous strength, Walter A. Wood has reached the perfecting of his special line of productions. At all events, he stands at the head as a prize-winner in every land and community where prizes for harvesting machines have been offered.

The annual product of the Walter A. Wood Mowing and Reaping Machine Co. is believed to be the greatest known, and their total output up to this time is 726,510 machines—a record without a parallel.

A detail of the production by years is given below:

1853, - - - -	500	1872, - - - -	17,097
1854, - - - -	600	1873, - - - -	20,715
1855, - - - -	1,200	1874, - - - -	20,430
1856, - - - -	2,500	1875, - - - -	23,507
1857, - - - -	3,800	1876, - - - -	23,836
1858, - - - -	4,500	1877, - - - -	19,071
1859, - - - -	5,500	1878, - - - -	25,065
1860, - - - -	6,000	1879, - - - -	24,920
1861, - - - -	6,500	1880, - - - -	27,903
1862, - - - -	5,500	1881, - - - -	40,413
1863, - - - -	6,500	1882, - - - -	44,226
1864, - - - -	7,500	1883, - - - -	45,032
1865, - - - -	8,500	1884, - - - -	48,315
1866, - - - -	10,500	1885, - - - -	42,151
1867, - - - -	11,500	1886, - - - -	45,557
1868, - - - -	17,500	1887, - - - -	51,875
1869, - - - -	23,000	1888, - - - -	54,026
1870, - - - -	15,000		- - - -
1871, - - - -	15,771	<b>Total,</b>	<b>726,510</b>

The history of these extensive works began when Walter A. Wood, a young man of vigorous mind and active body, came to Hoosick Falls and engaged himself as a journeyman machinist to work for Parsons & Wilder. In 1852, having carefully inspected the working of the combined mowing and reaping machine patented by John H. Manny of Illinois, Walter A. Wood was induced to purchase a territorial right, and to begin the manufacture of the machines at Hoosick Falls. Besides occupying the old foundry building, he in 1855 purchased the old Tremont cotton factory. In 1858, Ball & Parsons, who had also been engaged since 1852, in manufacturing the same machines, quitted the business, leaving Walter A. Wood the only one to carry on this branch of manufacturing in Hoosick Falls. In 1859, finding that he needed more conveniences for his increasing business, Mr. Wood rented the mill formerly occupied by Ball & Parsons. In November, 1860, a disastrous fire swept away in flame all of the buildings. The same year the work of rebuilding began, and the new buildings erected on the site of the old ones were the next year noisy with the hum of machinery, and another period of manufacture began. "The Wood Mower," constructed by the mechanical ingenuity of Mr. Wood in 1859, was sent out among the farmers and achieved a notable success. In 1861, "the self-raking reaper," patented by Mr. Wood, which was further perfected in 1863, added to his greater celebrity as a maker of excellent harvesters. It was at that period a wonder of the times.

In 1870, a second fire swept away all the buildings. The Caledonian mill having been bought in 1869, became the workshop where most all the machines were constructed during the year 1870. From the date of this calamity new buildings have, from year to year, been erected, which now form this extensive manufacturing establishment.

The present stock company, known as the Walter A. Wood Mowing and Reaping Machine Company, was formed in 1865. From this time until 1879, various useful attachments and additions were made to the machines invented by Mr. Wood.

#### A CONSTELLATION OF MEDALS.

In 1876, at the centennial exhibition, he obtained the highest awards for his harvesters. Austria conferred upon him the knight's cross of the imperial order of Francis Joseph, and France, in 1869, decorated him with the cross of the chevalier of the legion of

honor, and in 1878, added two gold medals and the cross of officer of the legion of honor—the highest award of honor.

The U. S. National Agricultural society gave him its highest prize as early as 1857. He secured the gold medal at the London World's Fair of 1862, at the Paris World's Fair of 1867, at the Vienna World's Fair of 1873, at the Bremen, Germany, World's Fair of 1874, at the Melbourne, Australia, World's Fair of 1880, at the Amsterdam, Holland, World's Fair of 1884, and at the London Inventions Exhibition of 1885. He has also received first prize at a very great number of important field trials and expositions, held under high official auspices, in the United States, Australia, New Zealand and different European countries. In France, where the management of such matters is very strict, he has secured all the first prizes given at government field trials for seven years past, with no interruption. The total number of gold medals and other important first prizes taken by him in competition with all the various makes of reapers, mowers and binders in the world, now exceeds 1,200—a truly marvelous record, and one which, of course, has never been approached by others.

Walter A. Wood is the man to whom belongs the credit of giving the world the first machine to bind the grain in sheaves while reaping it. The introduction of the grain-binder by him was achieved after great and protracted efforts to render the first attempts the grand success so early reached. It made an era. It caused a revolution in grain raising in America; and the changed methods thus brought about are now steadily forcing their way into adoption in many other countries, as it saves not only labor, but vast amounts of grain formerly lost in scatterings, and worse yet, by delays and sudden injurious changes of weather at the harvesting season.

In 1874, the wire self-binding harvester was brought out, and achieved the signal success which has made the machines of this character known in all the grain producing countries of the earth. Oliver Dalrymple, the great grain grower, had employed at one time in harvesting his immense fields of grain, 106 of these machines, each of which cut and bound on an average, 15 acres of grain a day.

Writing of the first trial of the Wood automatic twine binder in England, in October, 1879, on the farm of Simeon Leather, Delamere lodge, near Northwich, Cheshire, an observant witness says: "I saw it make 500 sheaves without one stoppage, in the most per-

fect manner possible, at the rate of 27 sheaves per minute."

The rightly merited praises bestowed upon these wonderful and useful machines have not only placed thousands and tens of thousands of them upon the great grain plains of the United States, but have carried them to those of Europe, Asia, Africa, South America, Australia and New Zealand.

In 1880, the Wire Binder was abandoned, and a machine substituted for the Wire Binder in which twine is used for the binding material. As Mr. Wood was the first manufacturer to put the first practical Wire Self-Binder into the hands of the farmer in 1875, so it will be seen in 1880, he was the first manufacturer to put a practical Twine Self-Binder upon the market. Since 1880, up to the present time the Twine Binder has been built exclusively, having been from time to time improved, as suggested by experiments in the harvest field from season to season.

For the season of 1889, the Wood Company will build their new Harvester and Binder, which may be regarded as the result and consummation of all previous endeavors to reach perfection in Grain Harvesting Machinery. It is acknowledged to be, by far, the most practical and best adapted to the wants of the farmer of any Harvester and Binder yet built, and possesses all the advantages of a light machine, and at the same time embraces strength and durability.

The Walter A. Wood Enclosed Gear Mower is claimed to be the best mower ever produced. Its sale is so enormous as to exceed that of all other makes of mowers in the world; and it is the only mower made that has the honor of attempted imitation. Not only in America, but in foreign lands, it is the mowing machine of first choice by farmers, and particularly those with much or difficult cutting to do.

The works produce an average of about 300 completed machines per day, equal to one every two minutes. A tour of the works is like a journey. The degree of organization necessary for the results attained is of course remarkable, if not without parallel anywhere.

The works are encircled with five miles of railroad track, and the company uses its own engines and cars for conveying the machines to their warehouses, connecting with the Fitchburg Railroad and the entire railroad system of the United States. The works are lighted by the electric arc method on a scale proportioned to their extent, and are required to be operated by night as

well as by day, to keep up with the demand for machines. Steam heating is used throughout the place. The advantage of a large water-power from the Hoosick river is an economic advantage of much value to these great works, although large steam power is also used in addition. Every advantage that mechanical ingenuity and enterprise can furnish is found throughout the long shops, and all the materials are handled by railway in passing along from the raw to the completed state. Over eighty-five acres of land are occupied by the different shops, lumber-yards and storehouses.

### The Hon. Walter A. Wood.

A sketch of The Walter A. Wood Mowing and Reaping Machine Company would be incomplete without a passing tribute to the Hon. Walter A. Wood, whose good judgment and executive ability are felt in every pulsation of this vast and growing enterprise, and who has reared it from its infancy to its present stalwart position among the foremost industries of the world.

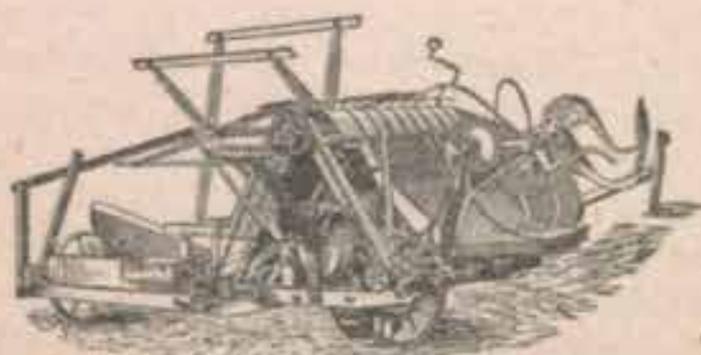

Walter Abbott Wood was born in Mason, Hillsboro Co., N. H. His father, Aaron Wood, and his mother, whose maiden name was Rebecca Wright, were natives of Massachusetts, and both of English descent. Aaron Wood, who was a manufacturer of wagons and plows, had lived in Mason from a very early period in his life, but the year following the birth of his son Walter, he removed to New York state, and settled in the neighborhood of Albany, in which locality Walter grew to manhood, receiving his education in the district schools of Albany county, and serving his apprenticeship to the trade of wagon and plow making in his father's shop. At twenty, having mastered this trade, he went to Hoosick Falls and secured employment as a journeyman machinist, but soon afterwards engaged in business on his own account in a small way. For about seventeen years, till 1852, he carried on the manufacture of plows and castings for machinery. The subsequent career of Mr. Wood is so interwoven with the present gigantic enterprise bearing his name, that we are compelled to refer the reader to the historical sketch of the works in the preceding pages of this book. Aside from his business character, Mr. Wood has ever been known as a benefactor to his workmen. Having emerged from their midst, his warm heart has ever beat in unison with them in their struggles.

In his manner quiet and unobtrusive, easily approached, but very firm in declaring for the right and condemning the wrong. His benefactions are so numerous and varied and have likewise been so quietly bestowed, that the world can never know their extent and character, indeed our country is indebted to this class more than to any other for being to-day a nation of exporters and importers.

A certain class of Americans possessing inventive genius, with pluck and enterprise, have made this country what it is by contributing so largely to the advancement of the arts and sciences, and the perfection of machinery, whereby the comforts of life have been multiplied and the fruits of labor increased.

Among this class of American born citizens who have been such benefactors to their country and people, Mr. Wood stands conspicuously prominent.

Despite the demands of his extensive business, Mr. Wood finds ample time to perform his duties as a useful citizen and to cultivate the amenities of social life.

The PIONEER Binder.

### THE ORIGIN OF THE AUTOMATIC GRAIN BINDER.

The successful operation of this machine is a triumph of genius, and was first manufactured and practically introduced by the Walter A. Wood Mowing and Reaping Machine Co. in 1870.

Our sketch would be incomplete, indeed, if it was not regarded as an important factor in establishing the present and prospective wealth and prosperity of Hoosick township. As early as 1861, Sylvanus D. Locke, to whom the invention of the machine is to be credited, commenced his experiments of perfecting a Grain Binder; and in order to give the public a more perfect idea of this useful invention, we will trace its history somewhat briefly. Mr.

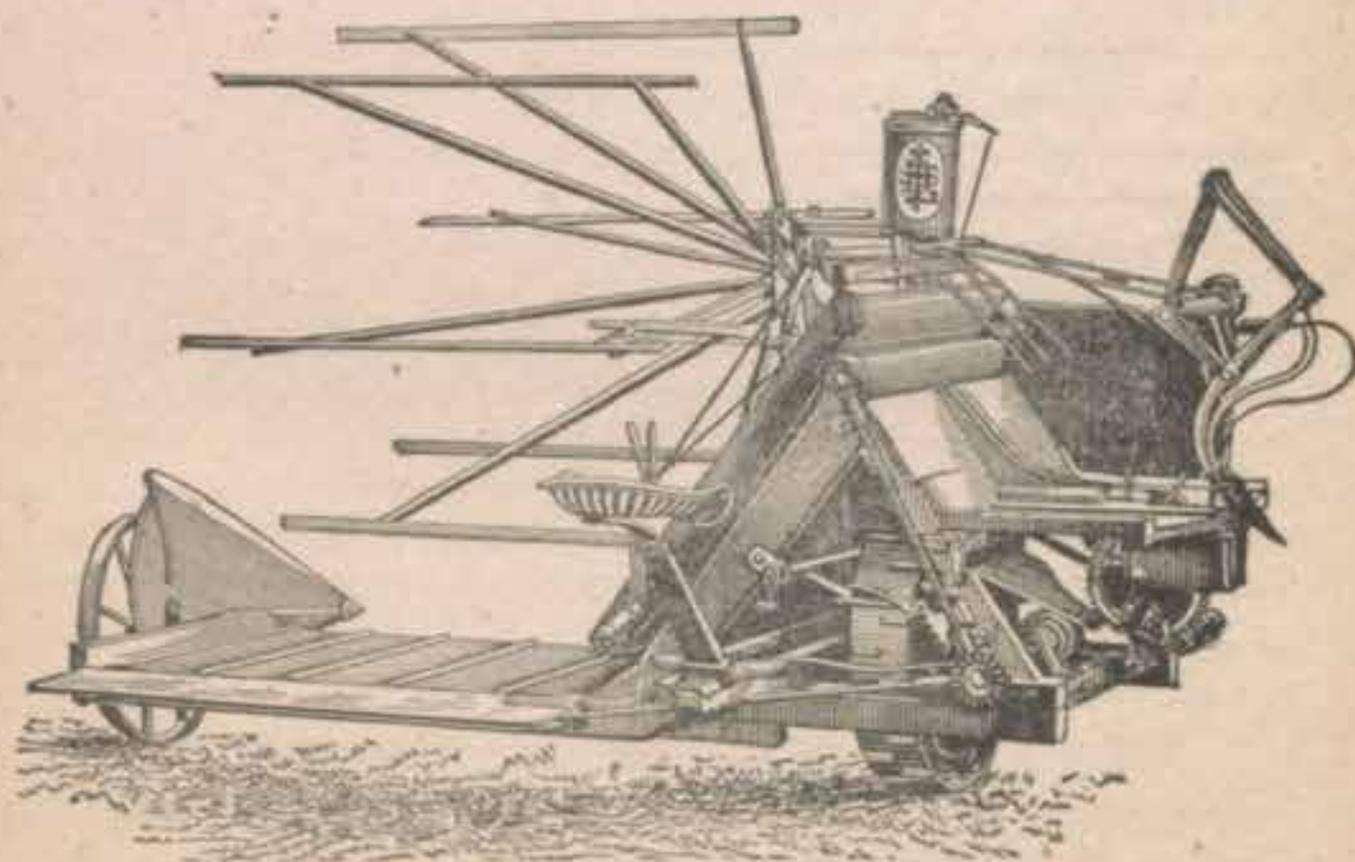

Locke was continuously engaged from 1861 to 1869 in what, at that time, and to others, seemed a fruitless endeavor to construct an automatic machine for binding grain. His life during this period, and subsequently, with reference to this machine, will constitute one of the most eventful chapters in the history of American inventions; for to him, more than to any other man, living or dead, does the world owe the present successful Automatic Binding Harvester. With a good income from his surveying and engineering, every dollar of it, beyond the necessary provision for his family, was freely put in this machine. Against the advice, warnings, and even entreaties of his best friends, who declared that he was sacrificing the best years of his life in useless efforts to achieve what never *before* could be achieved, he pursued unfalteringly his purpose. Defeated often, but discouraged *never*, failure seemed only to confirm him in his purpose, and to add to his determination to succeed. Wonderfully gifted for the work, he *knew* always that he would succeed. So, for nearly ten years, he battled, almost against fate, to produce what the world had never seen—a successful automatic binding harvester. The difficulty was not so much in the production of devices to manipulate the bands, as in handling the grain and adapting the machine to it.

At last, in 1870, at Hoosick Falls, N. Y., where he is now residing, his efforts were crowned with that success which, sooner or later in life's grand battles, unwavering devotion and indomitable energy are certain to bring. In the harvest of that year he had the *Pioneer Binder*. This machine cut and bound, rapidly and well, a swath eight feet wide. This was at least two years in advance of any and *all* inventors and competitors in the grain-binder field. Having produced a successful machine, the way has been easier for others to follow.

About March 1, 1869, having previously arranged with Walter A. Wood to assume the financial burdens of his undertakings, Mr. Locke came to Hoosick Falls to reside. His family came the first of October following. His endeavor that year to apply his binder to Mr. Wood's chain-rake was a failure. Later in the season, he applied his present "rotary binder" to a side-delivery apron machine. This machine was destroyed by the terrible conflagration that swept away, in a single night, in March, 1870, the extensive works of the Walter A. Wood Mowing and Reaping Machine Co. Immediately after the fire, he commenced rebuilding his machine, and during the following harvest it proved an eminent success.

So year after year passed, constructing machines at the manufactory at Hoosick Falls, and testing them in the West, to adapt them to run in the hands of unskilled farmers, in all the varied conditions of grain, soil and weather. In 1874, twenty-five machines were built; in 1875, three hundred; in 1876, twelve hundred; in 1877, three thousand; in 1878, five thousand five hundred were built and sold. These machines bound with wire, and were, and are to-day, eminently a success. We give at the head of this article, a cut of this machine, the pioneer binder of this or any other country. Its memory should not be allowed to die out, at least not in Hoosick, where it was produced. We give an old cut of Mr. Locke's new twine binding harvester at the close of this article.

Mr. Locke has obtained, on his own inventions, over seventy-five patents relating to harvesters and binders, and owns or controls over one hundred. So, in return for a life work of usefulness to others, a harvest of wealth is gathering for Mr. Locke. May it come in full measure to him and to Walter A. Wood, whose strong heart, clear head and open hand, have been extended to Mr. Locke in his great work.

### A NOTABLE BUSINESS ENTERPRISE.

Among the largest and most successful business houses worthy of mention, is that of Easton, Rising & Worden, lumber, coal, hardware and agricultural implements. In the year 1875, Mr. C. W. Easton located in the village, and opened a general insurance and coal business, which he soon established as a successful undertaking. In 1880 Mr. Easton formed a partnership with Mr. G. F. Rising, when the foundation of the present large and lucrative business was laid. In 1883 Mr. L. E. Worden, a builder of reputation, was admitted. This business, from its inception to the present time, has been a success, and can be attributed, in a great measure, to the faithfulness of the members of the firm, all being young men of good business abilities, and each with particular qualifications for the different departments. In addition to their business of merchants and fire insurance, they have contracted for and built many of the finest residences and most of the public buildings in the place, and stand unrivalled by any concern in the same line outside of the larger cities in eastern New York.

### THE HOOSICK FALLS CUSTOM MILLS.

Messrs. Hurd & Co., proprietors. A local history of this village would be incomplete without a notice of this, the only grist mill in the village, and the largest grain handling concern between Troy and North Adams.

The mill is a large wood and brick structure, built in 1878 by Charles Q. Eldredge, and enlarged in 1880. Has two run of stone, and a capacity for grinding 350 bushels of corn and 100 bushels of wheat every ten hours. In the same building a large room on the first floor is devoted to wood working, and all classes of job work are here performed. Planing and matching, scroll and band sawing, manufacture of moulding, and in fact all kinds of ornamental work. On the second floor 140 operatives are engaged in the manufacture of shirts.

### HOOSICK TOWN GOVERNMENT FOR 1888-89.

*Supervisor*, Joseph Buckley; *Town Clerk*, W. F. Peters; *Justices*, George Kincaid, Alexander Frier, Elmer Barnes, A. H. Hawks; *Collector*, George E. Wilcox; *Assessors*, P. J. Haren, Benjamin Laker, A. H. Sherwood; *Overseers of Poor*, C. H. Boynton, Thomas Burns.

VILLAGE GOVERNMENT OF HOOSICK FALLS FOR  
1888-89.

*President*, Frank Riley; *Village Clerk*, Wm. H. Slocum; *Trustees*, M. J. Ryan, James McAuliffe, Jr., John Dolan, John Bannon, Barber C. Armstrong, George Keach, J. C. Hannan, Peter Gaffney; *Assessors*, Timothy Fleming, John McPartlin; *Village Collector*, John H. Cronin; *Treasurer*, Patrick Tracey; *Street Commissioner*, Michael Redmond; *Health Officer*, Dr. G. M. Lamb; *Clerk of Vital Statistics*, Hugh Riley; *Police Magistrate*, Elon Percey; *Chief of Police*, Thos. McMenemy; *Police Commissioners*, Frank Riley, John B. White, Charles C. Spencer, Wm. H. Slocum, *Secretary*.

## THE FIRE DEPARTMENT

Though small, has thus far been equal to all emergencies. The Wood Mowing and Reaping Machine-Co. has a reservoir and a well equipped fire department of their own, which can deluge the buildings at a given moment.

Seth Parsons's Steamer Co. No. 1, was organized by L. Chandler Ball, June 12, 1871, and has 60 members. The officers are:—*Capt.*, Terrence Slattery; *First Asst.*, Thos. Dooley; *Second Asst.*, Martin Phalen; *Sec'y*, Wm. Riley; *Treas.*, Stephen Carr; *Engineer*, Thos. Murphy.

## THE EDUCATIONAL RESOURCES OF HOOSICK.

Hoosick, like most of the other first-class towns in the state, has had a care of her public schools; and ample facilities for acquiring a good education are afforded to all her children.

The school course covers 12 years, 3 in the Primary, 3 in the Intermediate, 3 in the Grammar, and 3 in the High school grades. The last grade is devoted mainly to the sciences, higher mathematics, and languages necessary to enter college.

## BOARD OF EDUCATION.

Dist. No. 1 of Hoosick Falls, consists of Ambrose Carr, *Chairman*, E. P. Alden, J. Russell Parsons, Edward Matthews, *Clerk*; John E. Shull, *Principal*. District No. 22, Wm. Cummings, Richard Newman, James Harrington.

### THE FIRST NATIONAL BANK OF HOOSICK FALLS

Was organized April 10, 1880; commenced business May 3, 1880, with a capital of \$60,000, and is the only institution of the kind in the town. The following named are its officers: *President*, T. J. Wallace; *Vice President*, C. A. Cheney; *Cashier*, Addison Getty; *Directors*, Hon. Walter A. Wood, Addison Getty, A. L. Johnston, J. Russell Parsons, Benj. V. Quackenbush, S. S. Stevens, T. J. Wallace, E. P. Markham, J. M. Rosebrooks, C. Q. Eldredge, Benj. M. Herrington, Wm. S. Nicholls, Charles A. Cheney.

### THE HOOSICK FALLS CEMETERY ASSOCIATION

Was formed March, 1854, and twelve acres of land were purchased near the south bounds of the village. Its officers are: *President*, J. R. Parsons; *Trustees*, Walter A. Wood, S. S. Stevens, J. M. Rosebrooks, Geo. A. Willis, H. K. McLean; *Board of Superintendents*, J. R. Parsons, Geo. A. Willis, H. K. McLean.

### HOOSICK FALLS GAS LIGHT COMPANY.

Incorporated July, 1872; capital \$30,000; *President*, Walter P. Warren; *Vice President and Secretary*, C. A. Cheney; *Treasurer*, Willard P. Parsons.

### THE HOOSICK FALLS ELECTRIC LIGHT AND POWER CO.

The most notable public improvement in Hoosick Falls since our last issue, has been the introduction of the irrepressible Electric Light, which now gives a city-like appearance to the streets and a consequent prestige to the village.

The organization of this Company is due to its inventive and energetic president, Hon. S. D. Locke, whose active mind has ever been directed to the business interests and general welfare of Hoosick Falls. Much credit is also due J. T. Sawyer, Esq., its able manager, who has had charge of its construction, for the successful manner in which this work has been done.

The lighting of streets and houses by electricity, and its effectiveness as a motive power are no longer a matter of experi-

ment, but a fixed fact! It has come to *stay*, and is now only in its infancy. Time alone will be able to determine its great possibilities. But we *do* know that it is a pleasant, uniform and convenient light. The brilliancy of arc lights upon the streets, practically turns the night into day.

The Hoosick Falls Electric Light and Power Co. is now doing a general Arc and Incandescent Lighting and Power business. This Company light the streets under a contract, for a term of years, and now has contracts for 1000 incandescent lights for commercial and domestic purposes.

The Thompson-Houston system is used, and the plant has a capacity of 100 Arc Lights of 1200 candle power.

Steam is now used, but will be replaced by water power, as soon as the dam, which is in the course of construction, is completed. The abutments for the dam, the headgates, waste weir, and boom, with their several piers are now completed, as are also the head-race and the tail-race. A substantial brick station 90 by 35 feet has been erected on heavy stone foundations, enclosing a wheel pit of similar dimensions. In this wheel pit have already been placed four large horizontal Victor Water Wheels, so arranged on a single shaft that either wheel may be run separately or any number or all of them worked together. A boiler house 50 by 35 feet has also been completed. We venture to say that this privilege and plant are the finest of any of its size in the country. The officers of the company are: Hon. S. D. Locke, *President*; F. A. Sawyer, *Treasurer*; J. T. Sawyer, *General Manager*. Treasurer's office 24 Plum St., Portland, Me.; Electric Works, Hoosick Falls, N. Y.

## CHURCH DIRECTORY.

### ST. MARK'S CHURCH.

This parish was organized in 1833, under the ministrations of the Rev. Nathaniel O. Preston. It was incorporated under the laws of the state, Nov. 1, 1834. The meeting for incorporation was presided over by the Rev. N. O. Preston. Geo. M. Tibbits and Dr. Salmon Moses were elected wardens; L. Chandler Ball, Jonathan Eddy, Jr., Geo. M. Tibbits, Dr. Salmon Moses, Harry Patterson, Seth Parsons, Samuel Shaw Crocker and Hezekiah Munsell, Jr., vestrymen.

The parish continued to exist in a very uncertain condition till 1858, when a new organization was effected. The corner stone of the church was laid in the summer of 1858, by the Rt. Rev. Horatio Potter. The first services in the church were held on Sunday, Aug. 26, 1860. The church was consecrated May 5, 1863. The church was partially destroyed by fire in 1886. It was restored the same year and enlarged in 1888-89. This church contains a town-clock and fine chime of bells, some beautiful carved work in wood, and handsome furnishings.

The rectors of the parish have been the Rev. Nathaniel O. Preston, 1833-38; the Rev. Ebenezer Williams, the Rev. Jas. Henry Morgan, 1861-63; the Rev. Geo. A. Weeks, 1863-65; the Rev. Geo. H. Nicholls, 1865-81; the Rev. Geo. D. Silliman, Oct. 1, 1881, now rector. On Nov. 10, 1881, the Rev. Geo. H. Nicholls was elected "Rector Emeritus."

Officers: *Senior Warden*, The Hon. Walter A. Wood; *Junior Warden*, J. Russell Parsons; *Vestrymen*, J. G. Darroch; (*Treasurer*) Camp Keller, Wm. S. Nicholls, M. D. Greenwood, Isaac A. Allen (*Clerk*), Dr. S. A. Skinner, Willard P. Parsons, Horace H. Barnes, J. Hobart Warren.

#### THE METHODIST EPISCOPAL CHURCH AT HOOSICK FALLS.

This society was legally incorporated April 12, 1858. On that day the members of the congregation assembled at the place of worship, the meeting house of the Warren society, and elected Stephen Williams, William A. Stoney, John V. Carney, Jesse F. Dunham and Asa Colgrove "trustees of the Methodist Episcopal society at the village of Hoosick Falls." In 1860 a frame church edifice was erected on Main street, in which services were first held on Christmas day of that year, at which time it was dedicated, the Rev. J. E. King, D. D., preaching the sermon on the occasion. The building cost about \$3,300, and had a seating capacity for 300 persons. It was further enlarged in 1877. A fine toned bell, weighing 1866 pounds and costing \$642, was placed in the belfry of this church in the summer of 1874. In 1887, during the pastorate of the Rev. C. W. Rowley, Ph. D., it was determined to build a new church, the old one having been outgrown. The Russell homestead was purchased, the old house converted into a par-

sonage, and the corner stone of a new church laid Oct. 20, 1887. This edifice was completed in about a year, at a cost including furnishing of about \$30,000; the value of the entire property, lot, parsonage and church, being about \$40,000. This building was dedicated Oct. 31st, 1888, the Rev. Bishop E. G. Andrews, D. D., LL. D., preaching in the morning, and the Rev. Merritt Hulbard, D. D., of New York, in the evening. The society is a strong and flourishing organization, having a present membership of over 400 persons. The pastors of the church have been the following: The Rev. Reuben Washburn, 1858; the Rev. Joseph Eames, 1859; the Rev. Jesse Brown, 1860; the Rev. A. Viele, 1861-62; the Rev. B. B. Loomis, 1863-66; the Rev. William H. Washburn, 1866-69; the Rev. George C. Morehouse, 1869-72; the Rev. J. K. Wager, 1872-74; the Rev. M. A. Senter, 1874-76; the Rev. Geo. Skene, 1876-79; the Rev. William H. Meeker, 1879-82; Rev. Damas Brough, 1882-83; Rev. Edwin P. Stevens, 1883-86; Rev. C. W. Rowley, Ph. D., 1886-88; Rev. H. A. Starks, 1888 to the present time. The officers of the church are as follows: *Trustees*, William Kelyer, S. D. Locke, S. J. Phillips, H. K. McLean, E. P. Markham, C. W. Easton, H. A. Holmes; *Stewards*, E. P. Markham, A. M. Stockwell, E. W. Stillman, J. C. Shaw, H. S. Hawthorn, J. M. Eldredge, H. R. Cole, John Stevenson, S. S. Abbott, B. L. Darby, C. B. March, W. E. Heaton, W. W. Shaw; *Leaders*, William Kelyer, David Darling, W. L. Hegeman, Abraham De Long, M. E. Brimmer, B. G. Ladd, J. A. Clark; *Ushers*, M. W. Phillips, G. P. Markham.

Sunday School officers: *Superintendent*, E. P. Markham; *Assistant Superintendents*, Wm. Kelyer, B. G. Ladd, Mrs. E. J. Harding; *Secretary*, M. W. Phillips; *Treasurer*, Mrs. B. L. Darby; *Librarian*, I. B. Surdam; *Assistant Librarians*, Geo. Colgrove, E. Preston Markham; *Chorister*, Frank Senter; *Assistant Chorister*, Geo. A. Link; *Organist*, Miss Lillian Easton.

#### THE CHURCH OF THE IMMACULATE CONCEPTION.

The first masses were celebrated here in 1834, by Rev. J. Shanahan, in the old school on Elm street, and in the Baptist church (then used as a union church). Rev. J. B. Dailey attended this place in 1836-7, and subsequently Rev. Fathers Haverman, Farley, Finnely and Quigley, officiated, until 1849, and in that year,

Rev. Hugh Quigley built a church on Church street, which was afterwards enlarged by Rev. John McDermott, who officiated until 1862, assisted by Rev. Father Cahill.

In 1862, the Augustinian Fathers took charge of the parish. Rev. J. A. Darragh, O. S. A., was appointed first pastor, assisted by Rev. E. Mullen, O. S. A., and remained in charge until 1865, when Rev. E. A. Dailey, O. S. A., was appointed pastor, and remained in charge until 1874.

The church proving too small for the increasing congregation, the corner-stone of a new church on Main street was laid, Aug. 15, 1869, by Very Rev. E. P. Wadhams, V. G., of Albany. It was dedicated Dec. 10, 1871, by Very Rev. T. Galberry, Com. Gen'l of the Augustinians. A bell, weighing 2,960 lbs., was placed in the tower of the church, Aug., 1872.

In July, 1874, Rev. J. D. Waldron, O. S. A., was appointed pastor, and is now assisted by Rev. D. J. O. Mahoney, O. S. A.

A new organ built by Johnson & Son was placed in the church, Aug. 15, 1881. The present edifice is a substantial brick structure with stone trimmings, and cost \$40,000; proving too small for the congregation, it was subsequently enlarged at a cost of \$18,000, giving two transepts, vestries and a large sanctuary, making the church cruciform, which greatly adds to its appearance. Its seating capacity has been increased from 650 to 1050.

It was re-dedicated Sept. 28, 1884, by Rt. Rev. Francis McNeirny, D. D., Bishop of Albany, assisted by Rt. Rev. J. F. Shanahan, D. D., Bishop of Harrisburg, Pa., who preached the dedicatory sermon. The Sunday school attendance is 500, with 50 teachers.

#### PRESBYTERIAN CHURCH OF HOOSICK FALLS.

On the 5th of January, 1825, a number of the inhabitants of Hoosick Falls assembled at the Warren meeting house, on Main street, and there organized a religious society by the name of the "Presbyterian society of Hoosick," and elected the following persons trustees: Timothy Graves, Garret T. Breeze, John March, Harry Patterson, Samuel Burrell and Robert Haswell. In 1829 the congregation erected on Church street, a frame meeting house, which, when finished, was dedicated by the Rev. N. S. S. Beman, D. D., of Troy, the Rev. A. Peters of Bennington, Vt., and other Presbyterian ministers. This building cost about \$1,800

and had seats for about 300 persons. In 1854 the old building was removed, and the present church edifice was erected at a cost of about \$7,000 and having a seating capacity for about 500 persons. It was dedicated in the spring of 1854, the Rev. N. S. S. Beman, D. D., LL. D., of Troy, the Rev. J. H. Noble, D. D., of Schaghticoke, and the Rev. A. M. Beveridge officiating. The membership of the church is about 165, and the Sunday school 185. The first Sunday school of Hoosick Falls was organized in 1825 by persons belonging to this congregation and those connected with the Warren society. Seth Parsons was the first superintendent.

The church edifice was enlarged and improved in 1879, at an expense of \$6,500.

The different pastors of this church have been the Rev. C. Cheever, 1825-26; the Rev. Samuel W. May, 1826-29; the Rev. Robert Shaw, 1830-31; the Rev. Luther P. Blodgett, 1831-36; the Rev. Leonard Johnson, 1837-39; the Rev. Thomas Gordon, 1841-50; the Rev. A. M. Beveridge, 1851-58; the Rev. A. De Witt, 1859-65; the Rev. A. B. Lambert, D. D., 1865-68, and the Rev. John Tatlock, D. D., 1868 to present time.

*Pastor*, Rev. John Tatlock, D. D.; *Elders*, H. H. Parsons, E. R. Estabrook, S. S. Stevens, W. Stevens, E. Leonard, J. Quackenbush, J. A. Graves, E. S. Abel, I. H. Bovie; *S. S. Superintendent*, W. Stevens; *Trustees*, S. S. Stevens; *Clerk*, T. J. Wallace; *Treasurer*, A. Getty; *Collector*, W. H. Copeland; Adin Thayer, Jr., E. R. Estabrook, J. M. Rosebrooks.

#### FIRST BAPTIST CHURCH AT HOOSICK FALLS.

The First Baptist church of Hoosick Falls was organized Oct. 30, 1847. On the 8th of May, 1851, at a meeting held at the place of worship, John Lyon, Jonathan Case, Allen Spencer, Hosea Daniels and Edmund Leonard were elected trustees of the Hoosick Falls Baptist church. The certificate of incorporation is dated May 16, 1851.

The following have been the pastors of the church: The Rev. John M. Gregory, 1847-50; supplies for several years, the Revs. Grant and Thos. Rogers from Hoosick Corners; the Rev. O. C. Kirkham, 1860-63; the Rev. Thos. Rogers, the Rev. William A. Doolittle, the Rev. William Wilcox, the Rev. William Garnet, 1867-69; the Rev. E. T. Hunt, 1869-73; the Rev. A. B. Whipple,

1872-74; the Rev. H. W. Webber, 1874; the Rev. H. A. Morgan, 1875-76; 1876-1888, the Rev. George R. Robbins.

This congregation until recently occupied what was called "The Meeting-house" of the Warren society, erected in 1800. During the year 1884 a beautiful and commodious house of worship was built at a cost of \$12,159.55, with a seating capacity of seven hundred. The building was designed by architect J. R. Thomas, of New York. It was dedicated Oct. 31, 1884. The Rev. H. M. King, D. D., of Albany, Rev. G. C. Baldwin, D. D., of Troy, Rev. H. O. Hiscox of Troy, and Rev. John Humpstone, of Brooklyn, officiating. The membership at present of the church is 428, and of the Sunday school, 425. The entire value of the church property is \$20,000. The present officers are: *Pastor*, A. Chapman; *Deacons*, E. P. Alden, M. W. Burdick, Walter Scott, L. E. Worden; *Clerk*, M. W. Burdick; *Assistant Clerk*, E. A. Welch; *Treasurers*, P. McKearin, B. M. Wilkinson; *Trustees*, M. W. Burdick, C. A. Cheney, J. M. Carpenter, G. F. Rising, G. A. Willis; *Collector*, Fred. Gifford; *Organist*, Mrs. C. V. L. Platto; *Leader of singing*, Mrs. Frank Weller.

## ORGANIZATIONS AND SOCIETIES.

### THE W. A. WOOD MOWER AND REAPER BAND,

Connected with Wood's Opera House, is a favorite institution with the citizens of Hoosick Falls, and is sustained very largely by the generous contributions of Hon. Walter A. Wood. The band was organized in 1859 and incorporated under state law, 1887. The band as an organization joined the 2d Vermont Regiment during the war of 1861-65. They have a fine hall and a valuable set of instruments. Chas. F. Moon is the present leader.

### POST WOOD G. A. R., NO. 294.

This organization was effected Oct., 1882, and now numbers nearly 100 members, amply provided with uniforms and side arms. Grand Army Hall is well worthy of a visit; upon entering the main hall, which is neatly carpeted, you are at once inspired by the memories of the late civil strife. The walls are adorned with mili-

tary etchings from life executed by the artist Forbes, presented by Hon. Walter A. Wood, with a life size oil painting of himself, and twenty-seven army corps badges inscribed on flags. In the center of the hall is a miniature castle with parapets equipped and manned. A commissary department, presided over by William Cronin, is utilized on festive occasions; a library and sociable room adjoins the hall where the members indulge in conversation and games; taken altogether it is one of the most welcome halls we have seen. Its present officers are:—*Commander*, Geo. A. Willis; *Senior Vice Commander*, Joseph A. Hale; *Junior Vice Commander*, P. Lahaney; *Chaplain*, David Darling; *Surgeon*, Harvey Tiffany; *Q. M.*, T. A. Fleming; *O. of the D.*, Wm. McCarthy; *O. of the G.*, A. Frier; *Trustees*, Geo. A. Willis, Mason Drury, Dennis Healy; *Counsel Administration*, Henry Harrison, Chas. Sexton, Ira Hawthorn, Milo P. Norton, D. W. Eddy; *Relief Committee*, Jos. Hale, Henry Harrison, David Darling.

#### THE HOOSICK FALLS VETERAN SOLDIERS' ASSOCIATION

Was organized May 30th, 1875, for the purpose of grouping together the soldiers of the town, securing annual decoration services, and preserving in every suitable way, the memories of the war. The association owns a burial lot in Maple Grove Cemetery, for the interment of soldiers. Under the auspices of the association, the fine monument standing near the intersection of Classic and High streets, was erected with becoming ceremonies, May 30, 1878, at a cost of \$1,500. Of this amount, \$1,200 was raised by the association with the aid of citizens, and \$300 appropriated by the town. The site on which it stands is known as Monumental Park, and was donated by the village.

To the energy, zeal and patriotism of this organization, are the citizens indebted for this fitting tribute to Hoosick's fallen sons. This association has recently united itself to the G. A. R., and no longer exists as a separate organization.

#### C. H. BYERS CAMP 90, SONS OF VETERANS.

*Captain*, E. C. Byers; *1st Lieut.*, H. E. Hallenbeck; *2d Lieut.*, A. F. Frier, Jr.; *Camp Council*, M. J. Earley, L. A. Ashton,

Louie Wilcox; *Chaplain*, M. R. Jones; *1st Serg.*, E. F. Cooley; *Qr. Master Serg.*, Wm. B. Norton; *Serg. of Guard*, Perley Barber; *Color Serg.*, Chas. Warner; *Musician*, Henry C. Meyers; *Corp. of Guard*, Gilbert Woodworth; *Camp Guard*, James Moore; *Picket Guard*, Fred Bain.

#### THE NEW ARMORY OF THE CITIZEN'S CORPS, 32nd SEPARATE COMPANY.

N. G. S. N. Y., now being erected, is the grand result of zealous efforts on the part of a few of Hoosick's leading citizens, who obtained an appropriation from the state, as well as the approving signature of the Governor. Its cost when completed will be about \$40,000, and the building will add much to the beauty and dignity of the village, and is a deserved tribute to one of the finest military organizations of the state. The 32nd Separate Company was mustered in the National Guard with the highest recommendation, March 20, 1885, and has connected with it the splendid Citizens' Corps Band of 30 pieces, of which H. S. Surdam is the leader. The appearance and drilling of the company at the New York State Encampment in 1888, commanded the highest praise from Gen. R. H. Jackson of the U. S. Army, who inspected the troops. His opinion is contained in the following extract of his report: "The 32d Separate Company, from Hoosick Falls, was, without doubt, the best drilled company in camp this year; its manual of arms, marching, etc., were as near perfection as possible; it was a pleasure to see it on the drill ground, and to observe how well and without noise, the guides and file closers performed their duties." The officers of the company are: *Capt.*, C. W. Eddy; *First Lieut.*, F. L. Stevens; *Second Lieut.*, George H. Walden; *Surgeon*, Lourie Ashton.

#### THE FATHER MATHEW TOTAL ABSTINENCE SOCIETY

Was established in 1870, and has 200 members, who exert a wholesome influence in the town by their activity and example. Rev. J. D. Waldron is spiritual director. The purposes of the society are clearly explained by the following extract from the constitution and by-laws:—

1. To promote temperance in all, by advice and example.
2. To edify our lukewarm brethren and bring them to the practice of virtue and religion.

3. To relieve the wants of sick members of the society, and to bury the dead.

4. To promote concord and harmony among all men, and particularly among ourselves.

The rooms are located in Wood's block, on Classic street, and are neatly furnished, and have a library of 300 volumes, and a number of daily and weekly papers, and are open every evening. Its officers are: *President*, Jeremiah Shea; *Vice President*, James Shea; *Recording Secretary*, James Seward; *Corresponding Secretary*, Patrick Burns; *Financial Secretary*, J. Flood; *Treasurer*, Thomas B. Keefe.

#### THE CONTINENTAL TEMPLE OF HONOR, NO. 21.

Was organized about 1880, has a membership of 185, and wields a healthy influence in the community. Meetings are held every Monday evening at Temple of Honor Hall. Its present officers are:—*W. C. T.*, John Wright; *W. V. T.*, Wm. Hollis; *W. R.*, R. N. Brown; *W. A. R.*, Burke Surdam; *W. F. R.*, Geo. Colgrove; *W. T.*, H. C. Milliman; *W. U.*, R. Snow; *W. D. U.*, Robert Patterson; *W. C.*, Wm. Eldredge; *W. S.*, Sidney Bump; *W. G.*, C. Haley; *P. W. C. T.*, Theo. Russell.

#### MASONIC DIRECTORY.

##### VAN RENSSELAER LODGE NO. 400, F. & A. M.

In 1856 a small band of eight Master Masons obtained a dispensation from Grand Master John L. Lewis, to form a new lodge to be called Van Rensselaer Lodge, No. 400. The first meeting was held Feb. 26, 1856. A warrant was granted July 1, 1856, and the lodge instituted and officers installed Aug. 21, 1856, since which time the membership has rapidly increased. The stated communications are first and third Tuesdays of each month. Its present officers are as follows: *Master*, Geo. D. Edmonds; *S. W.*, P. McKearin; *J. W.*, J. G. Byars, Jr.; *Treas.*, James Waddell; *Sec.*, J. E. Estabrook; *S. D.*, William Robertson; *J. D.*, M. J. Early; *M. of C.*, W. A. Hay and John Pierce; *Tyler*, F. K. Hawthorn; *Marshal*, Thomas A. Harrington; *Chaplain*, Rev. H. H. Murdock; *Trustees*, L. B. Ball (3 years), P. McKearin, H. S. Hawthorn.

## RAYMOND CHAPTER NO. 248, R. A. M.,

Held their first convocation U. D., Feb. 18, 1869. The dispensation was renewed June 18, 1870; and on February 8, 1871, a charter was granted by the Grand Chapter; since which time the chapter has been in a very flourishing condition, and has received deserved recognition from the Grand Chapter by the appointment of M. K. Companion J. L. Lambert, Past High Priest, as Grand Lecturer of the Grand Chapter of the state of New York. The following are the present officers: *H. P.*, P. McKearin; *K.*, Frederick Beardsley; *S.*, John White; *Treas.*, Charles C. Spencer; *Sec.*, James Waddell; *C. of the H.*, John H. Sterritt; *P. S.*, James A. Beckett; *R. A. C.*, Charles A. Parker; *M. of 3d V.*, H. C. Milliman; *M. of 2d V.*, E. B. Leonard; *M. of 1st V.*, Romain Bennett; *Tyler*, F. K. Hawthorn; *Trustees*, James A. Beckett (3 years), H. H. Barnes, H. S. Hawthorn; *Finance Committee*, James A. Beckett, M. V. B. Peters.

Regular convocation, second and fourth Fridays of each month.

## ODD FELLOWS DIRECTORY.

## UNITED LODGE, 509, I. O. O. F.

Instituted 1886. Meet every Tuesday evening at Temple of Honor Hall. *N. G.*, A. Abram; *V. G.*, W. M. Warner; *Sec.*, Marshall McDowell; *Permanent Sec.*, George Northup; *Treas.*, Horace Mathews; *Trustee* (3 years), Marvin H. Whittaker.

## KNIGHTS OF PYTHIAS.

## STAR LODGE, 155.

Organized in 1879. Its officers are: *O. C.*, P. M. Waldron; *V. C.*, Edward Snellgrove; *Prelate*, Wm. Powell; *M. of E.*, A. Abram; *M. of F.*, A. Jaquith; *K. of R. and S.*, A. Jaquith; *M. of A.*, A. J. Slocum; *I. G.*, Frank Pitney; *P. C.*, Wm. Robertson.

## YOUNG MEN'S CHRISTIAN ASSOCIATION,

Wood's Block, Classic street, have four large rooms fitted up in a very homelike and comfortable manner, and are open week days from 9 A. M. to 9.30 P. M. Any man whether member or not is

cordially invited to call and see us. Young men's meeting every Sunday afternoon at 3.30; Boys' Branch meeting Tuesday evening at 7.30; Bible training class, Friday evening at 8 o'clock; Educational classes are conducted week nights. Any young man of good moral character can partake of their privileges by taking out a member's ticket in the association, the cost of which is only \$1 per annum. The officers are:—L. E. Worden, *President*; Hial Parsons, *Treasurer*; W. E. Heaton, *Recording Secretary*; Harry W. Jones, *General Secretary*. The office hours of the General Secretary are:—From 9 to 10.30 A. M., from 1 to 2.15 P. M. and from 7 to 9.30 P. M.

# MARBLE <sup>and</sup> GRANITE

## DIRECT FROM THE QUARRIES.

Mr. E. ESTABROOK, of Manchester Centre, Vt., is interested with the EXCELSIOR GRANITE CO., and has special charge of the road business of the firm. If you are in want of any thing in the line of Cemetery Work, in either Granite or Marble, drop him a line and he will call and show you designs and give you the same prices we should give you here at the Quarries. His address is E. ESTABROOK, Manchester Centre, Vt. Respectfully yours,  
EXCELSIOR GRANITE CO.

## Granite and Marble Monumental Work.

Everything in the line of Cemetery Work, in either American or Imported Marble or Granite Furnished Direct from the Quarries, and set up in the Cemetery and warranted first-class. All work finished at Quarries and shipped direct to customers at nearest Railroad Depot, in car load lots, at Special Rates. With these advantages we can furnish the work at from

### 10 to 20 per cent. LESS THAN LOCAL DEALERS,

And Guarantee the best of Stock and Work. I am traveling most of the time; if you have work to buy drop me a line to the address given below, and it will be forwarded to me, and in my next trip near your place I will call and see you and show you designs and give you prices; or, if you are in a hurry, telegraph at my expense. Address,

# E. ESTABROOK,

Box 9, Manchester Centre, Vermont.

We refer by permission to a few of the parties that we have furnished with Cemetery Work. If you do not know any of these write us and we will send you names of some in your own locality. Respectfully yours, E. ESTABROOK.
