## The Troy Savings Bank

The Troy Savings Bank—a bank of proved strength—is the ideal depository for your funds.

It has been the guardian of the people's savings for nearly a century and is a purely mutual institution conducted solely in the interests of depositors.

Thousands of men and women have accumulated substantial accounts by regularly depositing a fixed portion—sometimes a very small amount—of their earnings every week or month; what others have done you also can do.

## HOOSICK FALLS

**LOCATION**—Hoosick Falls is located in the rolling country 25 miles east of the Hudson River. It lies mostly on the north bank of the Hoosick River and derives its name from the falls of the river at this point. It is 26 miles to Troy, 33 to Albany, 41 to Schenectady, 23 to North Adams, 60 to Greenfield, 165 to Boston, 14 to Bennington 63 to Rutland, 121 to Burlington, 170 to New York. Hoosick Falls is rich in historic lore. A few miles to the east is the site of the famous Battle of Bennington. The Indian tribes traversed this country on their way to and from the Hudson River.

**INDUSTRIAL**—Hoosick has had a famous history industrially, here the great Walter Wood Mower and Reaper Machine plant was located and the decline of this industry was a hard blow. However, Hoosick Falls is recovering and now is entering upon the most vigorous industrial era of its history. There are some fine old substantial industries making paper, paper making machinery, underwear, sweaters, shirts and collars, cigars, dresses, heaters, iron and brass castings, metal stampings, paper boxes, carbonated beverages, brushes, dairy products, furnaces, agricultural machinery parts, radio equipment, lumber, grain products. A number of new industries have come to Hoosick Falls in the past few years making a variety of products that promises to substantially increase the industrial prestige of Hoosick Falls within the next few years. The Hoosick River furnishes a good power here.

**MISCELLANEOUS**—The population covered by this Directory which is contiguous to Hoosick Falls is 12,883. Hoosick Falls township had a population in 1920 of 6,858. In 1925 it had increased to 7,262 so that evidently it reached bottom in its decline in 1920 and is at the present time growing. Hoosick Falls is well paved and issued bonds for \$400,000 to do the work. There are good schools: 6 public schools in Hoosick Falls proper and an equal number in balance of township; there are 3 parochial schools and 1 private school. There are 15 churches. It is on the main line of the Boston & Maine Railroad with stations at Hoosick Falls, Hoosick, Hoosick Junction, East Buskirk, and Eagle Bridge; the Rutland Railroad has stations at Hoosick Junction, North Hoosick and Walloomsac; the Delaware & Hudson has a station at Eagle Bridge. The Hoosick Falls & Bennington Street Railway has been abandoned.

**ADVANTAGES**—Hoosick Falls offers splendid opportunities for residence and business. With its well paved streets, plenty of natural building room, beautiful terrain, three railroads within the township, a good outlying territory for agriculture and trade, water power, remoteness from other trading centers, good banking facilities a well balanced industrial structure, an alert citizenship looking for new industries and with progressive ideas, it is decidedly on the upgrade.

## EVERY CITY

must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Every one has forefathers, these forefathers have made the history of this country, some day you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. The BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

Who  
Appreciates  
Your  
Patronage  
by Letting  
You Use His  
City  
Directory

Who  
Shows His  
Desire That  
You Learn  
the  
Efficiency  
That  
Frequent  
Use Will  
Give to You

Every City must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Every one has forefathers, these forefathers have made the history of this country, some day you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. THE BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

THE CIRCULATION OF THE CITY DIRECTORY EXTENDS TO EVERY CITIZEN OF THIS CITY. The Information Bureaus of the City are for FREE public use and your merchant, banker, physician, dentist, hotel and restaurant and garage man expect that the masses of the people shall without hesitation ask for a look at the City Directory.

---

**LOCATION**—Situated in the southern part of Washington County, 10 miles north of Hoosick Falls and 30 miles northeast of Troy. It is 19 miles to Bennington, 20 to Manchester, 28 to Saratoga, 41 to Lake George, 38 to Albany, 45 to Schenectady, 50 to Rutland.

**TOPOGRAPHY**—Cambridge lies in the Hudson Valley and the rolling terrain of this region is very beautiful and the soil is fertile. A short distance east is the Taconic Range of mountains, which have few equals for their scenic beauty. To the west lies the Hudson Valley and river which at this point is about 40 miles across to the Adirondack Mountains. To the north there is a wide expanse of rolling river valley extending to Lake Champlain 40 miles away. To the south is a vast expanse of river valley extending to the Helderberg and Catskill mountains some 60 miles distant. This section of the Hudson River valley is not surpassed in beauty and as a place for human habitation anywhere in the country. Great spreading elms and maples shade the wide smooth streets and the neat well kept homes.

**TRANSPORTATION**—Roads leading in all directions are improved and furnish easy access to Cambridge from all important centers. The proposed Saratoga Springs—Bar Harbor Super Highway would serve Cambridge and would do much to enhance its property and business interests. The Rutland Division of the Delaware & Hudson Railroad furnishes passenger and freight facilities.

**EDUCATIONAL**—There is a high school and six grade schools in the Cambridge school system. The Cambridge Union School is well known and respected for its high scholastic and athletic standing throughout the adjacent territory. The library has 7,705 volumes. The school of nursing in connection with McClellan Hospital gives a four year course in conjunction with Skidmore college.

**INDUSTRIAL**—The leading industry is the production of garden and field seeds. There are also produced waists and chaplets. Agriculture and dairying is important. Cambridge furnishes all the requirements for new industries and can offer land with railroad sidings to advantage. There is plenty of available land for home building.

**MERCANTILE**—There are about 100 stores and offices in Cambridge. The merchants are progressive. Practically everything desired for the home can be purchased at Cambridge stores. It is a trading center for surrounding country.

**HISTORICAL**—Cambridge and vicinity is rich in Historical and Indian lore. Two of the most important battles of the Revolutionary war were fought within forty minutes walk. The Battle of Bennington was fought at Walloomsac. The Battle of Saratoga fought at Bemis Heights where a state park is now being built. The site of the "Old Checkered House" outside the village limits served as a stopping place for General George Washington while passing through this community. Cambridge has always been among the leaders in patriotism and civic spirit. It furnished its full quota in the Civil and World wars.

THE BEST ADVERTISING MEDIUM IS THE  
**CITY DIRECTORY**

Because It Is Used The Most To Find Just Such  
Information You Most Wish To Have  
The Public Know

**FIRST**—what line of goods you handle. **SECOND**  
—where you are located. Pick up a City Directory  
anywhere, and almost invariably you can tell who  
the progressive, up-to-date merchants and pro-  
fessional men are. There are many brands of  
clothing, shoes, dry goods, groceries, etc. and  
some prefer one kind, some another. What  
better place to state your special brands than in  
the City Directory?

## This Publication is The Product of a Member of

—Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book

and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
