## HOOSICK FALLS

**LOCATION**—Hoosick Falls is located in the rolling country 25 miles east of the Hudson River. It lies mostly on the north bank of the Hoosick River and derives its name from the falls of the river at this point. It is 26 miles to Troy, 33 to Albany, 41 to Schenectady, 23 to North Adams, 60 to Greenfield, 165 to Boston, 14 to Bennington, 63 to Rutland, 121 to Burlington, 170 to New York. Hoosick Falls is rich in historic lore. A few miles to the east is the site of the famous Battle of Bennington. The Indian tribes traversed this country on their way to and from the Hudson River.

**INDUSTRIAL**—Hoosick has had a famous history industrially, here the great Walter Wood Mower and Reaper Machine plant was located and the decline of this industry was a hard blow. However, Hoosick Falls is recovering and now is entering upon the most vigorous industrial era of its history. There are some fine old substantial industries making paper, paper making machinery, underwear, sweaters, shirts and collars, cigars, dresses, heaters, iron and brass castings, metal stampings, paper boxes, carbonated beverages, brushes, dairy products, furnaces, agricultural machinery parts, radio equipment, lumber, grain products. A number of new industries have come to Hoosick Falls in the past few years making a variety of products that promises to substantially increase the industrial prestige of Hoosick Falls within the next few years. The Hoosick River furnishes a good power here.

**MISCELLANEOUS**—The population covered by this Directory which is contiguous to Hoosick Falls is 12,883. Hoosick township had a population in 1920 of 6,858. In 1925 it had increased to 7,262 so that evidently it reached bottom in its decline in 1920 and is at the present time growing. Hoosick Falls is well paved and issued bonds for \$400,000 to do the work. There are good schools: 6 public schools in Hoosick Falls proper and an equal number in balance of township; there are 3 parochial schools and 1 private school. There are 15 churches. It is on the main line of the Boston & Maine Railroad, with stations at Hoosick Falls, Hoosick, Hoosick Junction, East Buskirk and Eagle Bridge; the Rutland Railroad has stations at Hoosick Junction, North Hoosick and Walloomsac; the Delaware & Hudson has a station at Eagle Bridge. The Hoosick Falls & Bennington Street Railway has been abandoned.

**ADVANTAGES**—Hoosick Falls offers splendid opportunities for residence and business. With its well paved streets, plenty of natural building room, beautiful terrain, three railroads within the township, a good outlying territory for agriculture and trade, water power, remoteness from other trading centers, good banking facilities, a well balanced industrial structure, an alert citizenship looking for new industries and with progressive ideas, it is decidedly on the upgrade.

### UNITED STATES COPYRIGHT LAW

In force on and after July 1, 1909

Section 28. That any person who wilfully and for profit shall infringe any copyright secured by this Act, or who shall knowingly and wilfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

THE BEST ADVERTISING MEDIUM IS THE

## CITY DIRECTORY

Because It Is Used The Most To Find Just Such  
Information You Most Wish To Have  
The Public Know

FIRST—what line of goods you handle. SECOND—where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc., and some prefer one kind, some another. What better place to state your special brands than in the City Directory?

# MANNING'S Hoosick Falls Numerical Street Directory 1940

Copyright 1940, by H. A. Manning Co.

Containing a full list of streets and roads, with the dwellings and stores located thereon. Residences and places of business are designated by their street numbers, numerically arranged, indexing at ends of street names refer to map. Where houses are not numbered the householders are arranged in the order that they come on the street. Figures in parentheses, following names, indicate number of rooms in building.

### THE BEST ADVERTISING MEDIUM IS THE **CITY DIRECTORY**

Because It Is Used The Most To Find Just Such  
Information You Most Wish To Have

The Public Know

**FIRST**—what line of goods you handle. **SECOND**—where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc., and some prefer one kind, some another. What better place to state your special brands than in the City Directory?

43 MAIN STREET

HOOSICK FALLS, N. Y.

# CAMBRIDGE

---

**LOCATION**—Situated in the southern part of Washington County, 10 miles north of Hoosick Falls and 30 miles northeast of Troy. It is 19 miles to Bennington, 20 to Manchester, 28 to Saratoga, 41 to Lake George, 38 to Albany, 45 to Schenectady, 50 to Rutland.

**TOPOGRAPHY**—Cambridge lies in the Hudson Valley and the rolling terrain of this region is very beautiful and the soil is fertile. A short distance east is the Taconic Range of mountains, which have few equals for their scenic beauty. To the west lies the Hudson Valley and river which at this point is about 40 miles across to the Adirondack Mountains. To the north there is a wide expanse of rolling river valley extending to Lake Champlain 40 miles away. To the south is a vast expanse of river valley extending to the Helderberg and Catskill mountains some 60 miles distant. This section of the Hudson River Valley is not surpassed in beauty and as a place for human habitation anywhere in the country. Great spreading elms and maples shade the wide smooth streets and the neat well kept homes.

**TRANSPORTATION**—Roads leading in all directions are improved and furnish easy access to Cambridge from all important centers. The proposed Saratoga Springs—Bar Harbor Super Highway would serve Cambridge and would do much to enhance its property and business interests. The Rutland Division of the Delaware & Hudson Railroad furnishes passenger and freight facilities.

**EDUCATIONAL**—There is a high school and six grade schools in the Cambridge school system. The Cambridge Union School is well known and respected for its high scholastic and athletic standing throughout the adjacent territory. The library has 7,705 volumes. The school of nursing in connection with McClellan Hospital gives a four-year course in conjunction with Skidmore college.

**INDUSTRIAL**—The leading industry is the production of garden and field seeds. There are also produced waists and chaplets. Agriculture and dairying is important. Cambridge furnishes all the requirements for new industries and can offer land with railroad sidings to advantage. There is plenty of available land for home building.

**MERCANTILE**—There are about 100 stores and offices in Cambridge. The merchants are progressive. Practically everything desired for the home can be purchased at Cambridge stores. It is a trading center for surrounding country.

**HISTORICAL**—Cambridge and vicinity is rich in Historical and Indian lore. Two of the most important battles of the Revolutionary war were fought within forty minutes walk. The Battle of Bennington was fought at Walloomsac. The Battle of Saratoga was fought at Bemis Heights where a state park is now being built. The site of the "Old Checkered House" outside the village limits served as a stopping place for General George Washington while passing through this community. Cambridge has always been among the leaders in patriotism and civic spirit. It furnished its full quota in the Civil and World wars.

# Advertising Costs Money

One of the stock alibis of persons who do not advertise or register their business strongly in the Directory is that advertising is an expense.

Of course it is. So is window trimming, lighting, heating, telephone service, postage, rent, cost accounting, price tags and almost everything else that helps to sell merchandise or service.

Yet no business man attempts to get along without these necessities. And most of them are advertising in one form or another.

Attractive windows are effective advertising only to those who pass the merchant's place of business. An inviting interior, good lighting arrangement and price tags reach only those who come through the door.

But no merchant who wants to maintain even his present volume of business, to say nothing of increasing it, can hope to continue for very long, in the face of advertised competition, without some aggressive program to attract NEW customers—and when getting them also serving them with a directory handy for use.

Of course it costs money to advertise. But it may easily cost more money to lose that volume of business which is necessary to operate at a profit.

An intelligently planned and executed advertising campaign in the City Directory is within the reach of almost every merchant, professional man and institution. The City Directory is used millions of times annually, and costs less than one thousandth of a cent per user—the least expensive publicity ever devised.

THE BEST ADVERTISING MEDIUM IS THE

**CITY DIRECTORY**

Because It Is Used The Most To Find Just Such Information  
 You Most Wish To Have The Public Know

FIRST—what line of goods you handle. SECOND—where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc. and some prefer one kind, some another. What better place to state your special brands than in the City Directory?

# MECHANICVILLE

---

**LOCATION**—Mechanicville lies on the western bank of the Hudson River, 160 miles from its mouth. The location is ideal with plenty of rolling building land and its proximity to labor and industrial markets is favorable. It is 13 miles to Troy, 20 miles to Albany, 18 miles to Schenectady, 160 miles to New York, 223 miles to Boston, 870 miles to Chicago, 200 miles to Montreal, and 85 miles to tide water in the Hudson River.

**POPULATION**—Mechanicville had a population in 1930 of 7,924, and the present population is estimated to be about the same. The trading population is about 25,000. 70% of the population is native born and the predominating nationalities are English, Irish and Italian. The colored population is 50. Population of Stillwater in 1930 was 3,942.

**TRANSPORTATION**—Mechanicville is an important railroad center with immense freight yards of the Boston & Maine and Delaware & Hudson Railroads. The Boston & Maine Railroad gives direct service to New England points, and the Delaware & Hudson Railroad to Canada and into Pennsylvania. The assets of these two railroads, from a transportation standpoint, are exceptional. There are many splendid highways in all directions. Bus lines to near cities and towns.

**INDUSTRIAL**—There are fifteen industries, employing about 1,250 men and 400 women, with an annual payroll of \$1,500,000 and annual production of \$7,000,000. The following are some of the principal products: ice cream, bricks, bedding, couches, shirts, cigars, furniture, knit underwear, paper boxes, pajamas, plumbing specialties, children's clothing, steel goods, sweaters, pulp and paper. There is water power developed from a dam across the Hudson River. There is probably no better location for an industrial development in the State of New York than exists at Mechanicville.

**EDUCATIONAL**—There are six public schools with a registration of 2,011 pupils. There is one parochial school with a registration of 350 pupils. There are 93 teachers. The value of all school property is \$1,035,000. The Public Library has 10,000 volumes.

**MISCELLANEOUS**—There is one park with ten acres, values at \$40,000; 1 bank; the post office receipts are about \$28,000 annually. There are 14 miles of streets with 7 miles paved, 10 miles of gas mains and 13 miles of sewer mains. There is a municipal water works with a daily average pump of 700,000 gallons and 17 miles of water mains, value of plant exceeds \$1,000,000. The fire department employs 185 under the volunteer system and 4 station houses. There is quite an efficient police department of 10 men and one central station.

**THE BEST ADVERTISING MEDIUM IS THE**  
**CITY DIRECTORY**Because It Is Used The Most To Find Just Such  
Information You Most Wish To Have

The Public Know

**FIRST**—what line of goods you handle. **SECOND**—where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc., and some prefer one kind, some another. What better place to state your special brands than in the City Directory?

# MANNING'S

## Schaghticoke Alphabetical Directory

### 1940

Copyright 1940, by H. A. Manning Co.

Township in Rensselaer County bordering on Troy to north and east. Population 2,949. Boston and Maine Railroad with stations at Schaghticoke, West Valley Falls, Melrose, East Schaghticoke, Valley Falls. Rutland Railroad with stations at Melrose, East Schaghticoke and Melrose. Villages and settlements, East Schaghticoke, Factory Hollow, Melrose, Reynolds, Schaghticoke, Schaghticoke Hill, Valley Falls, West Valley Falls. Post Offices: Melrose, Schaghticoke, R D's from Buskirk, Valley Falls, Johnsonville, Speigletown, Pleasantdale.

#### PUBLISHERS' NOTICE

The information in this directory is obtained as far as possible by actual canvass, and is compiled in a way to insure maximum accuracy. While the publishers will in no way be held responsible for any errors that may occur, they will be pleased to have any inaccuracies called to their attention for correction in succeeding editions.

#### TO FIND A NAME YOU MUST KNOW HOW TO SPELL IT

There are many ways of spelling some names with practically the same pronunciation.

**Abbreviations:** In the following pages, asso, association; av, avenue; blk, block; bldg, building; bkpr, bookkeeper; c, corner; ct, court; do, ditto; emp, employed; h, house; mls, miles; n, near; N Y T Co, New York Telephone Co; o c, outside city; opp, opposite; opr, operative and operator; pl, place; rd, road; ry, railway; sq, square; rem, removed; r, rooms; sten, stenographer; supt, superintendent; treas, treasurer; ter, terrace; R D, rural delivery; E, East; N, North; S, South; W, West; wid, widow; dist, district.

**Asterisk after name designates property owners**
