It Complements All Other Publicity and Advertising Features In Your Budget

HOOSICK FALLS

LOCATION—Hoosick Falls is located in the rolling country 25 miles east of the Hudson River. It lies mostly on the north bank of the Hoosick River and derives its name from the falls of the river at this point. It is 26 miles to Troy, 33 to Albany, 41 to Schenectady, 23 to North Adams, 60 to Greenfield, 165 to Boston, 14 to Bennington, 63 to Rutland, 121 to Burlington, 170 to New York. Hoosick Falls is rich in historic lore. A few miles to the east is the site of the famous Battle of Bennington. The Indian tribes traversed this country on their way to and from the Hudson River.

INDUSTRIAL—Hoosick has had a famous history industrially; here the great Walter Wood Mower and Reaper Machine plant was located and the decline of this industry was a hard blow. However, Hoosick Falls is recovering and now is entering upon the most vigorous industrial era of its history. There are some fine old substantial industries making paper, paper making machinery, underwear, shoes, cigars, dresses, heaters, iron and brass castings, metal stampings, paper boxes, carbonated beverages, brushes, dairy products, furnaces, felt, agricultural machinery parts, radio equipment, lumber, grain products. A number of new industries have come to Hoosick Falls in the past few years making a variety of products that promises to substantially increase the industrial prestige of Hoosick Falls within the next few years. The Hoosick River furnishes a good power here.

MISCELLANEOUS—The population covered by this Directory which is contiguous to Hoosick Falls township is about 8,500. The population in 1925 had increased to 7,262 so that evidently it reached bottom in its decline in 1920 and is at the present time growing. Hoosick Falls is well paved and issued bonds for \$400,000 to do the work. There are good schools: 6 public schools in Hoosick Falls proper and an equal number in balance of township; there is 1 parochial school and 1 private school. There are 15 churches. It is on the main line of the Boston & Maine Railroad, with stations at Hoosick Falls, Hoosick, Hoosick Junction, East Buskirk and Eagle Bridge; the Rutland Railroad has stations at Hoosick Junction, North Hoosick and Walloomsac; the Delaware & Hudson has a station at Eagle Bridge. Busses give service to adjacent large cities and suburban towns.

ADVANTAGES—Hoosick Falls offers splendid opportunities for residence and business. With its well paved streets, plenty of natural building room, beautiful terrain, three railroads within the township, a good outlying territory for agriculture and trade, water power, remoteness from other trading centers, good banking facilities, a well balanced industrial structure, an alert citizenship looking for new industries and with progressive ideas, it is decidedly on the upgrade.

MANNING'S HOOSICK FALLS AND TOWNSHIP

Situated on the Hoosick River from which an excellent power is furnished for running its large manufacturing industries. It lies 27 miles northeast of Troy and 164 miles from Boston on the Fitchburg Division of the Boston & Maine Railroad. Population of township about 8,000.

This is the Sign of the Progressive Merchant

Every City must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Everyone has forefathers, these forefathers have made the history of this country; someday you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. The **BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND IN NO OTHER PLACE.** That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

HOOSICK FALLS-BENNINGTON CITY DIRECTORY

Its Purpose — — Its Meaning

To You Personally—To Your Family—To Your Neighborhood—
To Your Business Group—To Your Social Group—To Your City
and ALL Its Interests

THE MODERN TOWN CRIERS

A Vast Army in Hoosick Falls-Bennington Uses the City Directory

It is estimated that more than 300 persons consult the Hoosick Falls-Bennington Directory every daylight hour of every working day. This is equivalent to one user every 10 seconds or 3,000 users per day, over 1,000,000 per year.

1,000,000 CIRCULATION per ANNUM

Gradually increasing as the real value of this Directory becomes better known to Future Generations

A real strong advertisement in this Directory can be purchased for 500 user circulation for one cent. Is never thrown away in the waste basket after a glance, nor cheaply constructed. **THERE IS NO ADVERTISING LIKE THE CITY DIRECTORY.**

Write your views to them on all important local, national, and international legislation to come up for vote before them. Express yourself frankly and with force. They need your letters. They are away from home and many times under wrong influence. Do not hesitate to write them many times a year strengthening their hand and giving them the advantage of your good judgement and common sense. Guide them with good old-fashioned, home-town logic and help save America from pitfalls which daily threaten our constitutional rights.

MANNING'S

Hoosick Falls Numerical Street Directory

1952

Copyright 1952, by H. A. Manning Co.

Containing a full list of streets and roads, with the dwellings and stores located thereon. Residences and places of business are designated by their street numbers, numerically arranged; indexing at end of street names refer to map. Where houses are not numbered the householders are arranged in the order that they come on the street. Figures in parentheses, following names, indicate number of room in building.

H. A. MANNING COMPANY

Every City Must Have a Directory

.... not only to give the names, business and addresses of its citizens, but also to give that character of the progressiveness that would record the information of its people and institutions for present usefulness and historical purposes

The biographical history of the masses is contained in the City Directory and no other place. That stamps its importance to the individual, business and organization. To make your history and benefit from its purpose to locate and identify you, watch your Directory registration to see that it accurately records your positions in life from year to year.

The merchants and organizations that sponsor and use this service will be glad to have you consult their Directories so that you may see that your information is correctly and completely listed. We will appreciate your suggestions.

Who sells it?

The Classified Business Headings in
the City Directory will tell you.
The City Directory is the
most complete local

BUYER'S GUIDE

available to residents of any city.

CONSULT THE CITY DIRECTORY

This is the Sign of the Progressive Merchant

Every City must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Everyone has forefathers, these forefathers have made the history of this country; someday you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. **THE BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND IN NO OTHER PLACE.** That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

WHY ADVERTISE IN MANNING'S DIRECTORIES?

You Men—

Who spend Large Amounts of money on creative advertising—Who are prone to think of creative advertising only

A Word with you—

When you invest a dollar in merchandise, equipment and personnel, or anything else connected with your business, you protect that dollar to the utmost. What are you doing to protect your investment in creative advertising? The newspaper that you buy daily may have in it an advertisement that costs you many dollars. This paper has the date printed at top of each page—You saw the date. But when you reached your office and wanted the day of the month you referred to the calendar, not your memory. Your employees did the same, the whole business likewise

The Public—

May see your creative advertisement but when they want your products they will turn to Manning's Directory that lists you at least three ways and can double that if you say so. Turn to the Classified following Pink Section and get the full story by further reference to what you can say in a well displayed advertisement

Protect Your Investment—

In creative advertising by liberal advertising in the Buyers Guide for a small percentage cost of your creative advertising

Insure your Advertising Appropriation with—

This is the Sign of the Progressive Merchant

Every City must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Everyone has forefathers, these forefathers have made the history of this country; someday you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. **THE BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND IN NO OTHER PLACE.** That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

BENNINGTON

The publishers of this Directory consider it advisable and desirable to set forth the following paragraphs, in as simple and attractive a manner as possible, to enable the readers of these descriptive pages to comprehend as many of the outstanding features of Bennington as limited space permits. The local resident, the visitor, and the distant reader about Bennington wish to gain an impression of Bennington as well as to have at hand a statistical reference regarding the city and its people. It is the publisher's aim to portray as much of Bennington's charm and greatness as is consistent with facts. We believe with John Cotton Dana, the great librarian, that "Good citizenship springs from a knowledge about one's own community." The teachings of the City Map and the City Directory about localities, districts, street locations, street changes, growth of sections and general city changes are of great importance to property owners, old residents, new residents, and school children. Racial characteristics of names in the Directory enable the consultant to gain a very comprehensive knowledge of the inhabitants of the city and many other educational facts. Notable men all through history have contributed their philosophy as to the value of knowledge about the home town. Here is one from Abraham Lincoln: "I like to see a man proud of the place in which he lives. I like to see a man live so that his place will be proud of him." In studying the following, remember that the Bennington City Directory disseminates this information far and wide where this Directory represents Bennington in the Free Directory Library Exchange System of North America. The Bennington City Directory, with over 160 closely printed pages, is the City of Bennington in book-form; its family and social life, business and industrial life, is portrayed in great detail. The publishers invite and accept constructive criticism and suggestions for the improvement of the Directory for the benefit of Bennington and all interested.

LOCATION—Bennington is very beautifully located in a broad valley running the entire length of state and which provides transportation routes from Canada to Southern New England. It borders on New York State and is only 5 miles from the Massachusetts State line so it has many of the characteristics of the great states of Vermont, New York and Massachusetts. It is 57 miles north to Rutland, 117 to Burlington, 154 to Boston, 182 to New York, 281 to Quebec, 936 to Chicago, 217 to Montreal, 31 to Troy, 38 to Albany, 46 to Schenectady, 20 to North Adams, 153 to Montpelier. Area 23,040 acres or 36 square miles. Altitude above sea level, 750 feet. The township covers 36 square miles and includes 3 incorporated villages of Bennington, North Bennington and Old Bennington.

HISTORICAL—Settled in 1761. An entire volume could be filled with the history of this region. Five miles to the northwest is the site of the decisive battle of the Revolutionary War. The Bennington Battle Monument commemorates this battle and marks the objective of the British troops under Gen. Burgoyne, intent upon capturing the supplies of the Continental

storehouse. The monument is nearly 302 feet in height and when built was the highest battle monument in the world. Other historical markers and monuments are: Col. Warner Monument, erected in tribute to the man who came to the aid of the American troops at second battle of Bennington; Stark Marker at the site of Gen. Stark's camping ground during those famous three mid-August days in 1777; Catamount Monument near the site of historic Catamount Tavern; Continental Storehouse Marker, at site

GOLF COURSE

of storehouse defended by Gen. Stark and his Vermonters; Garrison Marker, granite boulder marking site of printing shop of the abolitionist William Lloyd Garrison the editor; Hessian Monument, where were buried many of the Hessian dead following the Battle of Bennington;

Vermont Soldiers' Home; Hunt's Fountain at Soldiers' Home, the highest single jet fountain in the world. Bennington and this region has always contributed to the stirring historical events of the times dating from the Indian warfares to the World War.

TOPOGRAPHY—The broad, nearly level land lying between Mt. Anthony on the west and the main range of the Green Mountains is nearly five miles wide and is ideal for the location of a city. The variation in the elevations within Bennington proper is about 100 feet and

COVERED BRIDGE

offers exceptional opportunities for beautiful residential developments. Old Bennington occupies an elevation of 100 feet and surmounted by its great monument is a notable beauty spot of the region. Views obtained from such points as the monument are: Mt. Anthony nearly 2,000 feet high the heights to the southwest of the town, the western slope of the Green Mountain range are exceptional for any city. The approach to Bennington from every direction is remarkable; from the east through

the great mountain wall winds the highway, the Molly Stark Trail, which rivals the great Mohawk Trail 20 miles to the south in its scenic grandeur; from the southeast comes the highway connecting with the Mohawk Trail and the Berkshire Highways in Massachusetts; from the north and west the roads come to Bennington through varying scenery seldom found even in this enchanting section of the country. It is located in the Hudson River watershed and is drained through the Waloomsac River, which empties into the Hoosick River a few miles over the line in New York State.

POPULATION—The 1930 population of Bennington was 10,667. In 1920 the population was 9,982; 1910 was 8,698. Estimate in 1939, 11,250; 1940, 11,257; 1950, 12,411; 1952 directory estimate 13,000. By every indication the next few years will see the most rapid growth in its history owing to developments now projected. The industrial situation is good. Native born population 80%, predominating nationalities English, French Canadian and Irish extraction.

MERCANTILE—Bennington is the metropolis of southwestern Vermont and dominates the retail and wholesale field completely. There are about 250 retail establishments and 150 professional offices. The retail shopping district centers on Main Street with North and South Streets growing in importance yearly. Competition is keen with 15 clothing dealers, 29 automotive supply distributors, 15 department stores, dry goods etc., 44 food products, 40 building trades contractors.

INDUSTRIAL—There are many manufacturing industries in Bennington, making a wide variety of products as follows: yarns, wood novelties, woolens, fancy papers, waists, underwear, toys, plastics, brushes, sewing tables, lumber products, bedding, wax paper, rugs, tissue paper, awnings, needles, fibre, wrangels, furniture, machinery, carpenters' tools, offset process printing. Bennington has an exceptionally good labor market and gives steady employment to its citizens. There are many and varied industrial sites with railroad frontage; suitable building land for homes lies in all directions and there is no place in eastern United States offering better opportunities for new industrial enterprises than Bennington. For further information write the Chamber of Commerce.

FINANCIAL—There are three national banks with total deposits of over \$16,468,000 and resources over \$16,000,000. Bennington is one of the wealthiest towns per capita in the country. Assessed valuation about \$11,000,000 and tax rate is extremely favorable.

EDUCATIONAL—The eight public schools including two high schools are reasonably progressive in their organization. Vocational training is available in one or both of the high

schools in agriculture, commercial, woodworking, machinist, homemaking and retail salesmanship vocations to the apprentice stage. There are two kindergartens and two nursery schools in the public school system. The Bennington College, an excellent women's college, occupies an area of 140 acres on a plateau between Bennington and North Bennington overlooking the Taconic Mountains and the Green Mountains.

HISTORICAL MUSEUM

Bennington College accustoms its students to engage voluntarily in learning

as an educative process continuing through life, substituting self initiated educational self-dependence for formal blocks of knowledge. A reading and practice period of two months duration each year in the field of the student's interest assures a practical turn to the period of study.

There are over 50,000 volumes in Bennington Public Library. A library of about 200 City Directories representing towns and cities located in the Northeastern section of the United States is maintained at the Public Library by the H. A. Manning Co.

TRANSPORTATION—Two divisions of the Rutland Railroad serve Bennington, the main line giving high type passenger and freight service and its close connections with the New York Central Railroad give Bennington the advantages of this large system; the Chatham division connects at Chatham with the Harlem division of the N. Y. C. and the Boston & Albany Railroads. The Vermont Transit gives bus service to Williamstown, North Adams, Pittsfield and intermediate towns. The highways leading from Bennington are main routes and carry many thousands of tourists annually; the Ethan Allen Highway U. S. Route 7 from the south to Canada passes through Bennington; the gateway to the west starts from here. The scenic highway Molly Stark Trail over the Green Mountain range to the Connecticut Valley and the Atlantic seaboard has Bennington as its key point; the main highway into Massachusetts and beyond passes through Bennington and is annually carrying a heavier traffic. Auto truck service to nearby points is a factor.

MISCELLANEOUS STATISTICS—There are four hotels, inns and lodging places catering

THE HOSPITAL.

to transients and permanent guests with a total of nearly 600 rooms devoted to transient and temporary accommodations of visitors. One theater and one hospital with 105 beds. Post Office receipts last year were about \$125,000. Thirteen churches. 72 miles of roads, over half hard surface, 11 miles state roads, 21 miles of sewers. There are 100 regular and call men in the fire department.

WHY ADVERTISE IN MANNING'S DIRECTORIES?

You Men—

Who spend Large Amounts of money on creative advertising—Who are prone to think of creative advertising only

A Word with you—

When you invest a dollar in merchandise, equipment and personnel, or anything else connected with your business, you protect that dollar to the utmost. What are you doing to protect your investment in creative advertising? The newspaper that you buy daily may have in it an advertisement that costs you many dollars. This paper has the date printed at top of each page—You saw the date. But when you reached your office and wanted the day of the month you referred to the calendar, not your memory. Your employees did the same, the whole business likewise

The Public—

May see your creative advertisement but when they want your products they will turn to Manning's Directory that lists you at least three ways and can double that if you say so. Turn to the Classified following Pink Section and get the full story by further reference to what you can say in a well displayed advertisement

Protect Your Investment—

In creative advertising by liberal advertising in the Buyers Guide for a small percentage cost of your creative advertising

Insure your Advertising Appropriation with—

The Churches

WITH A GRAND TOTAL OF FOURTEEN CHURCHES Representing all of the leading denominations, Bennington could properly be called a

City of Churches

These noble edifices placed at intervals about the city add much to its attractiveness and charm.

They are a factor that makes for the ready assimilation into the religious and social life of the community and hastens the time required to make citizens of the strangers who come to us.

The Church of today is the great institution for the planting of good thoughts in the minds of the people and stands as a bulwark against degrading influences that surround us.

Therefore, let us give a thought to these institutions that form so great a part of our city life, and in visualizing our future greatness as a city let us remember their value as

A Factor for Progress

INDUSTRIAL BENNINGTON

Bennington manufactures a wide variety of high class products. Its main contribution as a manufacturing community is in the textile industry. This industry predominates through the manufacture of woolen cloth and knitted wear. The manufacture of paper products and furniture are two other industries well represented in Bennington.

Other lines of manufacture in the Bennington area are brushes, fancy papers, clay products, dairy products, hardware, hosiery, machinery, needles, offset process printing, toys, novelties, waists, underwear, batteries and electronic equipment.

Bennington's location in the southwestern corner of Vermont near to the large population centers of the east, yet far enough away to eliminate disturbing labor troubles make it an ideal community to locate industries.

The following pages are devoted to a description of some of the leading manufacturers of the area:

	Page
Ben-Mont Papers, Fancy Papers	55
H. E. Bradford Co., Underwear.....	56
Charles Cooper Co., Knitting Needles.....	57
E-Z Mills, Underwear.....	5
Old Bennington Weavers, Woolens.....	59
Sprague Electric Co.....	53
Vermont Tissue Mills Inc., Tissue Paper.....	60

It is on the main line of the Rutland Railroad between New York City and Montreal with direct connections only a few miles away with the N. Y. Central R. R., the Delaware and Hudson R. R. and the Boston and Maine R. R. Being at the crossroads of two trunk highways north and south and east and west, it provides excellent trucking facilities to all the large markets of the east.

*"You cannot keep out of
trouble by spending more
than you earn"*

**MORE TRUE
TODAY
than
YESTERDAY**

What Abe Lincoln said
so well years ago applies
to our living today even
more. Consider his further
comments:

- "You cannot bring about prosperity by discouraging thrift.
- "You cannot strengthen the weak by weakening the strong.
- "You cannot help strong men by tearing down big men.
- "You cannot help the wage earner by pulling down the wage payer.
- "You cannot further the brotherhood of man by encouraging class hatred.
- "You cannot help the poor by destroying the rich.
- "You cannot establish sound security on borrowed money.
- "You cannot build character and courage by taking away man's initiative and independence.
- "You cannot help men permanently by doing for them what they could and should do for themselves."

SPECIAL SIGNALS

- Two Blows on Bell, Test Alarm
- Four Blows on Bell, Telephone Call
- Three Blows on Bell signifies Release, fire under control
- In ringing in alarm, pull down hook and release. Stay at box until firemen arrive. Ring nearest box to scene of fire
- On arriving at box if small bell within is ringing it denotes alarm being pulled in from some other box; in such case do not touch hook.
- No school—2-2-2. Military 5-5-5. Emergency Call—3-3-3
- In case of emergency call telephone operator for police or fire

By these standards--
CHOOSE--
Your Funeral Director

CHOOSE a funeral director by his standing in the community, his reputation, his establishment, his personnel, and by observing the quality of his service . . .

Inquire of those he has served.

If you desire, visit him in his establishment.

It is advisable to get acquainted with the Funeral Director of your choice.

MANNING'S

Bennington Numerical Street Directory 1952

Copyright 1952, by H. A. Manning Co.

Containing a full list of streets and roads, with the dwellings and stores located thereon. Residences and place^s of business are designated by their street numbers numerically arranged. Where the houses are not numbered, the householders are arranged in the order that they come on the street. Figures in parentheses following names, indicate number of rooms in building.

△ Indicates telephone at this number.

The symbol ⊙ following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

This is the Sign of the Progressive Merchant

Every City must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Everyone has forefathers, these forefathers have made the history of this country; someday you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. **THE BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND IN NO OTHER PLACE.** That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

This is the Sign of the Progressive Merchant

Every City must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Everyone has forefathers, these forefathers have made the history of this country; someday you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. The BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND IN NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.
