# CONGRATULATIONS

TO :  
CLASS  
OF

"75

Saint Mary's Academy  
Varsone Avenue  
Hoosick Falls, New York 12090

Dear Graduates:

As you come to the end of your years here at St. Mary's, I wish to extend my heartiest congratulations, to you the Class of 1975; to your parents, who have sacrificed so much to provide you with the best in education; and to the faculty, who have guided and instructed you throughout your course of studies.

Your parents, your priests, your teachers, all have made loving sacrifices that you might spend these years of maturing in a Christian atmosphere of faith, hope and love. They have given witness in their own commitment to the Catholic Faith through their determination that you might have that opportunity. I am hopeful that the Faith which has been nurtured in you will enable you to bring a consoling and healing message to a world torn by cruelty and dissension. I trust that your Catholic heritage has placed before you ideals and aspirations which will guide you through the confusion present in our secular society. I know that you recognize the dignity and destiny of each individual, so that you will be inspired to Christian service.

As you now assume the responsibility of Christian leadership for which your Catholic education has prepared you, my prayer for you is, that you will carry on what you have already begun - the living of lives that proclaim the message of Faith, Hope and Love that has been passed on to you.

St. Augustine tells us: "Love God, and do what you will." Make God the center of your educational, social, political and personal lives; offer to Him in humble worship the Love, which He, through His Son has infused in your souls.

"The greatest hour of man's life," writes Victor Hugo, "is when he turns the corner, and runs into a new idea." We trust that we have assisted you in turning one of the many big corners of your lives. Draw your strength from your loving parents and dedicated teachers who have sacrificed so much for you.

May your future be filled with peace, happiness and success. God bless you always!

Tony,

What can I say that I haven't already. This year went by really fast but it was a lot of fun. I'm not going to write all that stuff that you suppose to put in your books, like, you're a fantastic kid, you're such a fantastic basketball player or I'm going to miss you next year cause none of it is true + I don't want to lie. Ha, Ha just kidding you. You really are + I am going to miss ya. Your class is so rowdy it's going to be different! I know you won't ever forget the Prom + all that hard work we put into it - right! (especially you - always taking a soda break, but me all these long hard hours of work I put into it I don't know about you <sup>Tony</sup> not really, it was fun) or anything else 5:30 it was a long night I tell ya but I would like to live it over again but ya know how it is! You'll probably get ~~the~~ board reading this but I'm a boaring person anyway! There's a lot more fun waiting for us ahead, graduation isn't too far away but we

**SULLIVAN**

I just need to be

alone for a while. Thanks so much for not telling me to take a hike or anything you seemed like you really cared + I needed that. You're really a good looking guy + stay that way I know you will you're a beautiful person. No Bull either you treat me like I'm special + it means a lot

to me. Before baseball season is over I'll have to see ya hit a home run I missed the only one you had + I wanted to go to that game too! We have a few more weeks imagine there's hardly even a month left in school, here I sound like I'm graduating but we're losing a lot believe me this place is going to rot! I think I'm running out of space here so I'll let you go

P.S. To one of the biggest perverts I know keep up your reputation. See ya around take care slow ya!

# **WE MAY NEVER PASS THIS WAY AGAIN**

Life - so they say  
Is but a game and they let it slip away  
Love - like the Autumn sun  
Should be dying but it's only just begun  
Like the twilight in the roads up ahead  
They don't see just where we're goin'  
And all the secrets in the universe  
Whisper in our ears and all the years will come and go  
And take us up always up

We may never pass this way again  
We may never pass this way again  
We may never pass this way again

Dreams - so they say  
Are for the fools and they let them drift away  
Peace - like the silent dove  
Should be flyin' but it's only just begun  
Like Columbus in the olden days  
We must gather all our courage  
Sail our ships out on the open sea  
Cast away our fears and all the years will come and go  
And take us up - always up.

We may never pass this way again  
We may never pass this way again  
We may never pass this way again

So I wanna laugh while the laughin' easy  
I wanna cry if it makes it worthwhile  
I may never pass this way again

We may never pass this way again  
We may never pass this way again  
We may never pass this way again  
We may never pass this way again
