dear graduates of the class of 1977:

to you, your parents, and your teachers i extend my joyful congratulations on your graduation from st. mary's academy. this is a happy day of achievement in your lives - the day on which you receive your high school diploma.

there is simply no way that you could have come to the end of your high school career if you had not been putting in an all-out effort, not just for a set of exams, but for four years. your parents, teachers, and friends are proud of your growth and development spiritually, intellectually and culturally.

your diplomas are not just some programmed script from the time machine of your lives, your diplomas are a recognition of confidence - confidence placed by others in you as individuals with no if's, and's or but's. this is something that did not come easily. this is what you have come from, and where you go next, something rich in reminiscence and thrilling in challenge.

live out the christian faith, and the principles that your parents and teachers have promoted both by their words and examples.

i am confident that you will do this because of what you have already done to demonstrate your personal commitment to these principles. i urge you to continue proclaiming the lord's message of faith, hope and love; only in that way can you appropriately thank your parents and teachers who so unselfishly gave of themselves that you might reach this, your graduation day.

with prayers and every best wish in your future endeavors, god bless you!

sincerely,

Rev. Michael A. McQuinn, O.S.A.
