POPE JOHN PAUL II

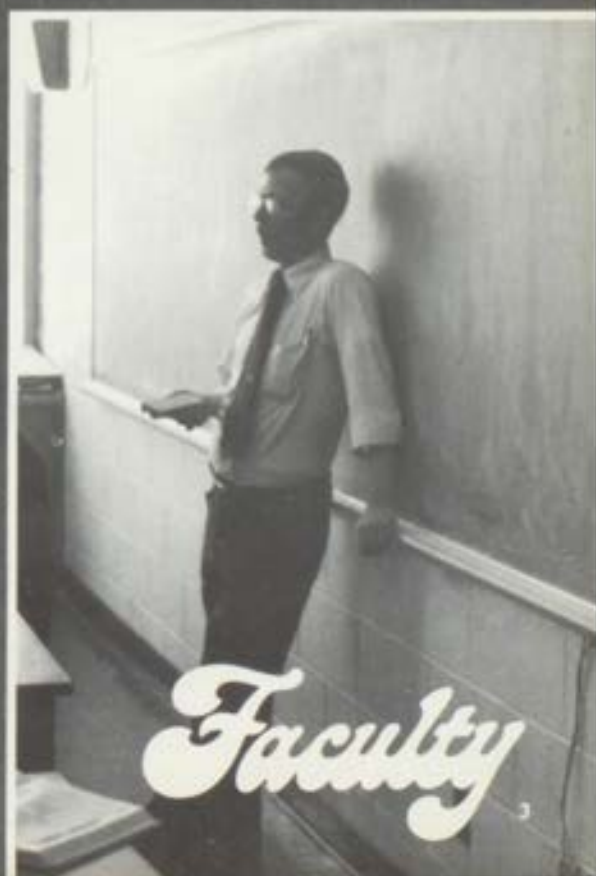

Pope John Paul II attracted the attention of the world when he began his papacy, because he was the first non-Italian Pope in 455 years. Now he attracts attention for his warm and youthful personality. He is truly a Pope of the people.

Born Karol Wojtyla in Wadowice, Poland on May 18, 1920, Pope John Paul was scholarly and religious even as a young man. He was ordained in 1946 at the age of twenty-six. In 1962 he became Archbishop of Cracow, later to be made Cardinal by Pope Paul VI.

He is a theological conservative and staunchly defends the Church's current position on all issues. Pope John Paul has also set records by the number of Catholic teenagers present at his audiences. They are all impressed by his vigor and accessibility.

Pope John Paul's reign promises to be long, rewarding and one that will always be remembered.

Where can we begin to thank this woman? We've only known her for four brief years but we've come to rely and depend on her for just about everything. She's what you would call a "behind the scenes person". If she's not at her desk typing, filing, or answering the phone, she'll be in the hall clearing up matters when everything is in chaos. Her job is never done. Secretary, cheerleading advisor, organizer and personal friend are just a few things she does in a normal day. Loyalty is her middle name. It's people like her who keep St. Marys running smoothly. So Esther, as a small token of our appreciation we gratefully dedicate this book to you.
Thanks for everything!

NORTHERN CONFERENCE CHAMPS

This page is dedicated to the coaches . . . **Joe Martelle** and **Fran Cabana** . . . whose hard work and dedication helped lead the SMA Eagles to victory and their second Northern Conference Championship.

CLASS D SECTIONALS

The post-season action started off in typical Eagle fashion as St. Mary's bombed North Warren 94-52 in the Section 2 Class D tournament. (Bill Loretan and Jim Moore led the way with 21 points apiece). In the semi-final round, St. Johnsville fell 85-62. (Mike Baker pumped in 25 points and Mike Milliman added 24 for St. Mary's). A determined Argyle team shocked the Eagles in the finals 41-38, ending an otherwise perfect season for St. Mary's.

Our Eagles, who finished with a record of 22-1 did win their share of honors for their brilliant season. In addition to the Northern Conference title and the Tamarac Christmas Tourney championship, the "Times Record" named first-year coach Joe Martelle "small school coach of the year". Also, the "Times Record" voted Mike Milliman to their All-Area Small School Second Team.

BEST WISHES SENIORS . . .

As FRESHMEN, the dream of being "top dog" begins again. The next four years seem an eternity. They'll be years of growing both physically and mentally . . . four years of religion and social, English and French, Cheerleading and Sports. All we can do is dream.

GOOD LUCK GRADS . . .

The Sophomore year brings us one step closer to our dream of ending our school days, as a matter of fact, by the end of the year we'll be half way there. This is the year our dreams of driving a car come true. It's a year of going steady — probably our first prom. Two more years to go!

CONGRATULATIONS SENIORS . . .

The end is near, just one year left as an underclassman. If we can only get thru this year — and all those regents. This is the year we get to play varsity. We've got to start thinking of our future — will it be college, the service, or just the work-a-day world. Our dream is almost fulfilled.

I dream to someday settle down and raise a family on the farm.

My dream is to challenge and accept the life ahead of me.

I hope to be whatever I am destined to be no matter what. If it is a bum, I will be a bum.

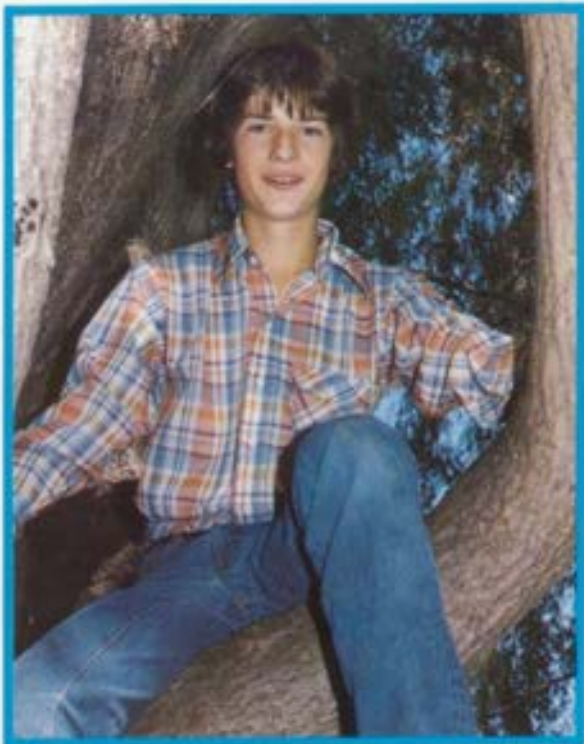

My dream is to live my life to the fullest by making my own choices and doing what pleases me the most.

Dreams are a wanting thing, when one is fulfilled, another comes about.

My dream is to live a good life and to die a happy death with no regrets.

I dream that I could just sit down and dream, and never have nightmares.

I have many dreams, but all they really come down to is that I am happy.

The best thing about the future is that it comes one day at a time. The worst thing about the past is that it never happens again and the great thing about the present is that it is me.

My dream is to be successful in the future like I am now.

The dreams of my life are to enjoy doing new things, to try to make every moment in life a happy one, and to continue dreaming.

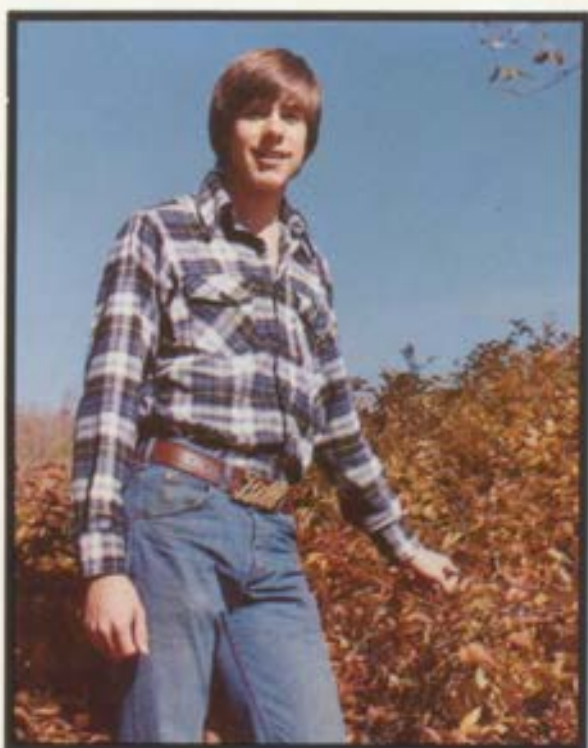

My dream is to travel all around the world and to spend some time with all of my relatives.

One of my many dreams is to fulfill the life God has chosen for me and to carry it out to the best of my ability.

My dream is to be successful in whatever I do. I can do that if I am only the person that I am and be that to the fullest!

Plan ahead! That's the way in which I will fulfill my dreams. Life is full of challenges, so take each of them with full potential in order to be successful.

My dream is to live and enjoy my life the best way I can.

"I dream of Nancy with the light brown hair . . ."

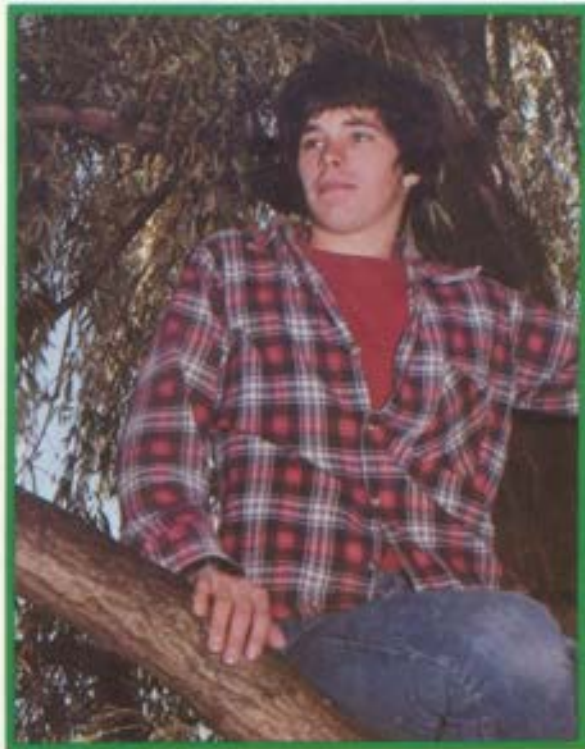

My dream is to be successful in life.

My dream is a common one: To be Known, loved, and remembered by all.

I would like to go with time and whatever I end up with will be my destiny.

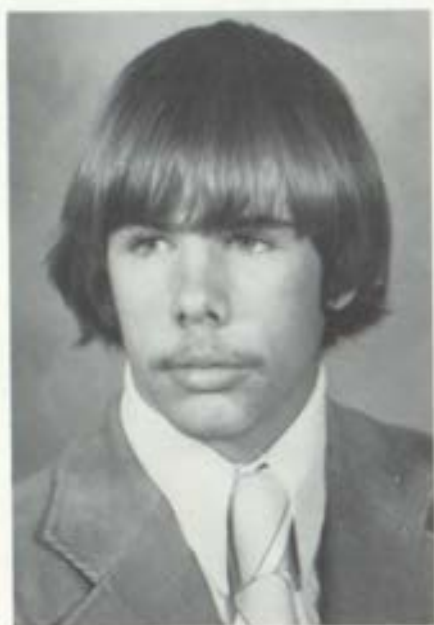

My dream is to learn a trade in the Navy and have a successful civilian career.

God has already decided my destiny so I'm just going to let it be.

I dream of someday being able to say, "My dreams have come true."

Saint Mary's Academy
Parsons Avenue
Hoosick Falls, New York

22 June 1979

Dear Graduates:

"The present itself is meaningless," Bishop Sheen once wrote, "unless there is some reference to the past or the future." It is our roots and our goals which can give meaning to each moment that we call "present". Even a day like graduation would mean "zilch" to a person who simply walked in off the street to don a robe, climb the stage and be handed a diploma, neither cognizant of the opportunities which this paper opened nor having made a personal investment of time and study to earn it. The meaning of graduation comes from what has gone before and what is yet to come. The meaning comes from the past: from all that has been invested in you by almighty God, by your parents, your friends, your teachers, by this parish community, and by yourselves. The meaning of this moment comes from the future: your potential to grow and learn more, your opportunities to contribute good things to your world, your communities, your families, and from your destiny to be God's holy people and share His eternal life.

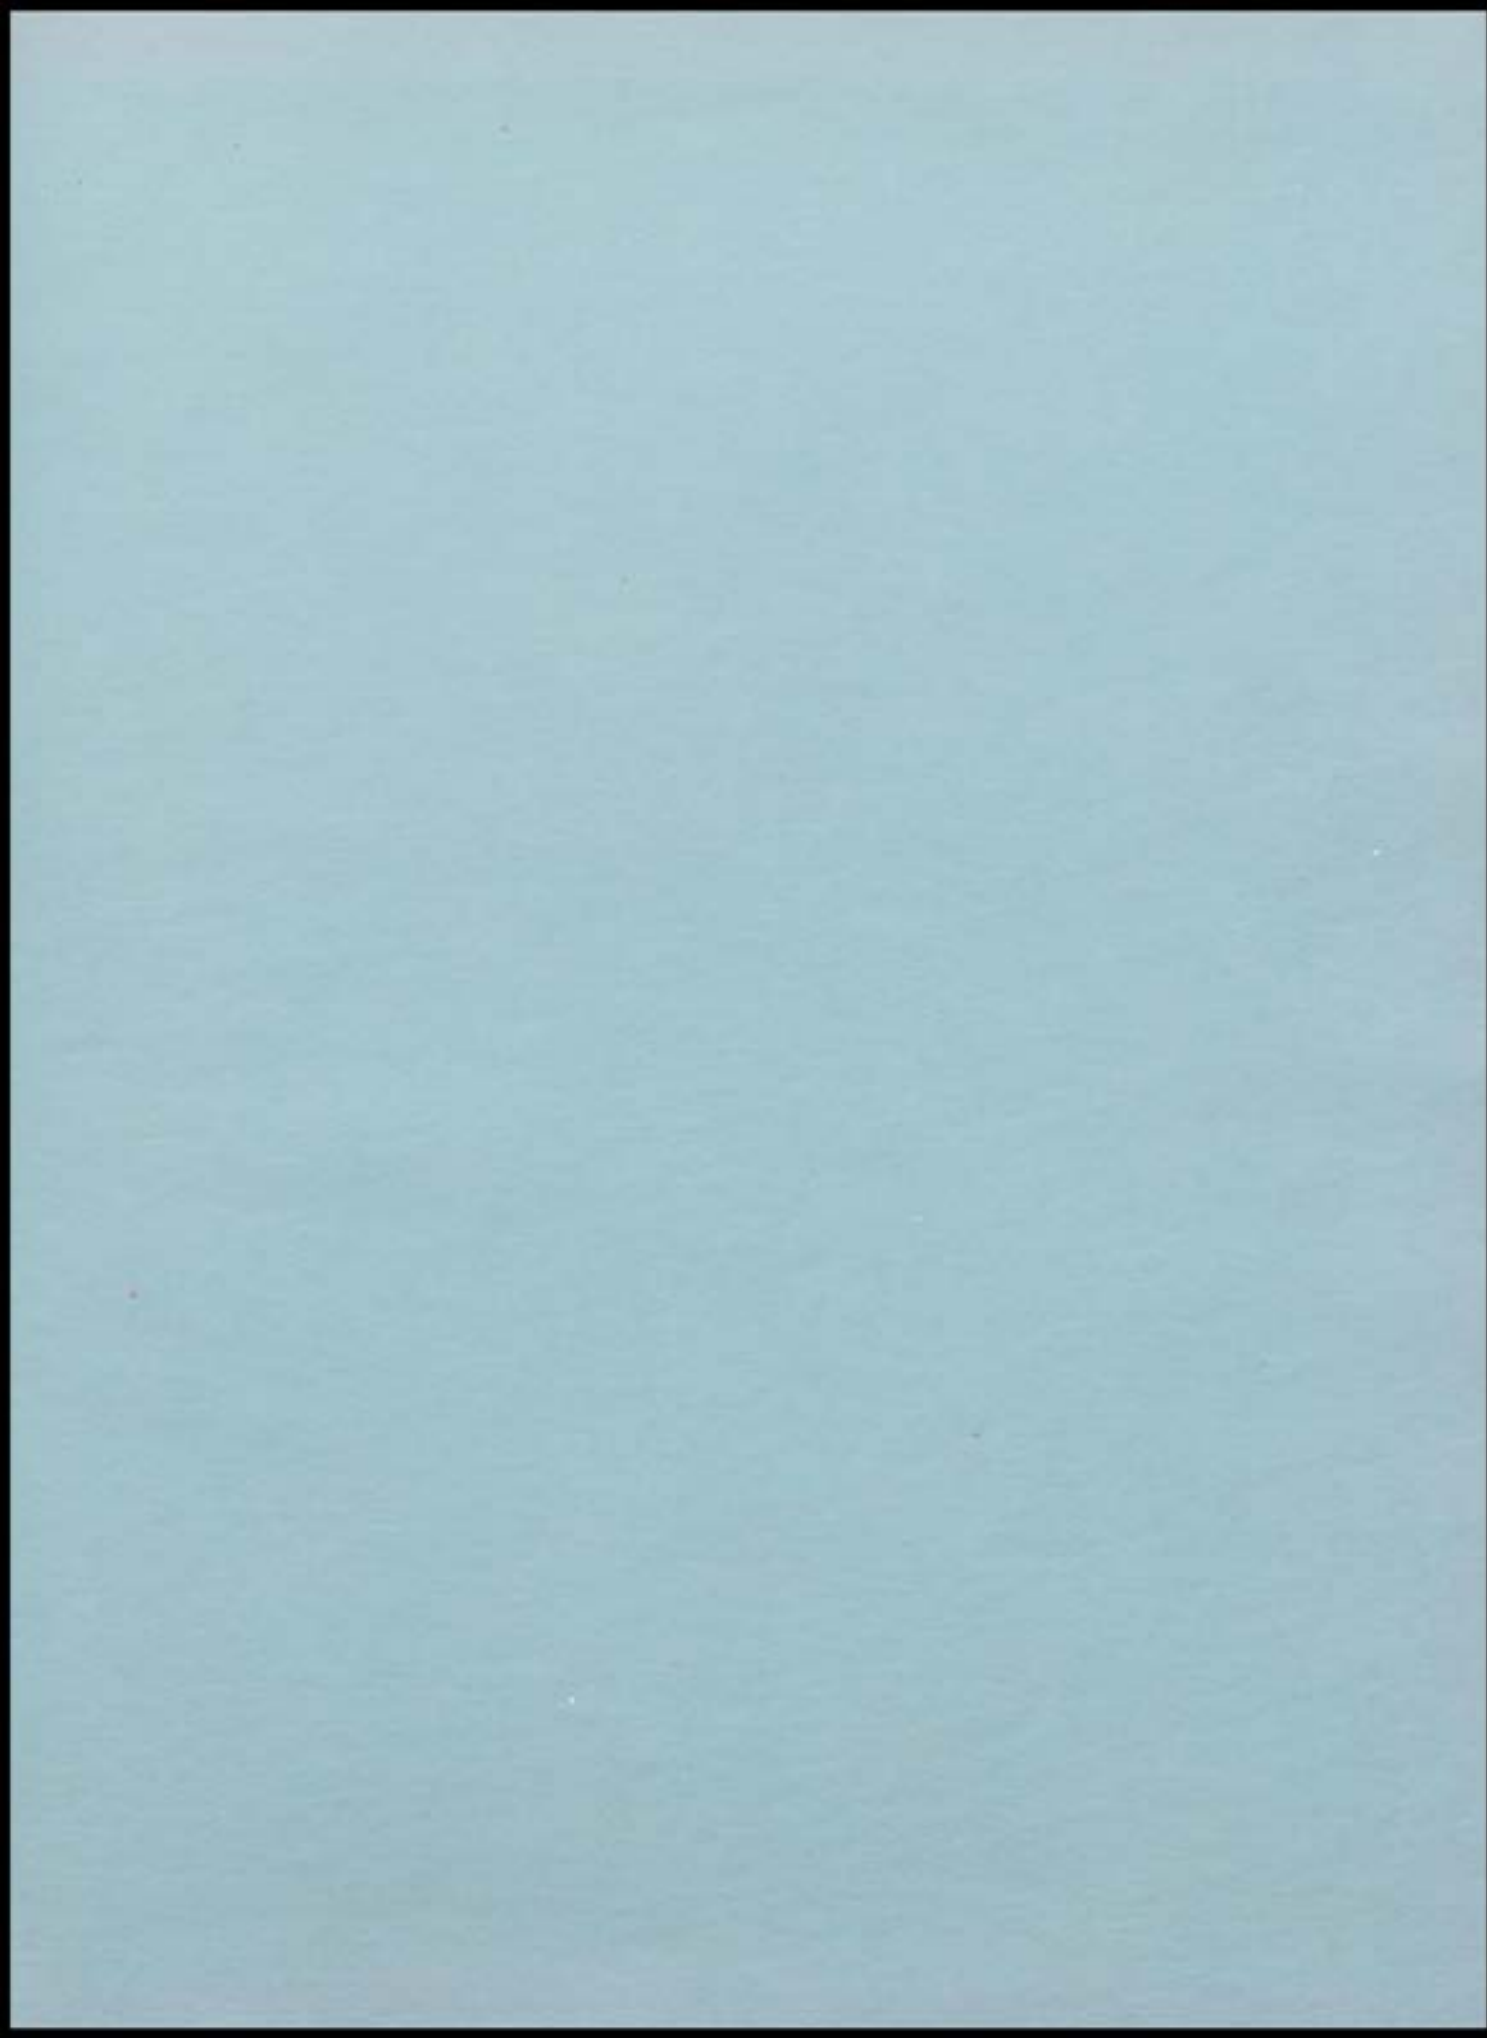

The goal of Saint Mary's Academy through the years, the reason why people have sacrificed for its existence, for its continuation, is to provide a place, a living situation, where those "present moments" of high school can truly be seen and understood in terms of past and future. The past: creation by a loving God, the cross and resurrection of His Son. The future: a happy life involved in some way in making the world a better place; communion with Jesus Christ in the Blessed Sacrament and in the community of His Church; eternal life with Him in heaven. These things only can give meaning and even happiness to the present moments. A man who watches the clock isn't enjoying his work. Time is a drag for him because he's living moment to moment. A movie viewed by single frames would have a hard time holding our attention.

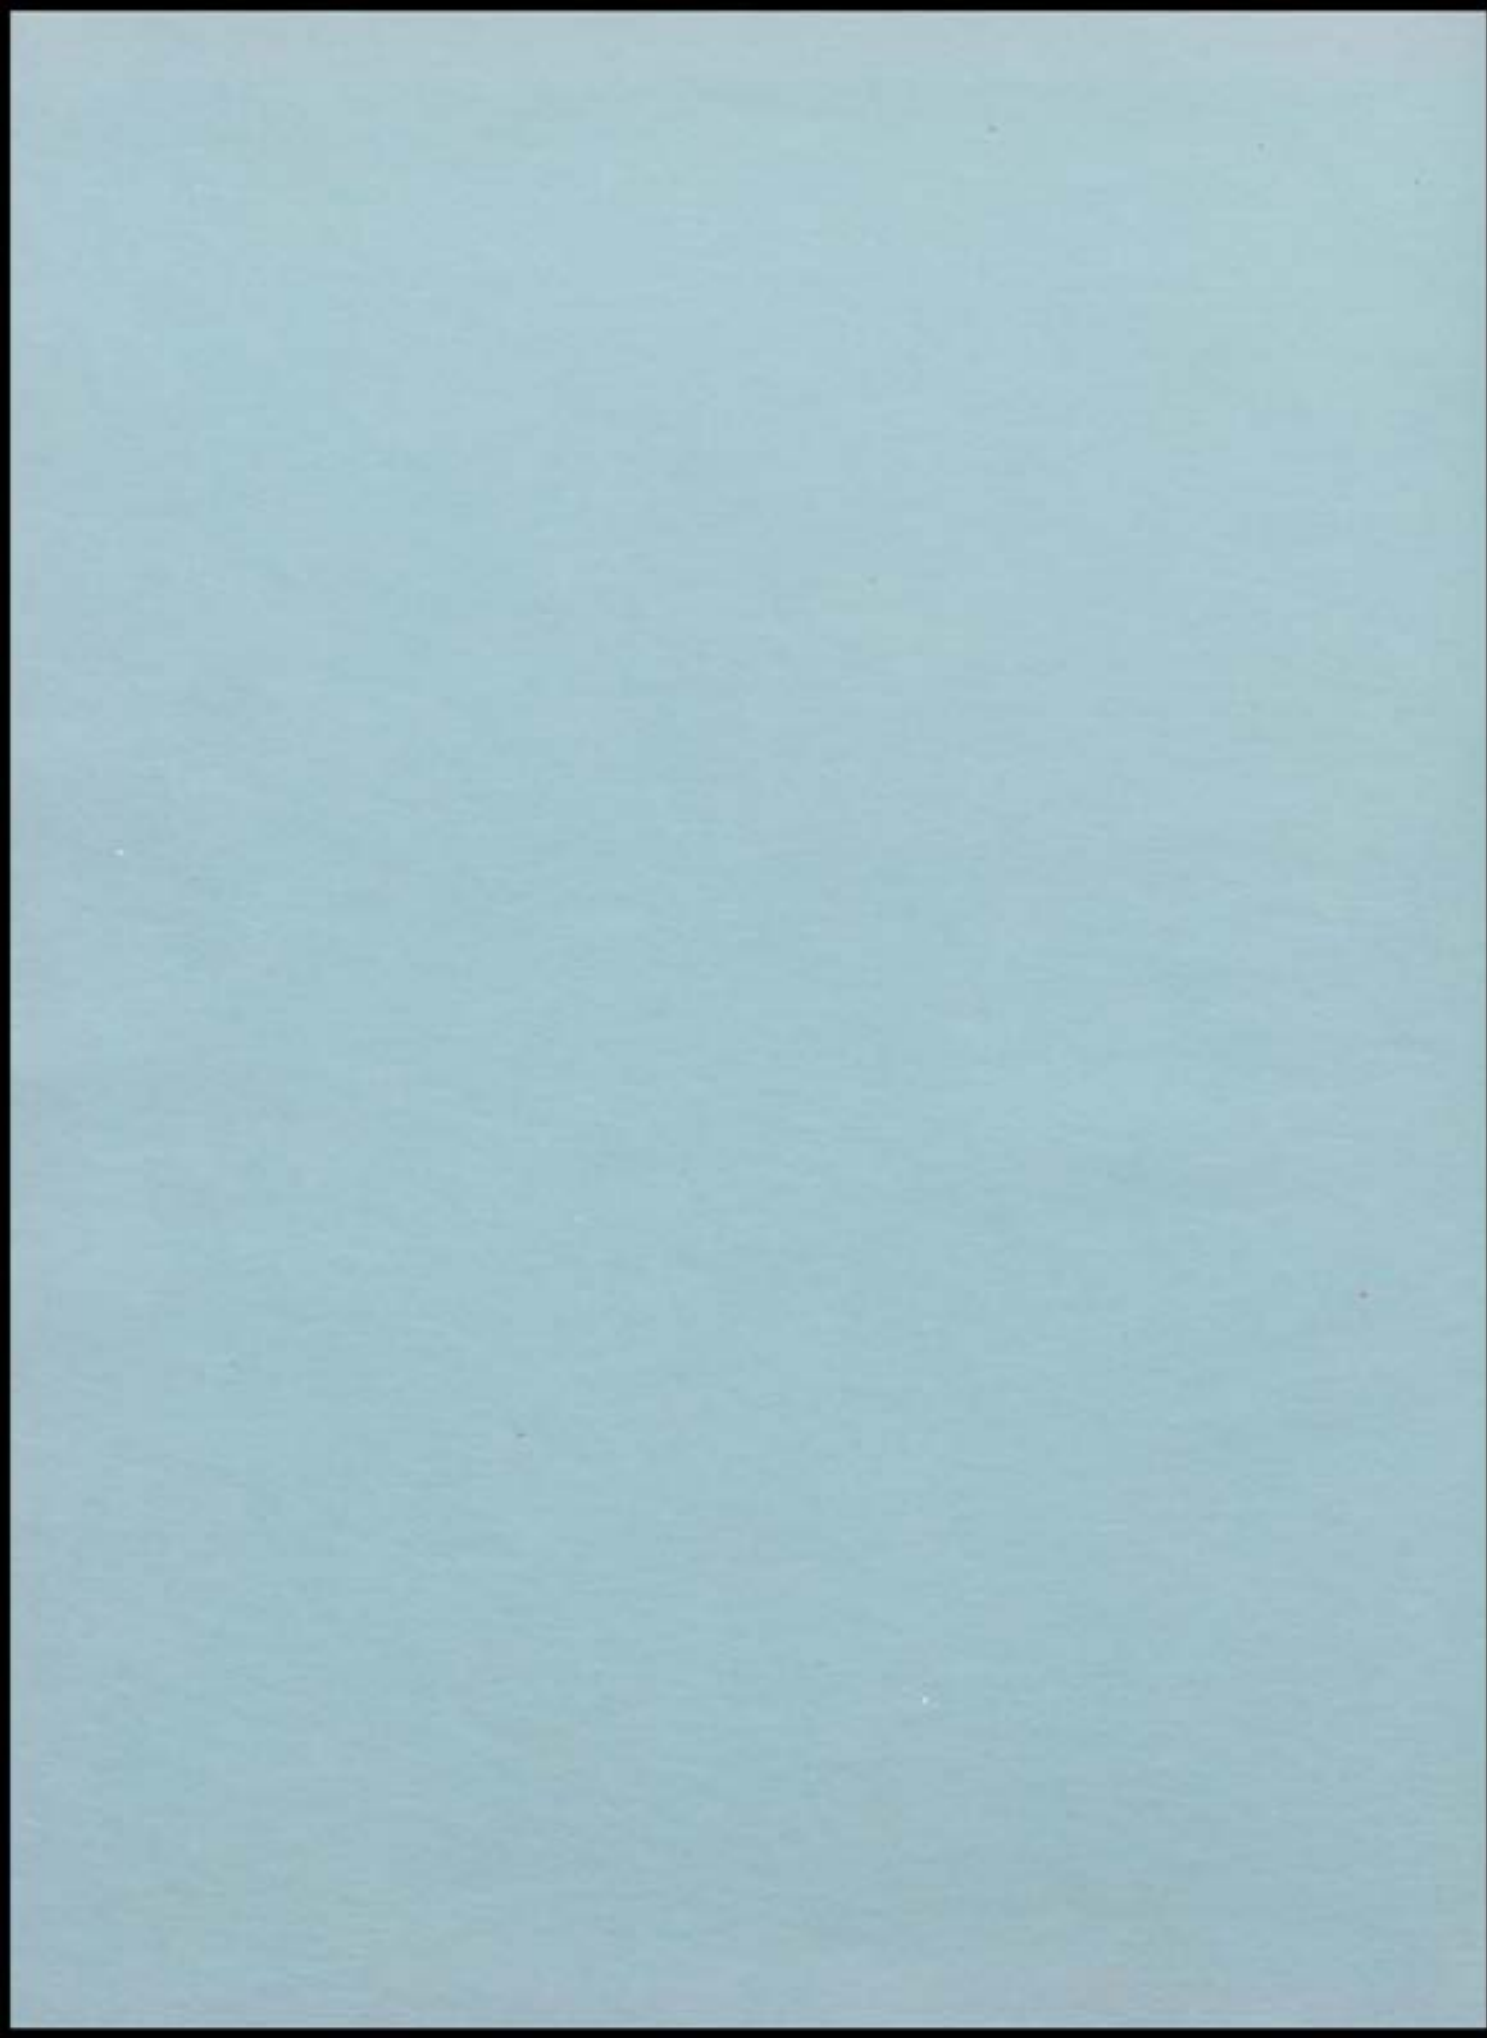

I hope that Saint Mary's has given you more than a "keyhole view" of life. I will pray for you each day, especially at Mass, that your desire to live with God will help you to choose Him each moment that He gives you to live . . . choose Him as lovers of life, not as clock watchers spending time

May Christ live in your hearts . . . forever!

Father Jim
