Note! The First Part of this Catalog Features a Group of Very Special Firearms from the Famous Stenbridge Gun Rentals Armory Private Collection! The Main Supplier of Firearms used in Movie and Television Productions that was started shortly after WWI! The Private Collection of Important Film Used Firearms was Purchased several years ago by the late Publishing Magnate Robert Petersen, Founder of 'Guns & Ammo' and Many other Special Interest Magazines. His Extensive Varied Collection was Considered Among the World's Finest. He originally planned to build a Firearms Museum for these 'Special' Firearms to be located next to his Famous Automobile Museum in Los Angeles, but this never happened. Most were Used in Many other Film Productions. Sadly the Film Association Information has been 'lost' on some of those listed and is noted in the descriptions. Again, Only Items Deemed 'Important' were in the Stenbridge Private Collection. If you can find the Film(s) they were used in it will add substantial interest and value those items Listed with 'Unknown' Film Use.

Firearms are one of the Very Few Tangible Items that Survive from these Films. The Desirability of these items is Universal. Any Movie Fan Appreciates the Direct Connection to these Films, Even those who 'don't like guns'. We did not buy all the Stenbridge Armory Firearms. For example the Mauser Pistol used by Harrison Ford in 'Star Wars' sold for \$216,00.00! As a Gun by itself, its Value was at Best \$300.00. We bought those which had in our opinion a 'Reasonable Premium' for their Film Association.

All come with a Photo Filled Auction Catalog from Little John's Auction Company who handled the sale of the Stenbridge Collection for the Petersen Estate which is now a 'Collectors Item' Itself! 'Certificate of Authenticity' from the Auction Company and when available a still Photo showing their Use in the Film and a DVD or VHS Tape of the Film.

A Beautiful Locking Glass Top (Choice of Walnut, Oak or Cherry) Wood Display Case with Satin Lining in (choice of colors; black, blue, burgundy, gray and red) is Available to Display the Item, 'Certificate of Authenticity' and if available a copy of DVD and Still Photo Showing use in film. Cost for a Handgun is \$125.00, cost for a Long Gun is \$250.00. Allow 2-3 weeks for delivery of Cased Sets. We planned to Case them all but decided to make this a Option as Collectors have their own Particular Display Preferences.

Those made of Hard Rubber, made prior to 1899 or are Black Powder Replicas need no Federal License for shipment. Marked (Non-Firearm) or (Antique). For these we require a Signed, Dated Order Letter Listing the item and Stating Your Purchase Will be in Compliance with All Federal, State and Local Laws.

Most Automatic Pistols were Modified to Function with Studio Blanks. This involved threading the Barrel internally at the Muzzle and inserting a Gas Plug. For Safety Reasons the Gas Plugs have been removed but are included separately. Those Not Modified are Noted in the Descriptions. Revolvers and Long Arms have had no Modifications. Many Pistols are Listed in the Auction Catalog as 'No Magazine' due to California Restrictions. We have included the Proper Magazines with All.
