LUGER QUIZ

QUESTION: Some Mauser banner marked toggle Lugers were made with matching numbered wood bottom magazines. What was the designation, type, and serial number range of these Mauser banners?

The earliest postmarked, correctly written answer wins your choice of any new book we sell on page 22. The answer will be in the next list. Good luck!

QUESTION FROM LAST ISSUE: What is the meaning of the intertwined "RW" parts proof found on Mauser Lugers?

ANSWER: These were the initials of Richard Weiss, parts inspector for Mauser, 1938-1942.

The first correct answer was submitted by Jim Foley, Round Rock Tex. Thanks Jim and congratulations. We received about a dozen other correct answers, but not as prompt. Thanks everyone.

We invite you to submit questions and answers for future quizzes. If we use yours, you will receive a free copy of Fred Datig's new Luger book.

ADDITIONAL COMMENTS AND INFORMATION

PHONE CALLS As I am usually gone to gun shows on weekends and often must travel on Mondays and Fridays, your best bet is to call Tuesday-Thursday, during store hours (1:00 to 6:00 p.m.) at 309-342-5800.

CORRESPONDENCE Please try to phone instead of write. I admit to being the world's worst letter writer. If you MUST write, please send price, photos and or accurate description of item/items for sale or trade.

FIREARMS LICENSE (FFL) is required on all shipments of modern guns. We must wait for a signed-in-ink copy from your dealer before we can ship to him. Pre-1898 firearms and non-firearms items exempt.

SHIPPING Please include sufficient shipping and insurance costs. We will ship via UPS, but must have your dealer's STREET ADDRESS. We try to ship your order within 2 business days after we receive your cashiers check or money order or credit card information and signed FFL copy.

PAYMENT Cashiers check or money order is preferred! Personal checks delay orders at least 14 days while check clears. VISA, MASTERCARD, and AMERICAN EXPRESS card orders are welcome on orders over \$25. Be advised that refunds made by credit card take extra time to process!

ILLINOIS RESIDENTS must include 7% sales tax. No exceptions! Send us a copy of your resale tax number if you are exempt.

IMPORT/EXPORT SERVICES We have licenses and will do the paperwork for such business. It takes TIME and there are extra charges added for shipping and handling (usually \$25-\$50 per gun, less for quantity). Plan on 6-8 week minimum time for paper-work completion. Sometimes longer! Actual sale price must be noted on export forms. \$1000.00 minimum order

CONSIGNMENTS We have a large following of customers and can get fair prices. We charge 10% for consignment sales and particularly want choice mint, rare, and exotic pieces.

GUARANTEE Money will be cheerfully refunded on any item you are not happy with, (EXCEPT LAYAWAYS) but please call before returning items. Returns must be made within 3 DAYS OF RECEIVING THEM and they must be in same condition as received. Sorry but there is no guarantee on firing condition of any item.

INTEGRITY We hope to bring some honest dealing into the Luger business. We are not gun mechanics, refinishers, parts switchers, upgraders, etc. We sell guns as we get them and describe them to the best of our ability. Refinished, restored, renumbered guns, and outright fakes are part of nearly every large collection. We try to describe them for what they are.

NOTE TO SUBSCRIBERS AND CUSTOMERS: Our list subscription service is handled independently of our sales and orders. If you have been a regular or even a high volume customer and your list has expired, we apologize but please send another \$5.00

GOOD CUSTOMER LOST!

John D. Royster, inventor, formerly with Royster Armaments in Denver Colorado, seems to have "disappeared". Unfortunately, before paying the balance due on a mint 1900 Swiss Luger s/n 2322, an '06 Swiss presentation Luger s/n 16147, and a Swiss 06/24 long barrel Luger s/n 18865, sent to him on approval, March 1990.
