

PECB Certified ISO 45001 Foundation

Become acquainted with the best practices of Occupational Health and Safety Management Systems (OHSMS) based on ISO 45001

Why should you attend?

ISO 45001 is the first global Occupational Health and Safety Management System standard that replaces OHSAS 18001. The ISO 45001 Foundation training enables you to learn the basic elements to implement and manage an Occupational Health and Safety Management System (OHSMS) as specified in ISO 45001. During this training course, you will be able to understand the different modules of an OHSMS, including OHSMS policy, procedures, performance measurements, management commitment, internal audit, management review and continual improvement.

After completing this course, you can sit for the exam and apply for a "PECB Certified ISO 45001 Foundation" credential. A PECB Foundation Certificate shows that you have understood the fundamental methodologies, requirements, framework and management approach.

Who should attend?

- Individuals involved and concerned with Occupational Health and Safety Management
- Individuals seeking to gain knowledge about the main processes of Occupational Health and Safety Management Systems (OHSMS)
- Individuals interested to pursue a career in Occupational Health and Safety Management

Course agenda

DURATION: 2 DAYS

- Day 1: Introduction to Occupational Health and Safety Management System (OHSMS) concepts as required by ISO 45001
- Day 2: Occupational Health and Safety Management System requirements and Certification Exam

Examination

DURATION: 1 HOUR

The "PECB Certified ISO 45001 Foundation" exam fully meets the requirements of the PECB Examination and Certification Programme (ECP). The exam covers the following competency domains:

- Domain 1: Fundamental principles and concepts of an Occupational Health and Safety Management System (OHSMS)
- Domain 2: Occupational Health and Safety Management System (OHSMS)

For more information about exam details, please visit Examination Rules and Policies.
