

Learn the basic concepts of information security and ISO/IEC 27002 information security controls

Why should you attend?

ISO/IEC 27002 Foundation training enables you to learn the basic elements to implement Information Security Controls as specified in ISO/IEC 27002. During this training course, you will be able to understand how ISO/IEC 27001 and ISO/ IEC 27002 are related to ISO/IEC 27003 (Guidelines for the implementation of ISMS), ISO/IEC 27004 (Measurement of Information Security performance) and ISO/IEC 27005 (Risk Management in Information Security).

After completing this course, you can sit for the exam and apply for the "PECB Certified ISO/IEC 27002 Foundation" credential. A PECB Foundation Certificate shows that you have understood the fundamental methodologies and management approach.

Who should attend?			Learning objectives
 Individuals interested in Information Security Management and Information Security Controls Individuals seeking to gain knowledge about the main processes of an Information Security Management System and Information Security Controls Individuals interested to pursue a career in Information Security Management 		>	Understand the implementation of Information Security Controls in accordance with ISO/IEC 27002 Acknowledge the correlation between ISO/IEC 27001, ISO/IEC 27002 and other standards and regulatory frameworks Understand the approaches, methods and techniques used for the implementation of Information Security Controls
Course agenda	DURATION: 2 DAYS		Prerequisites
 Day 1: Introduction to ISO/IEC 2700 Management System Day 2: ISO/IEC 27002 Controls and 		>	None
Examination	DURATION: 1 HOUR		Certification
 The "PECB Certified ISO/IEC 27002 Foundation" exam fully meets the requirements of the PECB Examination and Certification Programme (ECP). The exam covers the following competency domains: Domain 1: Fundamental principles and concepts of Information Security Management Domain 2: Information Security Controls based on ISO/IEC 27002 For more information about exam details, please visit
