

# I AM GOING TO THE FAIR

## A Social Story for the Pinal County Fair

Before I get to the fair, there are some things I will need to remember.

Before the Fair

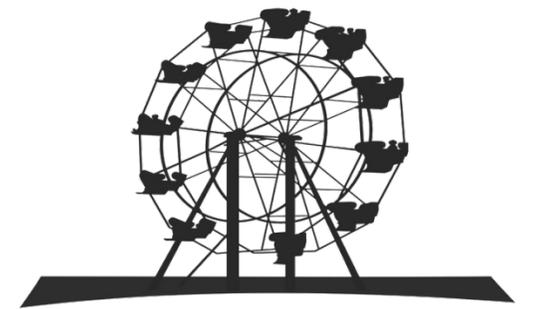

I need to bring snacks, comfortable clothes, and any special comfort aids I may need during the day.

There will be lots of people and noises at the fair, but I know I am safe with the people who brought me.

If I need a break I can ask and go to a quiet zone to relax.

Pinal County  
**FAIR**

We will have to get into a line and wait to buy tickets at the gate. There will be people talking and standing near me, while we wait. Waiting may be hard, but I will be patient.

When we get inside the gate, we will look at a map to help us find animals, rides, food, and games to play. I may watch a show and eat some yummy food.

Going on Rides

If I want to go on a ride, I have to ask first and then wait in line. I will follow the rules just like at school. The rides may be a little scary but I know I am safe.

Someone who takes care of me will show me the animals. There may be some big and small animals but they will be in a fence or cage. I will stay outside the fence. If someone tells me that I can touch an animal, I can, or I can say "no thank you".

**Fair Food**

There will be lots of different foods at the fair. I will see them and smell them. I can eat the food at the fair or I can bring my own food too.

**Quiet Zone**

If I need a break, I can ask to go to a quiet zone. If I need to go to the car, I can come back to the fair when I am ready by getting a stamp on my hand or piece of paper.

Pinal County  
**FAIR**

**taste**

**sound**

**touch**

**smell**

**sight**

I will see, hear, smell, touch, and taste many things at the fair. I know I am safe with the people I came with even if I get a little scared. I will have fun at the Pinal County Fair!

When I am all done with my visit to the Pinal County Fair, it will be time to go home. Someone who takes care of me will bring me to the car. I will be happy that I got to go to the Pinal County Fair.
