

Celebrating 74 years of the
BATTLESHIP IOWA

Celebrating 74 years of the

BATTLESHIP IOWA

Saturday, April 8, 2017

The **Battleship Iowa Amateur Radio Association (BIARA** - see www.biara.org) is an association of radio amateurs whose purpose is the support of radio activities on, or associated with, the Battleship Iowa. The operation of the Battleship Iowa is under the control of the **Pacific Battleship Center (PBC** - see www.pacificbattleship.com). While **BIARA** is and will continue to be an organization separate from the PBC, members of **BIARA** who engage in amateur radio activities aboard the Battleship Iowa are required to become volunteers of the PBC and to abide by all volunteer guidelines and directives as may be established by the PBC; including, but not limited to the completion of a volunteer application, having a PBC ID Card issued, and attending volunteer orientation and ongoing training.

BIARA acts as the representative of the **Battleship Iowa** and the **Pacific Battleship Center** within the amateur radio community. In this role, **BIARA** promotes the Battleship Iowa, the Pacific Battleship Center (PBC) and the interests and advancement of amateur radio. **BIARA** coordinates the activities of her associates to provide public service, provide the opportunity and facilities for their gathering and to mentor others interested in amateur radio.

Thank you for taking the time to visit the Battleship Iowa and **BIARA**,
and/or operate **NI6BB** with us today.

Day 8 Month APRIL Year 2017
Guest's Name FR. JAMES STEEL
Call sign if licensed KK6POB
