

Protecting Moms and Babies: Vaccines During Pregnancy

**South Carolina Dept. of Public Health
Lowcountry Community Engagement Team
Jane Teszler**

Who We Are

At SC DPH, our mission is to protect, promote, and improve the health and well-being of *everyone in South Carolina*.

- WIC (Women, Infant, & Children)
- Immunizations
- Family Planning
- Preventive Health
- Vital Records

Key Vaccines & Eligibility During Pregnancy

Before Pregnancy:

MMR (Measles, Mumps, Rubella)
Varicella (Chickenpox)

During pregnancy:

Whooping Cough (Tdap)
Flu
RSV
COVID-19

After pregnancy:

Any vaccine you are not up-to-date on,
especially if breast feeding.

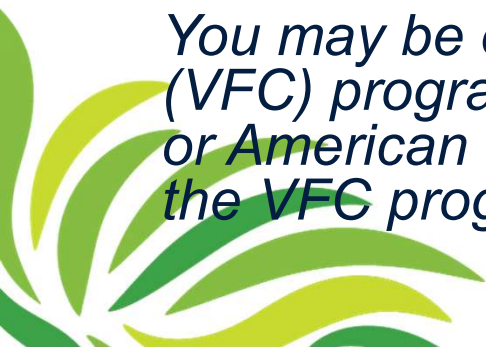

Where to get Vaccinated

- Reach out to your local DPH health department who offers low-cost vaccines.
- Visit the DPH website to find a provider near you:
<https://dph.sc.gov/public/vaccinations>
- Contact your provider or pharmacy.
- Call the DPH Care Line at **855-472-3432**

You may be eligible for free vaccines through the Vaccines for Children (VFC) program if your child is uninsured, underinsured, Medicaid-eligible, or American Indian/Alaska Native. Ask your provider if they participate in the VFC program.

Access Vaccine Records Online

To find and download a vaccination record visit:
