Architectural Review Committee

Effective January 1, 2013, GNO Property Management Group, working with the current Officers and Directors of the Association, is responsible for all matters pertaining to the duties of this committee.

The new Architectural Review Committee “GNO Property Management Group” is responsible for ensuring that homeowners are in compliance with the Covenants, Conditions and Restrictions of the Savannahs and protecting the value of all our homeowner’s investments.

Homeowners should review their copy of the Covenants, Conditions and Restrictions to become familiar with those items that the Architectural Review Committee may audit and enforce.

Homeowners considering any improvements, additions or changes to existing structures should contact GNO and submit plans for review and approval before beginning any projects. This includes fences, driveways, outbuildings and all other desired improvements.
