

# Michael Goodwin and Pique Entertainment Present

## *The Modern Classics of Musical Theater Part 2*

Movies find a voice in *Singing in the Rain*.

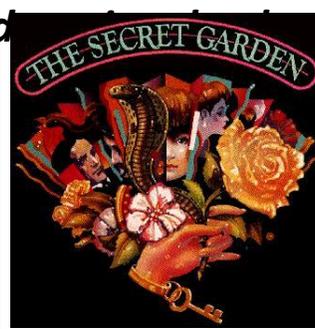

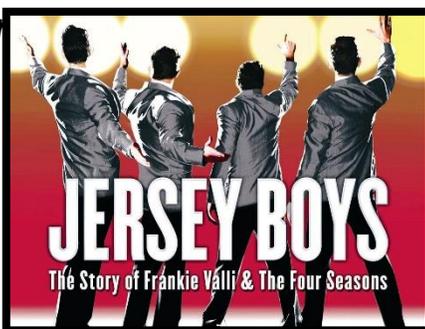

Then we jump to England in *The Secret Garden*.

Traditional roles are tossed to the side in *Victor Victoria* and *La Cage aux Folles*, finishing with a Jukebox classic: *The Jersey Boys*.

Some may be familiar favorites, and some may become new favorites.

All of them will be entertaining!

As always, there will be singing, lecture, video clips from various shows, and many opportunities to participate.
