ABOUT

Combining a unique style of melodic-trap and hard-wave, DJ and producer VILLA, Elisa Villafana, has taken the trap scene by storm. Her musical journey began with her love for the viola at age 6. Blending a love for orchestral atmospheres and hard hitting trap elements, VILLA's emotional original productions have landed her outstanding support from labels, artists, and media outlets alike. She has secured releases on labels such as **Sable Valley** and **Elysian Records**, and gained support from super stars such as **The Chainsmokers**, **RL Grime**, **Alison Wonderland**, and **Zeds Dead**, as well as garnered attention from outlets such as **EDM.com**, **YourEDM**, and **Trap Nation**. 2022 saw several performance highlights for VILLA such as appearances with **Brownies & Lemonade** in New York, San Francisco and LA, as well as her festival debut at **Hard Summer** as part of **ISOxo's** highly anticipated stage takeover, sharing the stage alongside huge names like **Flosstradamus** and **Mr. Carmack**. Her passion in both her performances and dramatic productions make her an act you won't want to miss.
