Let's Go on a Journey

Truffle Art Design, a small design studio in Vancouver, Washington, specializes in travel art. This collection is part of a series, "Let's go on a Journey".

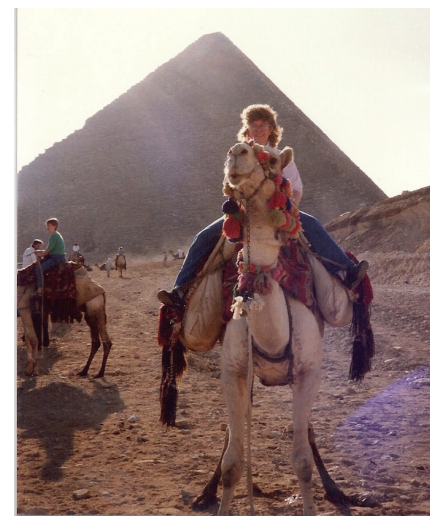

Living on a wildlife refuge amidst the city gives Telva Chase the grounding and quiet she needs to concentrate on her creativity when she is not trekking around the world. To date, she has lived overseas for sixteen years, has traveled over 4 million miles across 52 countries!

Telva is an artist whose multi-layered and textured backgrounds lend a unique mixed-media visual that creates an appealing visual.

Let's Go on a Journey to CAPE VERDE ISLANDS

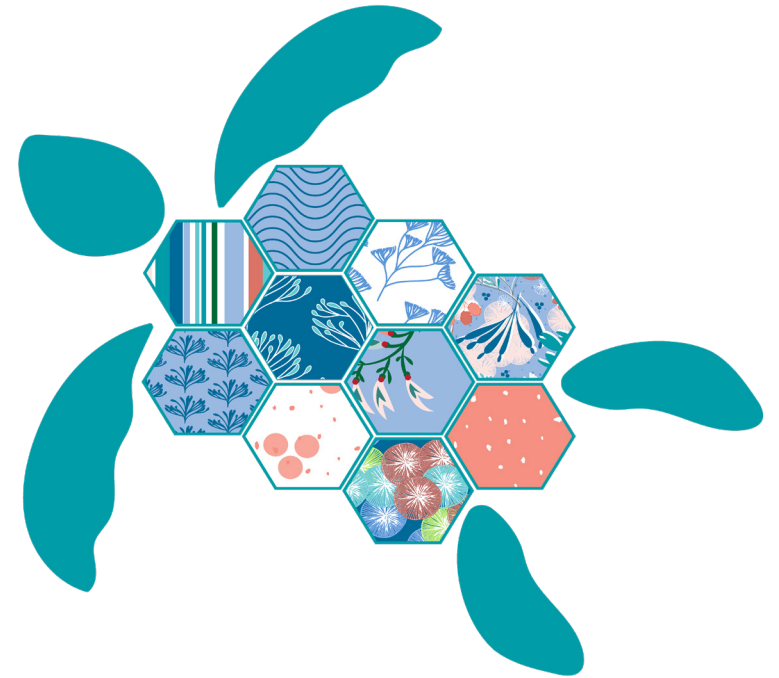

This fabric collection brings memories of visits to the Cape Verde Islands off the west coast of Africa. It consists of ten volcanic islands in the central Atlantic Ocean.

The designs included in Cape Verde Island are fresh and bold and depict my memories of colors, plant life and the sea!

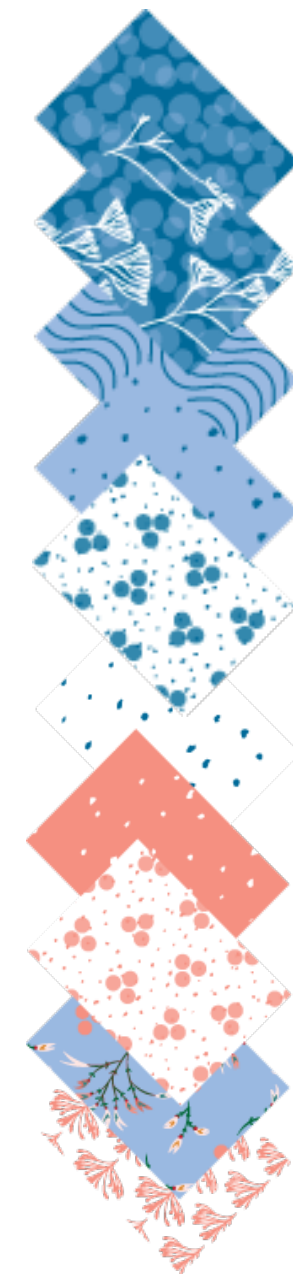

Sometimes you just need to get away from the crowds and contemplate - these designs are to help calm your soul and let the gentle waves of relaxation take over.

The sea brings tranquility and harmony to a chaotic world. The outside rigors of everyday life are calmed by her gentle rocking. Come home to a stress-free, comfortable, and peaceful environment and let her waves soothe your soul.
