Let's Go on a Journey

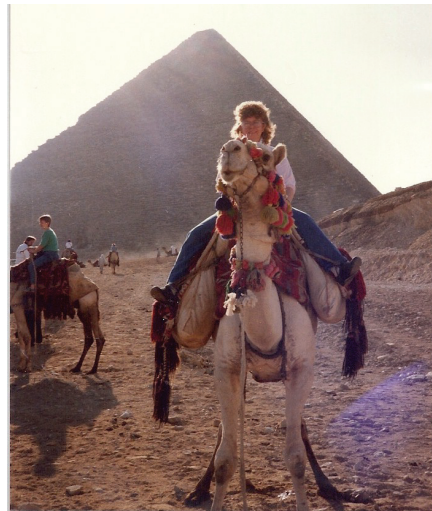

Truffle Art Design, a small design studio in Vancouver, Washington, specializes in travel art. Living on a wildlife refuge amidst the city gives Telva Chase the grounding and quiet she needs to concentrate on her creativity when she is not trekking around the world. To date, she has lived overseas for sixteen years, has traveled over 4 million miles across 52 countries!

Telva is an artist whose multi-layered and textured backgrounds lend a unique mixed-media visual. Here in the Amsterdam placement art, the map of Amsterdam creates the canals as a backdrop for the boats and narrow houses and brings cohesiveness to the entire piece.

We hope you enjoy your stay in Amsterdam!

Puerto Vallarta, Mexico

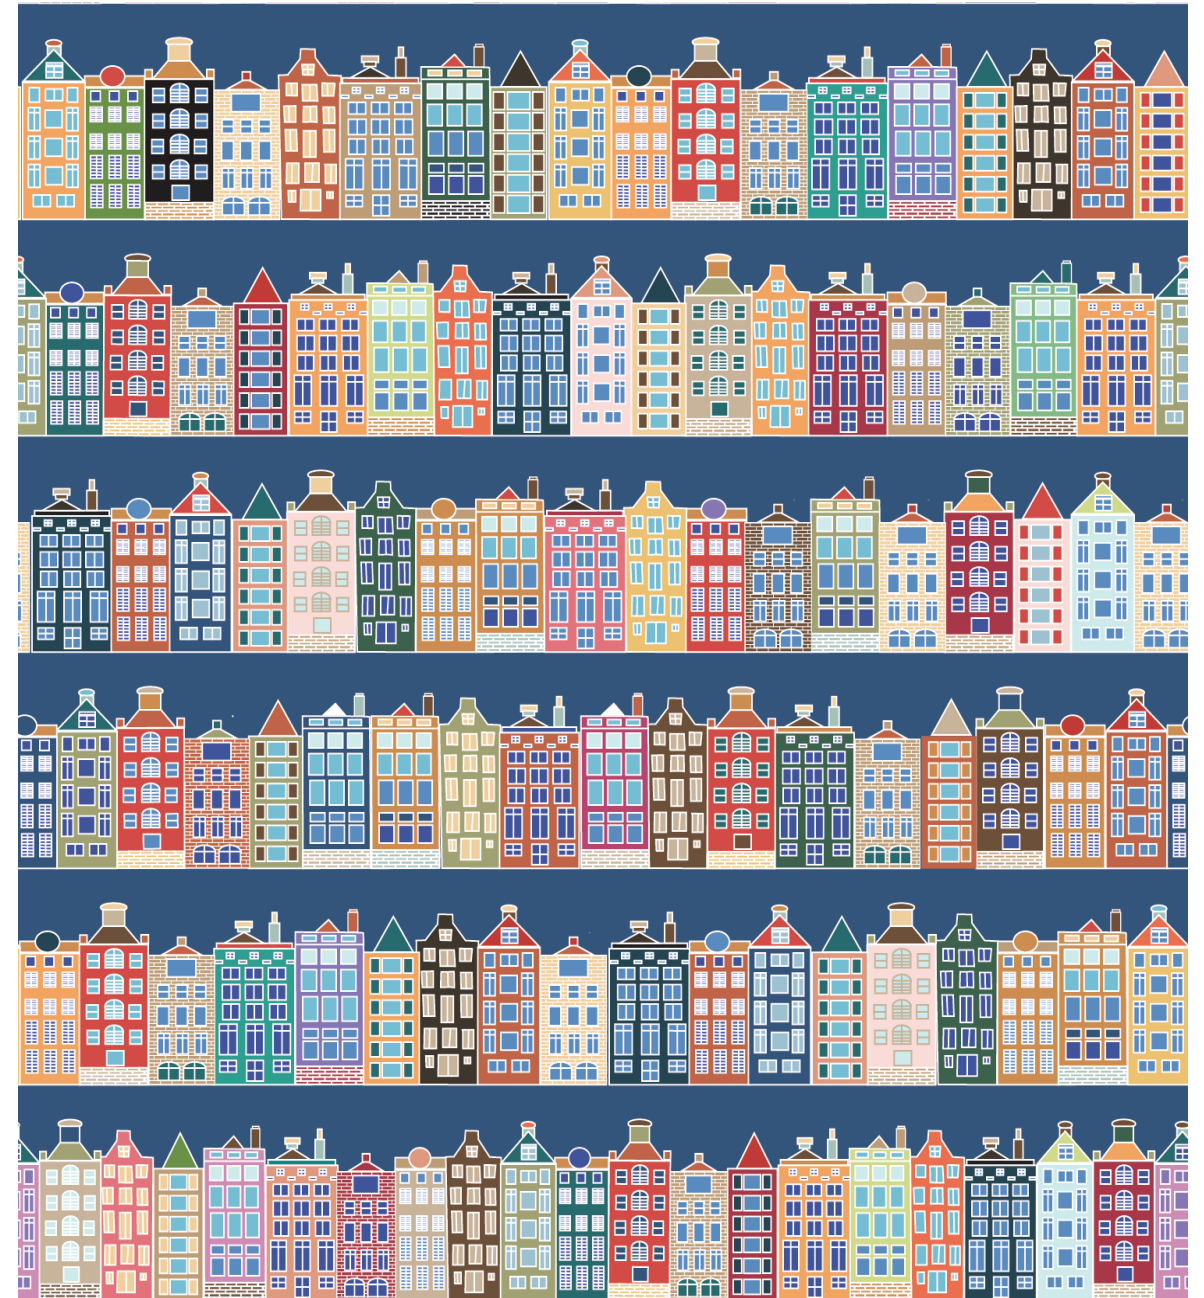

Cairo, Egypt

This fabric collection brings memories of wonderful visits to this romantic city on the Markemeer.

The coffee houses, narrow houses, bicycles, cheese and clogs, not to mention the ever-present windmills brings back remembrances of such a vibrant, exciting city!

Make a quilt, send a card, wrap up in a blanket or dress the bed in these wonderful designs!

Whatever you do, remember how much fun you had in Amsterdam!
