OWNERSHIP COMMITMENT Completing this application is a step in the process to acquiring a puppy from Lucky's Doodlez, but it does not guarantee I'll get a puppy from this or any future litter. While it's unlikely, the breeder reserves the right to refuse any placement at any time. **APPROVAL AND DEPOSIT** Applications will be reviewed within 2 business days of receipt. Applications are processed in the order they are received. If your home is a good fit, you will be notified. Approved homes will receive the approval to place a reservation fee on a puppy, and instructions on how to do so will be sent out in the order approved applications were received. Please pay your reservation fee within 48 hours of the approval e-mail. If you make a deposit, you are committing to taking a puppy from one of our litters. If we don't have the color or gender available in the litter you are on, you have the option to transfer to another litter or wait for your color/gender of choice. **GOING HOME** You are required to pick up your puppy on the day assigned for Pickups. We do offer daily boarding rates of *\$35 per day* if you cannot pick up the day we assign. **CONTRACT** We have a contract and will not place a puppy without a signed contract. We believe it's the professional thing to do to memorialize our obligations to each other on paper so there are no questions later, and for that reason it's a bit lengthy. If you have questions about specific terms, you need to contact us prior to picking up your puppy. **SPAY/NEUTER** We require spay/neuter at or before 12 months. If you're a breeder you should probably look elsewhere. This might seem hypocritical at first glance, but we have a take-back provision in our contract. Any puppy from our home always has a home here and will never experience the fear and burden of life at a shelter. Sadly, many well-intentioned folks don't remember to spay before the first heat cycle, and suddenly their barely-adolescent dog is pregnant by multiple studs of unknown heritage. Because we take cradle-to-grave "original home" responsibility for the puppies we created, puppies must be de-sexed unless you are under a guardian home agreement. **SIGNATURE** By typing your name into the box below, you agree that this action constitutes your signature and that everything that you are signing off on in this application is true to the best of your knowledge.
