

RADAR

RENEGADE TIRES

RENEGADE® A/T PRO ALL SEASON | ALL TERRAIN TIRES

The Renegade A/T Pro is the brand new all-terrain range from Radar Tires that is engineered for drivers that need exceptional off-road performance while giving a quiet, smooth on-road ride. This range offers a combination of increased off-road grip and handling with excellent traction. The tires also utilize a special silica based tread compound that offers outstanding cut and chip resistance along with the all-new innovative "M-sipe", designed for Maximum grip in all conditions. Each tire features a Rattlesnake inspired dual sidewall design, which allows you to customize the look of your vehicle. The "fang" side features a snakehead design and fangs for added traction and the "rattle" side features a snake tail design for added protection.

| TIRE SIZE | PRICE |
|----------------------|----------|

RENEGADE-X

The Renegade-X is the all new and top-of-the-line extreme terrain tire range from Radar Tires. This innovative "stealth" inspired tire is born out of the partnership between Radar Tires and leading Italian automotive design house GFG Style. This feature-packed range is designed and engineered for drivers that need extreme off-road performance on mud, rocks, gravel and sand while offering durability and an aggressive aesthetic that enthusiasts crave.

Rim Flange protector on all sizes.
