Fresh Genetics • Calving Ease • Good Disposition

Welcome

Welcome,

We would like to welcome you to our production sale whether in person or on DV Auction. 95% of our customers are repeat buyers and we promise to take care of new customers just like we take care of our existing customers that have become our good friends. We look forward each year to delivering your cattle and having a good visit one-on-one. If you have been thinking about trying DK genetics, do not hesitate on pressing the DV Auction button. Just remember you must register the day before in order to bid on sale day. We have had cattle go to ND, SD, MN, NE, MT, WY, and KS.

We are like most ranchers. We expect cattle to calve easy, nurse by themselves on a good-uddered cow, grow fast, maintain a good disposition, weigh up heavy, stay structurally correct, be highly fertile, and be an easy keeper. We like stacking solid female-making genetics on top of each other, so there are no surprises or disappointments. Every bull we sell is expected to produce top-rate females or highly desired steers. Our goal is to improve every year on these traits which in turn will help your pocketbook and ours.

Again the bulls were fed CHS pellets and Feed Mix Bull Ration twice a day with free-choice grass hay. They are not fed for the show but to go to work for you and keep growing. We shoot for a 3-lb. daily gain on test and we know these bulls could gain a lot more but would only hurt them in the long run. We feel this is one of our best set of bulls and heifers top to bottom. Many of these bulls are suitable to use on heifers.

For those of you that can't make it to the sale, you'll be able to watch & bid on DVAuction.com. Videos of the bulls will be available a couple of weeks before the sale at the DVAuction.com website but remember that the video was shot a month before the sale and the younger bulls are still pretty green. If you have any questions don't hesitate to call us. The bulls will sell pretty much in birthdate order as listed in the catalog. Ultrasound carcass data will be available a few days before the sale.

Also bulls will be delivered free to U.S. central locations within 600 miles and we will work with you on further distances. If you buy two or more registered heifers, we will deliver them also within 600 miles.

You are welcome to come look at the bulls at the ranch before the sale. We would be happy to show you the sires & dams. Give us a call – we'd be glad to assist you in finding the right bull to fit your herd.

Thanks so much to our many repeat customers and friends.

Thank you and God Bless,

The Kuefflers

Scott and Connie, Michala and Kirsti Kueffler

PROFIT. REPEAT.

Generate repeated profits with the industry's most-favored female.

Independent research from a decade of data collection showed Red Angus-sired heifers commanded \$66/head more than females of other breed types. That's nearly \$5,300 on a single load of replacement heifers to boost profits on your operation.

Visit RedAngus.org for details on the industry's most-favored female.

A large brown Red Angus cow stands in a field, looking towards the camera. She has a yellow ear tag with the number 4141 and the text '© 2006 RED ANGUS' on it. Two calves are in the foreground, one of which is grazing on the grass. The background shows a vast, open field under a clear sky.
