

PETAL TONES

Newsletter of the National Capital Area Chapter of the Gesneriad Society

Volume 57 Number 9

September 2026

Barb Borleske: "A. Purple King' is so reliable. It spends the winter and early spring totally neglected in the basement. I usually put it outside in May and it's usually the first Achimenes to sprout. I separate the rhizomes every other year."

**National Capital Area Chapter
of the Gesneriad Society (NCAC)
Emmanuel United Methodist Church**
10755 Scaggsville Road, Laurel, MD 20723

Sept 12th – Show Ruritian Hall
Oct 10th – Strepts, Part 2 Andy Meier
Nov 14 – Program at church TBA
Dec 12 – Holiday Get Together

President's Message:

It's about show time! I think we have pretty much gotten things in place for the show and sale. Make sure you read the show schedule and the information recently sent out. There are still openings in the design schedule, so let me know if you want to reserve a class or two. Also, please send me your entries list as soon as possible so I can get them entered before Friday. We will be setting up on Friday and will have entries and member sales starting at 3:00 on Friday. Entries will continue on Saturday morning for those who cannot come on Friday. Make sure you read the time schedule of events. It looks like we will have lots of plants for sale and a nice show. If you have any questions, feel free to email me or Jill. The more participation we have, the more successful the show will be. Also, we voted not to have a business meeting this month, so there will be no Zoom meeting. Hope to see you there! Barbara
