Physical Address: _____

Is this request for new construction or to rebuild existing construction?

New Existing

Type of Request:

Trench/Revetment Construction

Frontline Construction

Rear Area Construction

Brief description of proposed Construction:

* Be sure to identify which sample Site Committee plans or guidelines you are using. Please note any variations. Attach drawings of proposed construction including: location, dimensions, materials, and design specifications of bracing or framing. These should conform to the GWA Site Regulations and to any respective Allied or Central Powers Battlefield Plans.

* The Site Committee reserves the right to require changes or removal if the final construction if it does not conform to that which is submitted on this form and its attached drawings.

- 1) This approval process is designed to assure trench system authenticity.
- 2) This application must be submitted and approved in writing before the proposed construction may begin.
- 3) Only one application per unit will be approved per year.

For Trench Masters' Committee use:

This application has been reviewed in accordance with the GWA Site Regulations. The members of the Trench Masters' Committee have made the following determination:

- Approved
- Rejected
- Revise and Resubmit
