### Andrew Huser

Owner of The Lawn Squad, Andrew was among the first to receive an award from JoJo's Jumpstart Foundation, and he quickly put the equipment provided to work growing his young landscape and lawn care business.

"Lawn care and landscaping are equipment-heavy industries because we need highly efficient machines to do most of the heaving lifting for us," Andrew explained. "The equipment I received in this scholarship completely alleviated my immediate and short-term equipment needs to grow at my goal pace for multiple seasons."

### Katlyn Wingler

A 2024 West Washington High School graduate, Katlyn is pursuing her dream of becoming a cosmetologist and, one day, owning her own salon. To jumpstart the realization of that goal, Katlyn is attending PJ's School of Cosmetology.

"I hope to one day be able to run my own salon/spa to provide a relaxing environment for people to come and become the most confident versions of themselves," Katlyn explained. "Reaching my goals without the financial assistance provided to me by the Jumpstart program would have been incredibly difficult."

### Charles Riding

A 2024 North Central High School graduate, Charles is studying to become a barber at Fuqua Institute of Beauty Culture in Indianapolis with the help of a scholarship provided by JoJo's Jumpstart Foundation.

While Charles has always possessed skills and ambition, he needed a financial jumpstart to turn his dream of becoming a licensed barber and creating a mobile barber unit into reality. Today, he is saving for a mobile unit to achieve his professional goal: "have a mobile barber unit to cut the hair of those who may not have a way to the barber shop." With the support and advice of a professional mentor provided by the foundation, Charles is on his way.

Jordan Kontor Memorial Scholarships have been established at Ivy Tech University Indianapolis, Ivy Tech University Hamilton County, Providence Cristo Rey High School and Vincennes University. Visit our [Scholarship Application page at jojosjumpstart.org](https://jojosjumpstart.org) to learn more about applying for an award.
