

I am writing this letter to thank Jordan Kontor, JoJo's Jumpstart Foundation and of course Jordan's parents Jeff and Robin for offering me this scholarship. This scholarship means a lot to me. I did not expect it at all. I received a call on the phone today by financial aid. I have been awarded a scholarship and I received an email with more information. I opened it and saw that it was in honor of Jordan, and I looked him up and read his amazing story. It made me cry and it warmed my heart I feel so honored. I am African American I grew up myself facing challenges and never let anything stop me either just like Jordan. I was born early grew up with health issues and things, but I never let that stop me from fighting for what I want. This scholarship is important to me because it connects with me personally. I am honored as well because I am going to school to be an entrepreneur myself and my story is similar so I will make sure I accomplish my dreams as well as help keep Jordan alive by carrying this scholarship. I want to thank Jordan Kontor for his sacrifice, hard work, and dedication. I also want to thank JoJo's Jumpstart Foundation for their amazing work. I make a commitment to put the Jordan Kontor scholarship to effective use and change lives one plate of food at a time. I also want to make a commitment to JoJo's Jumpstart Foundation and to Jeff and Robin to honor and do right by your son's name with this scholarship as well.
