

My Health Stories

My Language Evaluation

Hi Mr. Roberts. I am Ms. Hill, the
speech-language pathologist. Today
I will evaluate how well you
communicate

Please tell me what your concerns are.

I had a car accident last month. And there was damage to my brain. I am having problems with memory. It is hard to say the things I want to say.

A man with dark hair, wearing a light blue polo shirt with thin white horizontal stripes, is shown from the chest up. He is looking off to the right with a thoughtful or slightly distressed expression. The background is a solid red wall. To his right, there is a framed painting with a dark, abstract subject. Below the painting, a bouquet of bright yellow chrysanthemums is wrapped in green paper. A yellow speech bubble originates from the man's head area.

It is getting difficult at work.
Even at home, I seem to
forget things.

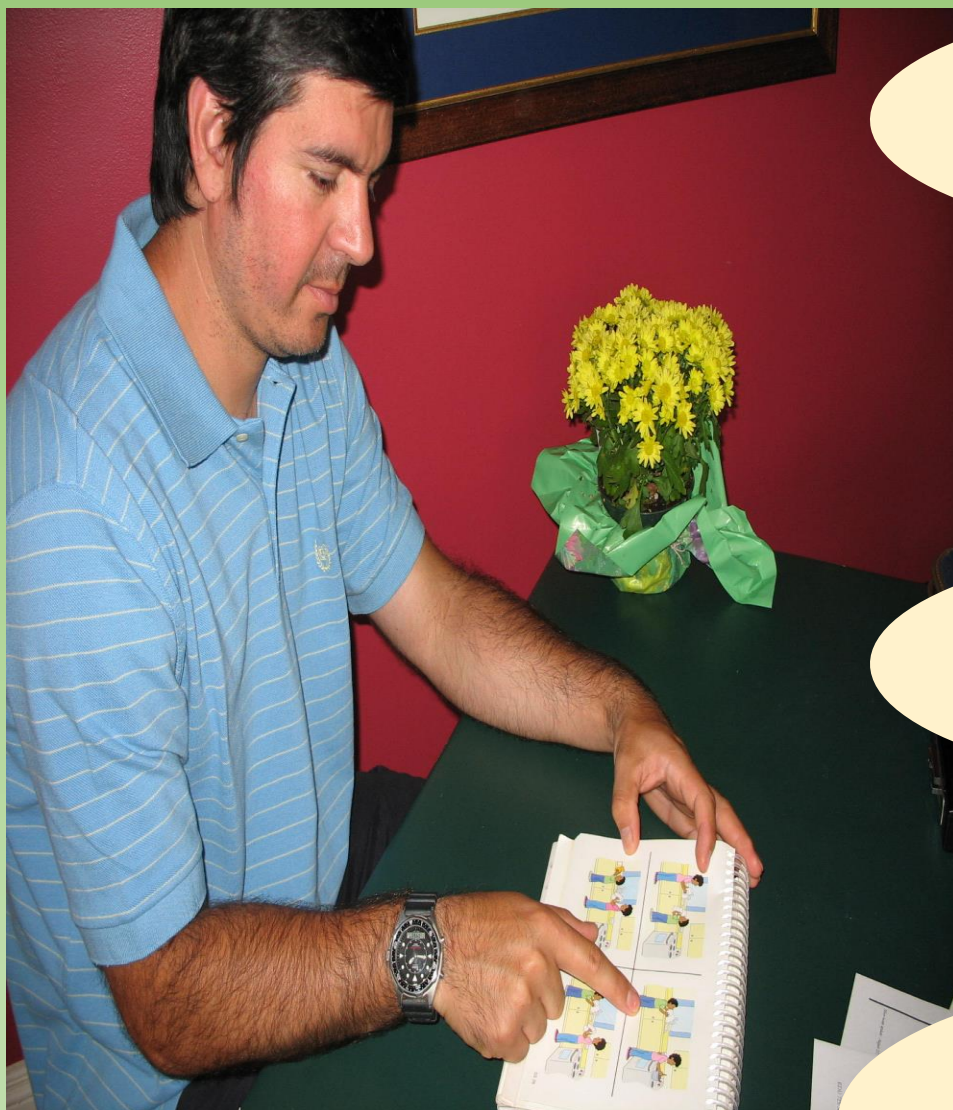

We will test you today. That will help us get a better idea of your problem. Then we can tell you if we can help you.

The test will consist of many things.

You will label objects, follow instructions and read. You will repeat, point to pictures and answer questions.

Please point to the girl is baking cookies.

Please point to the girl gave the boy cookies

Please point to the mother is eating the cookies.

That activity helped me see
how well you understand.

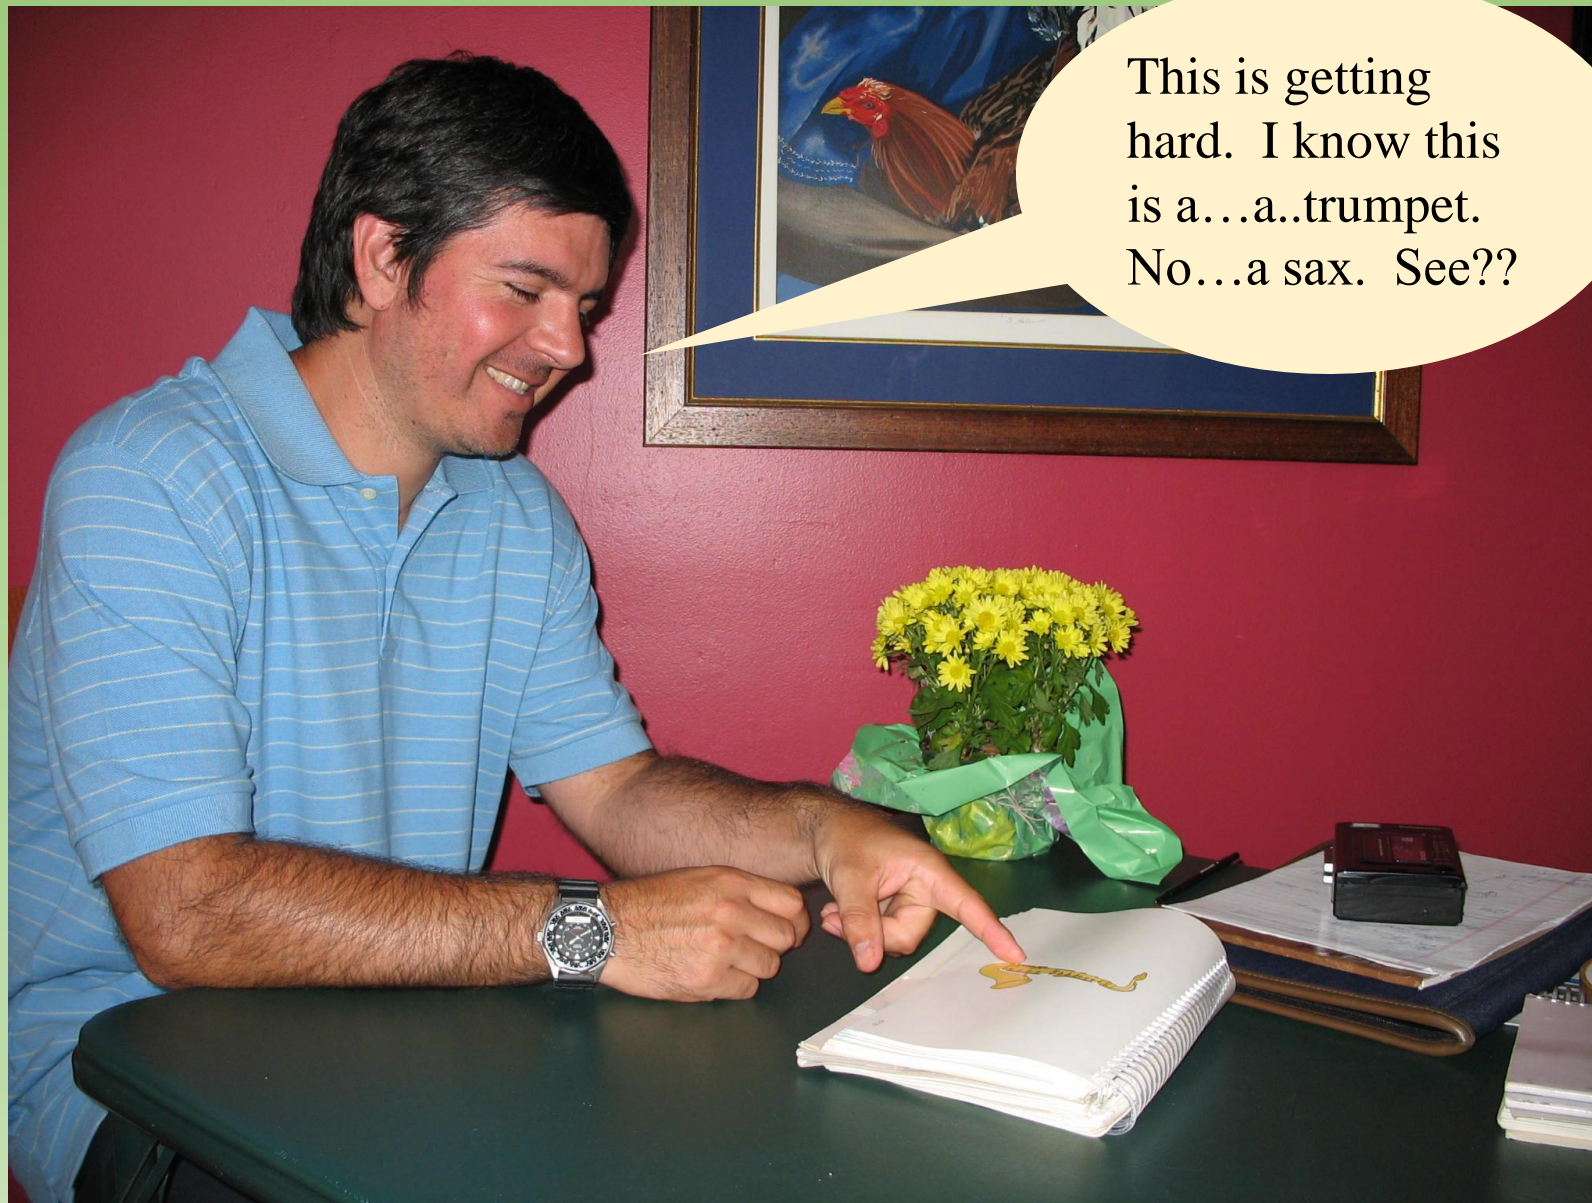

Ready for the
next one?

Yes.

Now I want you to tell me
the name of the pictures.
What is this?

I can't
remember

This is getting hard. I know this is a...a..trumpet. No...a sax. See??

That is May...no...a
calendar.

Mr. Roberts, repeat after me.
4-10-7

4-10-7

8-3-6-9

8-3-9-6

1-5-7-9-3

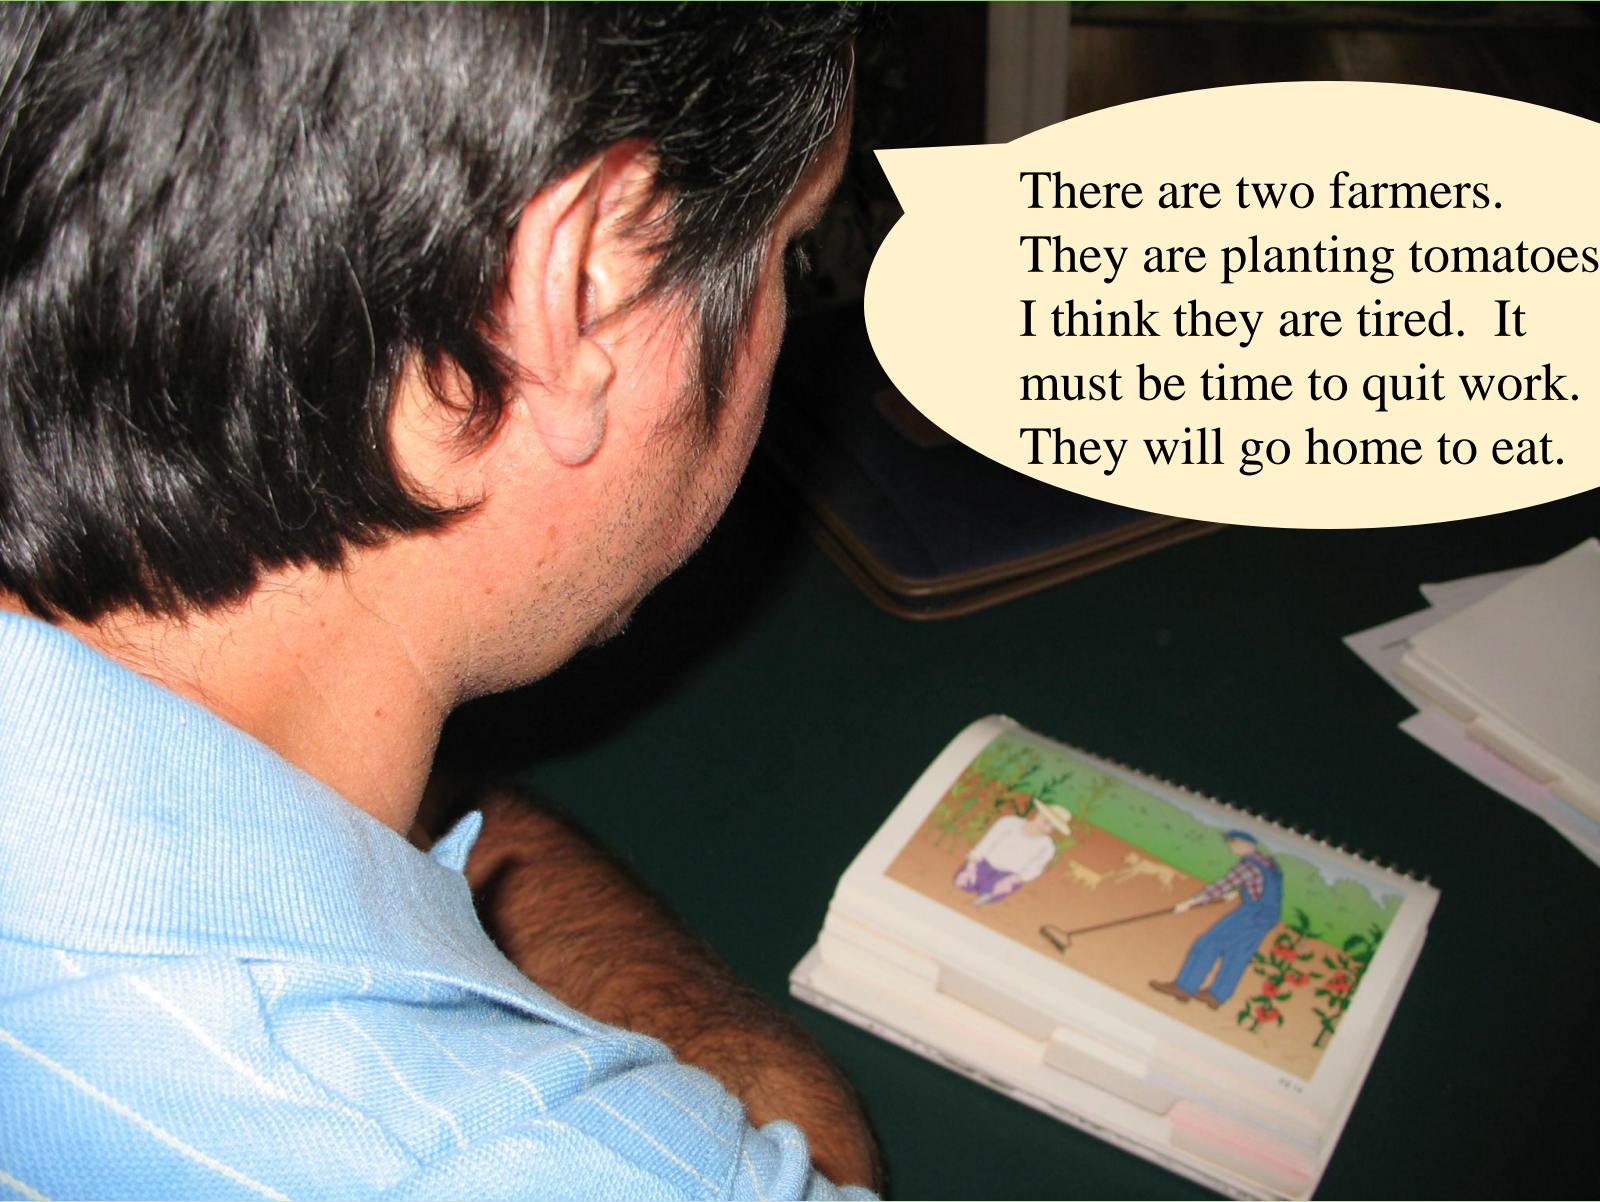

1-3-7-3-9.

A woman with shoulder-length brown hair, wearing a white lab coat, is seated at a dark desk. She is looking towards the left side of the frame. On the desk in front of her is a spiral-bound notebook and a small bouquet of yellow daisies. To her right is a large green potted plant. The background is a red wall with several framed pictures. A speech bubble is positioned above her head, and another one is to her left, pointing towards the bouquet of flowers.

That test helped me see if you
can remember things.

Now, I am going to show you a
picture. I want you to tell me
about it. Later I want you to
read a paragraph and tell me
about it.

A man with dark hair, wearing a light blue shirt, is shown in profile, looking down at a spiral-bound picture book on a dark green surface. The book is open to a page with a colorful illustration of two farmers, a man and a woman, working in a field. A yellow speech bubble is positioned above the book, containing text.

There are two farmers.
They are planting tomatoes.
I think they are tired. It
must be time to quit work.
They will go home to eat.

Read the paragraph in
silent. Then tell me
what you read.

It talked about baseball teams. I can't remember which ones. They are not doing very well.

Where was the game?

I can't remember the city. I really can't remember much.

A photograph of a man and a woman sitting at a dark table. The man, on the left, is wearing a blue and white striped polo shirt and a silver watch. The woman, on the right, is wearing a white lab coat with a red circular logo on the left chest. They are both looking at each other. There are two yellow speech bubbles overlaid on the image. The background is a red wall with two framed pictures. The overall image has a green border.

Mr. Roberts. It has taken us almost three hours to complete the test.

I did not think there were so many things to do in a test.

A photograph of a man and a woman sitting at a table. The man, on the left, is wearing a blue and white striped polo shirt and a watch. The woman, on the right, is wearing a white lab coat with a red circular logo on the pocket. They are both looking at each other. A large yellow speech bubble is positioned above them, containing text. A smaller yellow speech bubble is positioned below the man, containing the word 'Good.'. On the table between them is a small vase of yellow flowers. In the background, there is a red wall and a framed picture.

I can now see that you do have a memory problem. I will write a report. We will meet and I will explain everything.

Good.

Can you help me
with my problem?

We will be able to help
you. We will set up an
appointment.

A photograph of a man and a woman shaking hands across a dark desk. The man, on the left, is wearing a blue and white striped polo shirt and a silver watch. The woman, on the right, is wearing a white lab coat with a red circular logo on the pocket and a name tag that reads "DR. B. MARTINEZ DOG/CLIN" and "SPEECH-LANG. PATHOLOGIST". On the desk, there is a vase of yellow flowers and some papers. In the background, there is a red wall and a framed painting of a rooster. Two speech bubbles are overlaid on the image.

I cannot wait to start.
Thank you very much.

It was my pleasure.
