TERMS, CONDITIONS & GUARANTEE

Driveway Maintenance Inc.. hereafter referred to as "DMI"

TERMS: Terms are as stated above. If payment is not made in accordance with the above terms, the customer agrees to pay any collection, legal fees and additional costs accrued due to unpaid balances.

Price is based on specifications and estimates as shown on the "Proposal & Agreement" from date of issuance. The cost estimates for this project are based upon current material or supply pricing. Since the market for materials is currently considered volatile, and sudden price increases could occur, DMI reserves the right to increase pricing for the work in the event that DMI directly incurs additional expenses arising out of or related to purchasing, shipping, or otherwise obtaining materials. Pricing is subject to change based on actual costs of materials at time of permit issuance. Pricing adjustments will be agreed upon by customer prior to the commencement of work.

Unless expressly noted within the proposal agreement, DMI makes no claim to the local, state, or federal compliance of any or all ADA elements present within the property boundary.

Additional charges may become necessary if extra materials or extra labor would become necessary to perform or complete this job or if extra services and/or materials are requested in writing by the owner or general contractor by their respective authorized supervisory employees. "DMI" shall not be held liable for damage to surrounding areas of driveway or parking lot due to poor subgrade, moisture, or other unforeseen circumstance. Additional charges will be in accordance with the agreed upon change order which is made part and parcel of these conditions and "Proposal & Agreement". "DMI" reserves the right to refuse additional equipment time, extra materials or extra labor if it would interfere with advanced scheduling with other customers with whom previous commitments had already been extended.

CONDITIONS: The above prices, specifications and conditions are satisfactory and are hereby accepted. You are contracted to do the work as specified and the stated payment terms are acceptable. All material is guaranteed to be as specified. All work is to be completed in a workmanlike manner in accordance to standard construction practices. Any deviation from this proposal or extra work will be executed only upon owner or owners agent orders and may become an extra charge over and above this agreement. All agreements are contingent upon delays beyond our control. Property owner to carry all necessary insurance. We do not guarantee against pavement cracking from weather cycles, reflective cracking, power steering marks or gauges in new asphalt pavement/patches, and water ponding or retention due to preexisting grade conditions. We cannot guarantee drainage or against water ponding on new asphalt. "DMI" shall not be liable for damage to adjoining asphalt, concrete flat work, or curbing, damages to underground utilities in the areas of construction, damages to irrigation within or adjacent to repair areas, damages/modifications to newly completed work due to removal of barricades or trespassing on job site during or after construction activities. Customer shall be responsible for costs of permits, procurement of permit by Contractor, and any additional work required by the permit or site inspections resultant of the permit.

EXCLUSIONS: The following items are excluded unless otherwise stated in the proposal: Engineering, Record Retrieval, Additional Excavation, Staking, Material Testing, Sod or Landscape Restoration, Irrigation Repairs, Manhole/Catch Basin/Gate Valve Adjustments or Repairs unless specified, Vegetation Removal, SAC/WAC Charges, Dewatering.
