Syllabus for Senior Class (Buddhism)
2018/2019 Academic Year

Objective of Buddhism Class

Our main objective at the Buddhism class is to create a generation of children who respect, and understand the practical value of the teachings of the Buddha. We also teach students the cultivation of filial piety (respect of parents). We also believe a student should know both the faith (Saddhā) and wisdom (Paññā) so that he or she will help cultivate and shape our Canadian Society to a more compassionate and mindful one. The reason is faith and wisdom go hand in hand and not in separation.
