TEXTING

SOME THINGS TO KEEP IN MIND WHEN TEXTING:

- When we send the "on the way message" we won't see your reply or be able to respond until we get to your property. Safety is our number priority, so we don't text and drive.
- The business line: 916-992-0912 does not receive texts. The best number to text regarding service issues is the number that sent you a service reminder.
- The number that sent you a service reminder only works if you've received a message from it. If you are trying to refer a friend they can give a call on the business line, or use the website to send us contact info.

2022 SCHOLARSHIP

2022 was the first year we did our scholarship. The requirements were simple, you must be a student enrolled in at least 12 units and working. We planned on giving away two \$500 scholarships. We ended up with 3 outstanding and worthy entries that we decided to award all 3 hard working students with a scholarship. Don't miss your opportunity this year. Check out our website for details!
