~Funds raised will be used to assist the athletes with entry fees and travels expenses for competitions at local, state, and national events. Bemidji Lumberjack Trap is a self-funded 501c3 organization. We have a team full of great skills. The number of athletes ranges from 70 students in the fall to nearly 100 in the spring. We rely strictly on volunteers and fundraising activities to keep our sport moving forward. Trap is considered the fastest growing and safest school sport, with NO reported injuries since inception in 2008.
