SPLIT & PORTABLE  
AIR CONDITIONER COLLECTION

## CRUISE TECHNOLOGY. THE FINEST INVESTMENT YOU CAN MAKE.

At Cruise, we are strong believers in a simple fact: superior technology is the key to superior living. We believe in technology that dramatically transforms home spaces into arenas of comfort and perfection. And through relentless innovation of over 25 years, Cruise air conditioners come loaded with breakthrough technologies that significantly improve your family's daily living experience.

### VARIOQOOL INVERTER ADVANCED AI TECHNOLOGY

Invest in the perfect 8 hours of sleep.

Cruise's 5th Gen VarioQool technology with artificial intelligence algorithms and DC Inverter compressor adapts to ambient heat load conditions seamlessly, which means no temperature fluctuations and no cut-in and cut-off. Making it much more efficient than conventional fixed-speed air conditioners.

- **Constant Temperature All Night:**  
The temperature of the room is precisely controlled to remain at that what you set.
- **Pin-Drop Silence Operation:**  
No irritating vibration sounds or compressor modulation sounds of the unit.
- **Superior Cooling Efficiency:**  
The more you use it, the more energy it saves, ensuring you stay comfortable at all times.
- **Express Cooling & Heating:**  
Stay comfortable all year round with faster heating and cooling functions.

### AIR PURIFICATION TECHNOLOGY DESIGNED IN GERMANY

Invest in a purity and health.

#### ActivCarbon Filter

The advanced activated carbon nano particles trap pollutants and eliminates bad odour and gases for optimum indoor air quality

#### Silver Ion Filter

Silver ions which act as an antiseptic, kill more than 99% of the bacteria in the air and prevent's them from growing again.

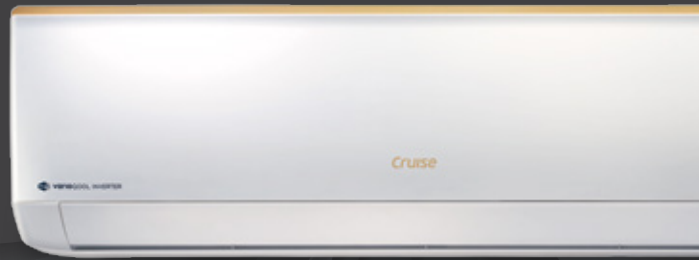

#### Vitamin C Filter

This filter made of VC emission material, spreads Vitamin-C throughout the room giving therapeutic benefits to the mind, body and skin.

#### Cold Catalyst Filter

The cold catalyst filter absorbs harmful particles such as formaldehyde and ammonia helping achieve a high indoor air quality index.

## SOME OF OUR WORLD CLASS FUNCTIONS & FEATURES.

Invest in the Cruise advantage.

### AURASENSE™ INTELLIGENCE TEMPERATURE SENSORS.

Invest in perfect balance.

Unlike conventional AC's that only sense the temperature close to the indoor unit, the AURASense technology with multiple intelligent sensors, embedded in the unit and remote, perfectly calibrates cooling performance to the air around you.

### EXPRESS COOL 50°C HEAVY DUTY PERFORMANCE

Designed for extreme weather.

The next-gen Tropical-X Rotary compressors have been re-designed & strengthened to provide instant and stable cooling operation, even at extreme temperatures of up to 50°C. Also, enjoy upto 10 years warranty.

### FLUSOJET AIR DRIVE UPTO 50 FT AIR FLOW

Invest in speed & efficiency.

Using the principles of jet engine aerodynamics, FlusoJet technology provides long reach airflow upto 50 feet for 1.5 times bigger cooling area coverage compared to conventional air conditioners.

### PORTAQOOL TECHNOLOGY SMART AIR CONDITIONING ON WHEELS

Invest in mobility, indoors or outdoors.

#### Tropical-X Rotary Compressor

Featuring advanced rotary compressor technology engineered to operate in temperatures of up to 50° C, it provides the best-in-class cooling performance that is superior to any existing mobile cooling device.

#### Built-in Four Castor Wheels

Go further with easy-to-push castor wheels that allow for easy maneuverability of the mobile air conditioner from room to room, providing cool air wherever you need it.

#### Anti-Bacterial Dust Filter

The advanced HD filter with antibacterial coating featuring air purification technology from Germany, creates cleaner air and reduces room odours with outstanding dust collection due to new improved density of the filter.

#### Air Discharge Hose & Window Kit

The expandable hose allows seamless extraction of the hot air from the unit to be discharged outside the room, to cool the room effectively. The sliding window kit makes the installation easier and air tight.

# THE CRUISE PROMISE

---

## INNOVATION FIRST

Pioneer in cooling technology since 1992

## BUILT HEAVY DUTY

Durable and robust build for extreme climate conditions

## LIFETIME WARRANTY

10 year warranty on inverter compressors

## EASY TO MAINTAIN

Professional support with a nationwide network

## LONG LIFESPAN

100% copper technology with 3x longer durability

## GLOBALLY CERTIFIED

ISO quality factory operations; OEM's for global HVAC Co's.
