Our experience with color application, slumping, carving, custom finishes, and fusing combine to make Venicio an outstanding resource for innovative glass design.

RESIDENTIAL APPLICATIONS - KITCHEN & BATH, LIVING SPACES, GARDEN & SPA
 COMMERCIAL APPLICATIONS - HOSPITALITY, HOTEL & CASINO, RESTAURANT
 BUSINESS APPLICATIONS - INTERIOR AND EXTERIOR

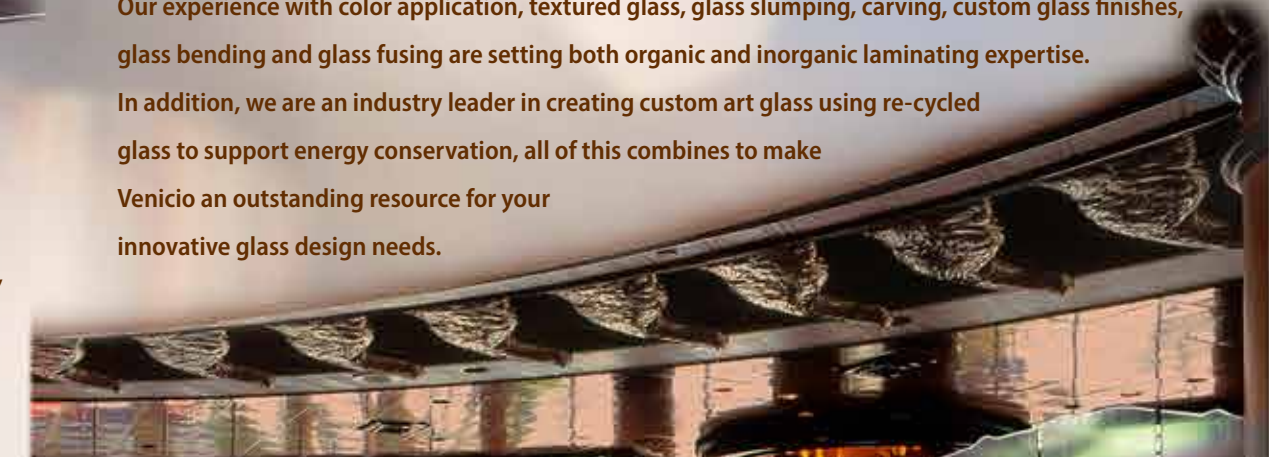

We create unique functional glass for Commercial, Hospitality, and Residential applications. Examples of our custom art glass can be found in the glass privacy panels we created for Harrah's High-Limit Poker center and our Glass Wall Partitions in Harrah's Steak House in Las Vegas, NV, which feature our custom design glass patterns.

Venicio produces the highest quality Architectural Glass for architects through the southwest. Our designer glass is utilized by designers, artists, as well as other glass design companies throughout the region.

Our experience with color application, textured glass, glass slumping, carving, custom glass finishes, glass bending and glass fusing are setting both organic and inorganic laminating expertise.

In addition, we are an industry leader in creating custom art glass using re-cycled glass to support energy conservation, all of this combines to make

Venicio an outstanding resource for your innovative glass design needs.

We offer extensive design patterns ranging from the geometric to the whimsical. Available in kiln-formed glass, our standard design patterns may be applied to any standard float glass. The Venicio standard design patterns may be used anywhere float is commonly installed.

Our designer glass may be bent or tempered. Please visit our website for the many detailed specification sheets.

Venicio, combining elements of texture and color, pattern and design in tempered, laminated, bent, and recycled glass : Unparalleled Elegance
