Alternative Learning Corporation

The University of New Mexico-Gallup, in partnership with Purpose Focused Alternative Learning, is excited to announce its Solar (NABCEP) Certification and Hands-on Training Program.

Registration is Now Open: Summer Cohort begins Monday, June 2<sup>nd</sup>, through August 22<sup>nd</sup>.

The program runs for 12 weeks. Classes are held Mondays, Wednesdays, and Fridays from 8 am to 5 pm.

The first 10 weeks of the program will provide theoretical training in two photovoltaic (PV) pre-requisite courses, required to sit for the North American Board of Certified Energy Practitioners (NABCEP) exam.

The final 2 weeks will provide students who complete the two courses with hands-on training, assembling PV components and installing a 3-kilowatt PV system for families living without electricity in their homes.

The shift is here and now. Our Creator says, "It's Time" to be in Service, advancing Solar Technology for the benefit of people and our planet.

Be the Change Agent in your family and community. Register now for a rewarding career in Renewable Technology in the Emerging Clean Energy Economy.
