Instructions

1. Cut out the template square and stick to cardboard
2. Press the fabric and lay it out flat on the table.
3. Lay the template onto your fabric and place a weight on top.
4. Trace around the outside of the template onto the fabric.
5. Cut out the fabric piece.
6. Lay the fabric flat on the table right side up, and fold in half lengthwise.
7. Finger press the fold and then iron the fabric to make a clean fold.
8. Stitch a straight seam on the open side of the fabric from one end to the other.
9. Lock a safety pin into one end of the tube you have created.
10. Gather the fabric onto the safety pin until the safety pin pops out the other end.
11. Pull the fabric down so that the right side is on the outside (see video).
12. Iron the tube with the seam down the centre back.
13. Iron about half-inch fold on one end and then fold again and iron.
14. Stitch across the fold - go slowly as this is several layers of fabric.
15. Iron a similar fold in the other end of the tube and sew across again.
16. Fold the tube over so that about one inch is single and the rest is double width.
17. Stitch both sides of the tube - slowly - and back stitching at either end.
18. Press your work.
19. Turn right sides out using a chopstick or similar to ease the fabric through.
20. Thread the key ring through the top fold and attach to your keys.
