## RINGSTONE FUNDING UK LTD

### Joint Venture Announcement

## RSF UK WELCOMES RINGSTONE ACCELERATOR INDIA

London 15<sup>th</sup> May 2023

Ringstone Funding UK are excited to announce Entrepreneur Sudheer Kumar joins forces with Ringstone Funding UK to establish Ringstone Accelerators India. Due to their growth and expertise in investment and fundraising from early-stage to scale-ups over the past 2 decades, they are very well poised to delve into the Indian market.

The presence of Ringstone Accelerator in India is facilitated by their partner, Sudheer Kumar who will be the CEO in India and contact person for Ringstone Accelerator India.

Ringstone Accelerator India represents a fusion of Sudheer's entrepreneurial expertise and RSF UK's global success, this venture is set to create a robust platform that will drive entrepreneurial spirit, nurture emerging businesses, and accelerate development in the Indian start-up eco-system. Sudheer has successfully led numerous business ventures to successful outcomes. Ringstone Accelerator India will serve as a launchpad for aspiring entrepreneurs and start-ups, providing them with crucial support, mentorship, and access to vital resources, including investment.

*Mario de Luca, Co-founder at Ringstone Funding Ltd*

*"I am really thrilled that the JV partnership with Sudheer will expand RINGSTONE FUNDING international reach and experience supporting Start-up and Scale-ups with their funding needs, within India and surrounding regions, providing us with a unique position in the market".*

*Sudheer Kumar, CEO at Ringstone Accelerator India*

*"I am thrilled to join forces with RSF UK to establish Ringstone Accelerator India. This collaboration represents a unique opportunity to leverage our combined expertise and resources to create a dynamic environment that nurtures innovation and empowers aspiring entrepreneurs".*

#### **About Ringstone Funding Ltd, UK:**

They are an accelerator business with deep domain experience and skill set required to support start-ups and scale-ups through their journey to exit or IPO. They specialize in the technology start-up sector. However, they are well-versed in a variety of industries as well. Their team has over a decade's worth of extensive business experience with successful exits which includes an IPO from Silicon Valley.
