Gymnastics: Each Pre-School and Pre-K day begins with a 45 minute gymnastics class. Each lesson is complete with apparatus skills, tumbling and games. Gym time improves motor skills, flexibility and coordination, but mostly—it is fun!

A typical day includes:

- ◆ 45 minutes in the gym to develop motor development, tumbling and group games
- ◆ Circle Time in the classroom: greetings, calendar, weather, group interaction, reading, music, introduce the theme/lesson for the day/week (Pre-K—job assignments & sharing)
- ◆ Snack Time
- ◆ Centers: Literacy & Math
- ◆ Art or Science lesson related to the weekly theme
- ◆ Free time for socializing and dramatic play
- ◆ Clean Up
- ◆ Ending Circle: music, language, reading, group interaction, wrap up
- ◆ Pack-up and say goodbye
