

SIEMENS
Ingenuity for life

Siemens Fire & Life Safety

Your trusted expert for innovation, excellence, partnership, and customer choice

usa.siemens.com/fire

We're dedicated to providing decision makers with the right fire & life safety solutions, products, and services to meet your specific needs – now and in the future! With Siemens Customer Choice, you can select from our **Desigo® Fire Safety** and **Cerberus® PRO** portfolios for the system performance and service that's perfect for you.

Desigo

Desigo is the complete portfolio delivered by Siemens branches offering a total building solution. Desigo offers a comprehensive portfolio of fire panels, detection, mass notification, and integrated building management systems that create an intelligent infrastructure to protect your building and its occupants. It provides the right systems, solutions, and platforms to meet your comfort, security, and life safety needs for any application.

Cerberus PRO

Cerberus PRO is the complete dedicated portfolio available from Siemens Solution Partners in the UL Fire & Life Safety market. Cerberus offers a comprehensive portfolio of fire panels, detection, and Cerberus DMS management stations which meet the needs of small-to-large or simple-to-complex applications.

Key Benefits

- Siemens Customer Choice allows you to find the right service provider now and in the future!
- Siemens creates choices so that engineers can specify for performance and focus on life safety.
- End-user Training & Licensing allows owners to take over their system as needed.
- All technicians are Siemens Technology Certified, which allows them to install, service, and expand both Desigo and Cerberus PRO systems.

Understanding Your Choice

Siemens Customer Choice is designed so that our customers have the right fire & life safety system and service provider today and tomorrow. Choose among our Desigo and Cerberus PRO portfolios; if your needs evolve you have the flexibility to easily update your system and change your service provider or sales outlets.

Initial System Design and Installation			System and Service Provider Flexibility		
	Siemens Branch Offices	Siemens Solution Partners	Siemens Branch Offices	Siemens Solution Partners	End-User*
Desigo	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Cerberus	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Legacy Systems Including: FireFinder XLS & MXL	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

* Factory trained end users capable of owning their own software license, servicing, and supporting their own system.

Our Commitment

Siemens market approach provides world class customer choice. No matter the project scope or need – we offer the right solutions, products, and service provider choice for the entire lifecycle of your fire & life safety system. Our nationwide network of Siemens offices and solution partners are Siemens Technology Certified to service and support any Siemens fire system.
