

Our Mission Statement:

In recognition that poverty ravages many areas of the world, we dedicate ourselves to provide Resource Centres for cancer sufferers and heart patients and their families in other countries. Our mission is to provide assistance to the needy among them.

Our Vision Statement:

We seek to reflect upon the compassionate Heart of Jesus as the main point of our spirituality. Our vision is to provide Hope as an instrument of encouragement to all people, to strengthen their faith in God and sustain them in times of crisis.
