2025 International Viewbook

Between two Great Lakes

University of Niagara Falls Canada acknowledges that it is located on land that is the traditional territory of the Haudenosaunee, Hattiwendaronk, and Anishinaabe peoples. We also acknowledge the many other First Nations, Métis, and Inuit peoples who call this region home.

We commit to building relationships based on respect, reciprocity, and reconciliation as we work, learn, and gather on this land. Furthermore, we acknowledge that the Niagara region is situated on treaty land, and we stand with all Indigenous peoples, past and present, in promoting the wise stewardship of the lands on which we live.

Your future starts here

UNF is an innovative and digitally oriented institution that prepares graduates for leadership in a digital world

Our technology-centred approach puts students first, offering you a cutting-edge learning framework that is adapted as technology changes and new processes emerge.

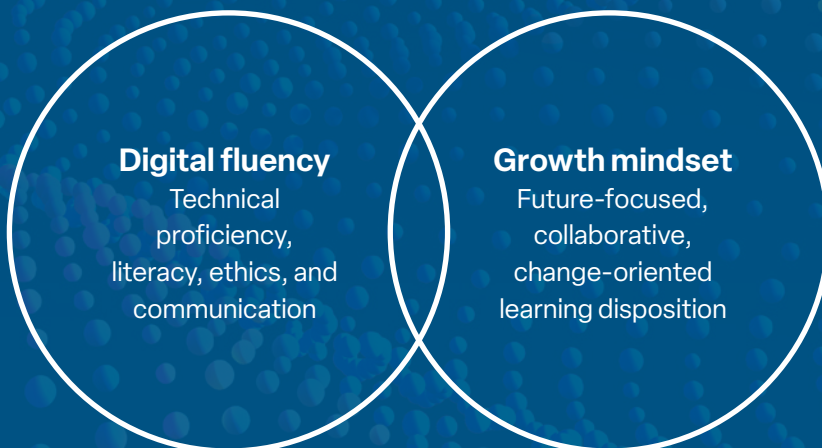

Learn from industry leaders and highly experienced faculty, gain experience through work-integrated learning, and build a solid foundation that sets you on the right path.

Our innovative programs are designed to address the ever-evolving needs of the global workforce, today and in the future. You will graduate ready to navigate and lead in the digital age.

Digital Mindset

Experience digital transformation on a personal level

At UNF, we know in order to succeed and be adaptable and resilient, graduates need to achieve a Digital Mindset: a combination of a digital fluency and growth mindset.

The future of work is online. With the integration of smart technologies, being able to navigate this digital world will be the key to driving innovation.

Welcome to UNF

Welcome to the University of Niagara Falls Canada, a new model of innovation, knowledge, and transformation in the world of higher education.

As the inaugural president of this future-focused institution, I am pleased to share our vision for a brighter, more prosperous future - where students are intentionally guided towards meaningful careers through programs designed to meet the needs of a rapidly evolving digital economy.

In an era defined by constant technological advancements and unprecedented global challenges, the traditional approach to education is no longer sufficient. At UNF, we believe that redesigning education is key to effectively preparing students for the careers of tomorrow. We have proudly created an institution that is a catalyst for change, a hub of creativity, and a powerhouse of innovation.

UNF's commitment to excellence is evident in our carefully crafted programs, meticulously designed to equip you with the skills, knowledge, and mindset required to thrive in a dynamic economic landscape. Regardless of whether you study business, healthcare, data analytics, or another leading-edge discipline, UNF delivers curricula that are both innovative and practical. Our experienced and dedicated faculty will guide you throughout your remarkable journey.

UNF is more than just academics. We foster an environment that nurtures creativity, encourages collaboration, and values unique perspectives. Our new, state-of-the-art campus, located in the heart of iconic Niagara Falls, is where great ideas come to life. At UNF, we recognize that our diversity drives progress and inspires innovation. We are part of an extensive network of higher education institutions committed to addressing the world's most pressing challenges. Through internships with industry-leading partners, and exciting capstone projects, you will have a positive impact while preparing to be a global citizen.

As you embark on this exciting new path, you will join a community united by a shared passion for innovation, the pursuit of success, and a commitment to creating a better future. Together, we will shape the careers of tomorrow while striving for a world that is not only technologically advanced but also socially responsible and environmentally sustainable.

Welcome to UNF, Innovation Flows Here. Your future is our focus. I am confident that your time here will be filled with inspiration, discovery, and achievement. Together, let's explore the frontiers of knowledge and challenge the status quo. I look forward to witnessing your growth, celebrating your achievements, and welcoming you to the UNF family.

Cyndi McLeod
President

The UNF Difference

What makes a university digitally focused?

1

Commitment to building a foundational set of skills, knowledge, and aptitudes for all students, allowing you to compete in a digital world

2

Willingness to embrace new approaches to doing things and discard older, ineffective methods

3

Incorporation of emerging technology, effectively and appropriately

Ready to lead

UNF's programs have been aligned to meet the needs of business and industry in Canada and globally. Graduates will step into their careers ready to lead in the digital economy.

With a maximum of 40 students, our small class sizes allow students to get personalized attention from world-class faculty

Work-integrated learning provides students with real-world experience through capstone research projects, case studies, and internships

Your future Your way

There are two delivery models available for programs, based on availability

ON CAMPUS

Study in person

- All undergraduate and graduate students
- Enjoy state-of-the-art downtown campus
- Participate in clubs and activities
- Structured environment with set schedule

ONLINE

Experience ultimate flexibility

- An option for preparatory programs and graduate students, based on availability
- Study online at your own pace
- Asynchronous program delivery
- Sharpen online collaboration skills
- Full access to virtual support services

ON YOUR TERMS

The Academic Calendar is built around a quarter system, with four terms in each academic year.

Fall	October to December
Winter	January to March
Spring	April to June
Summer	July to September

Discover Niagara Falls

World famous for its iconic waterfalls, Niagara Falls welcomes millions of visitors each year. Those who call it home know the city has much more to offer than just its natural beauty.

Imagine yourself living in a vibrant community where big-city amenities meet hometown charm. Niagara Falls offers the best of both worlds, a place where you can explore world-class attractions, enjoy a thriving arts and culture scene, and still find that friendly, small-town feel.

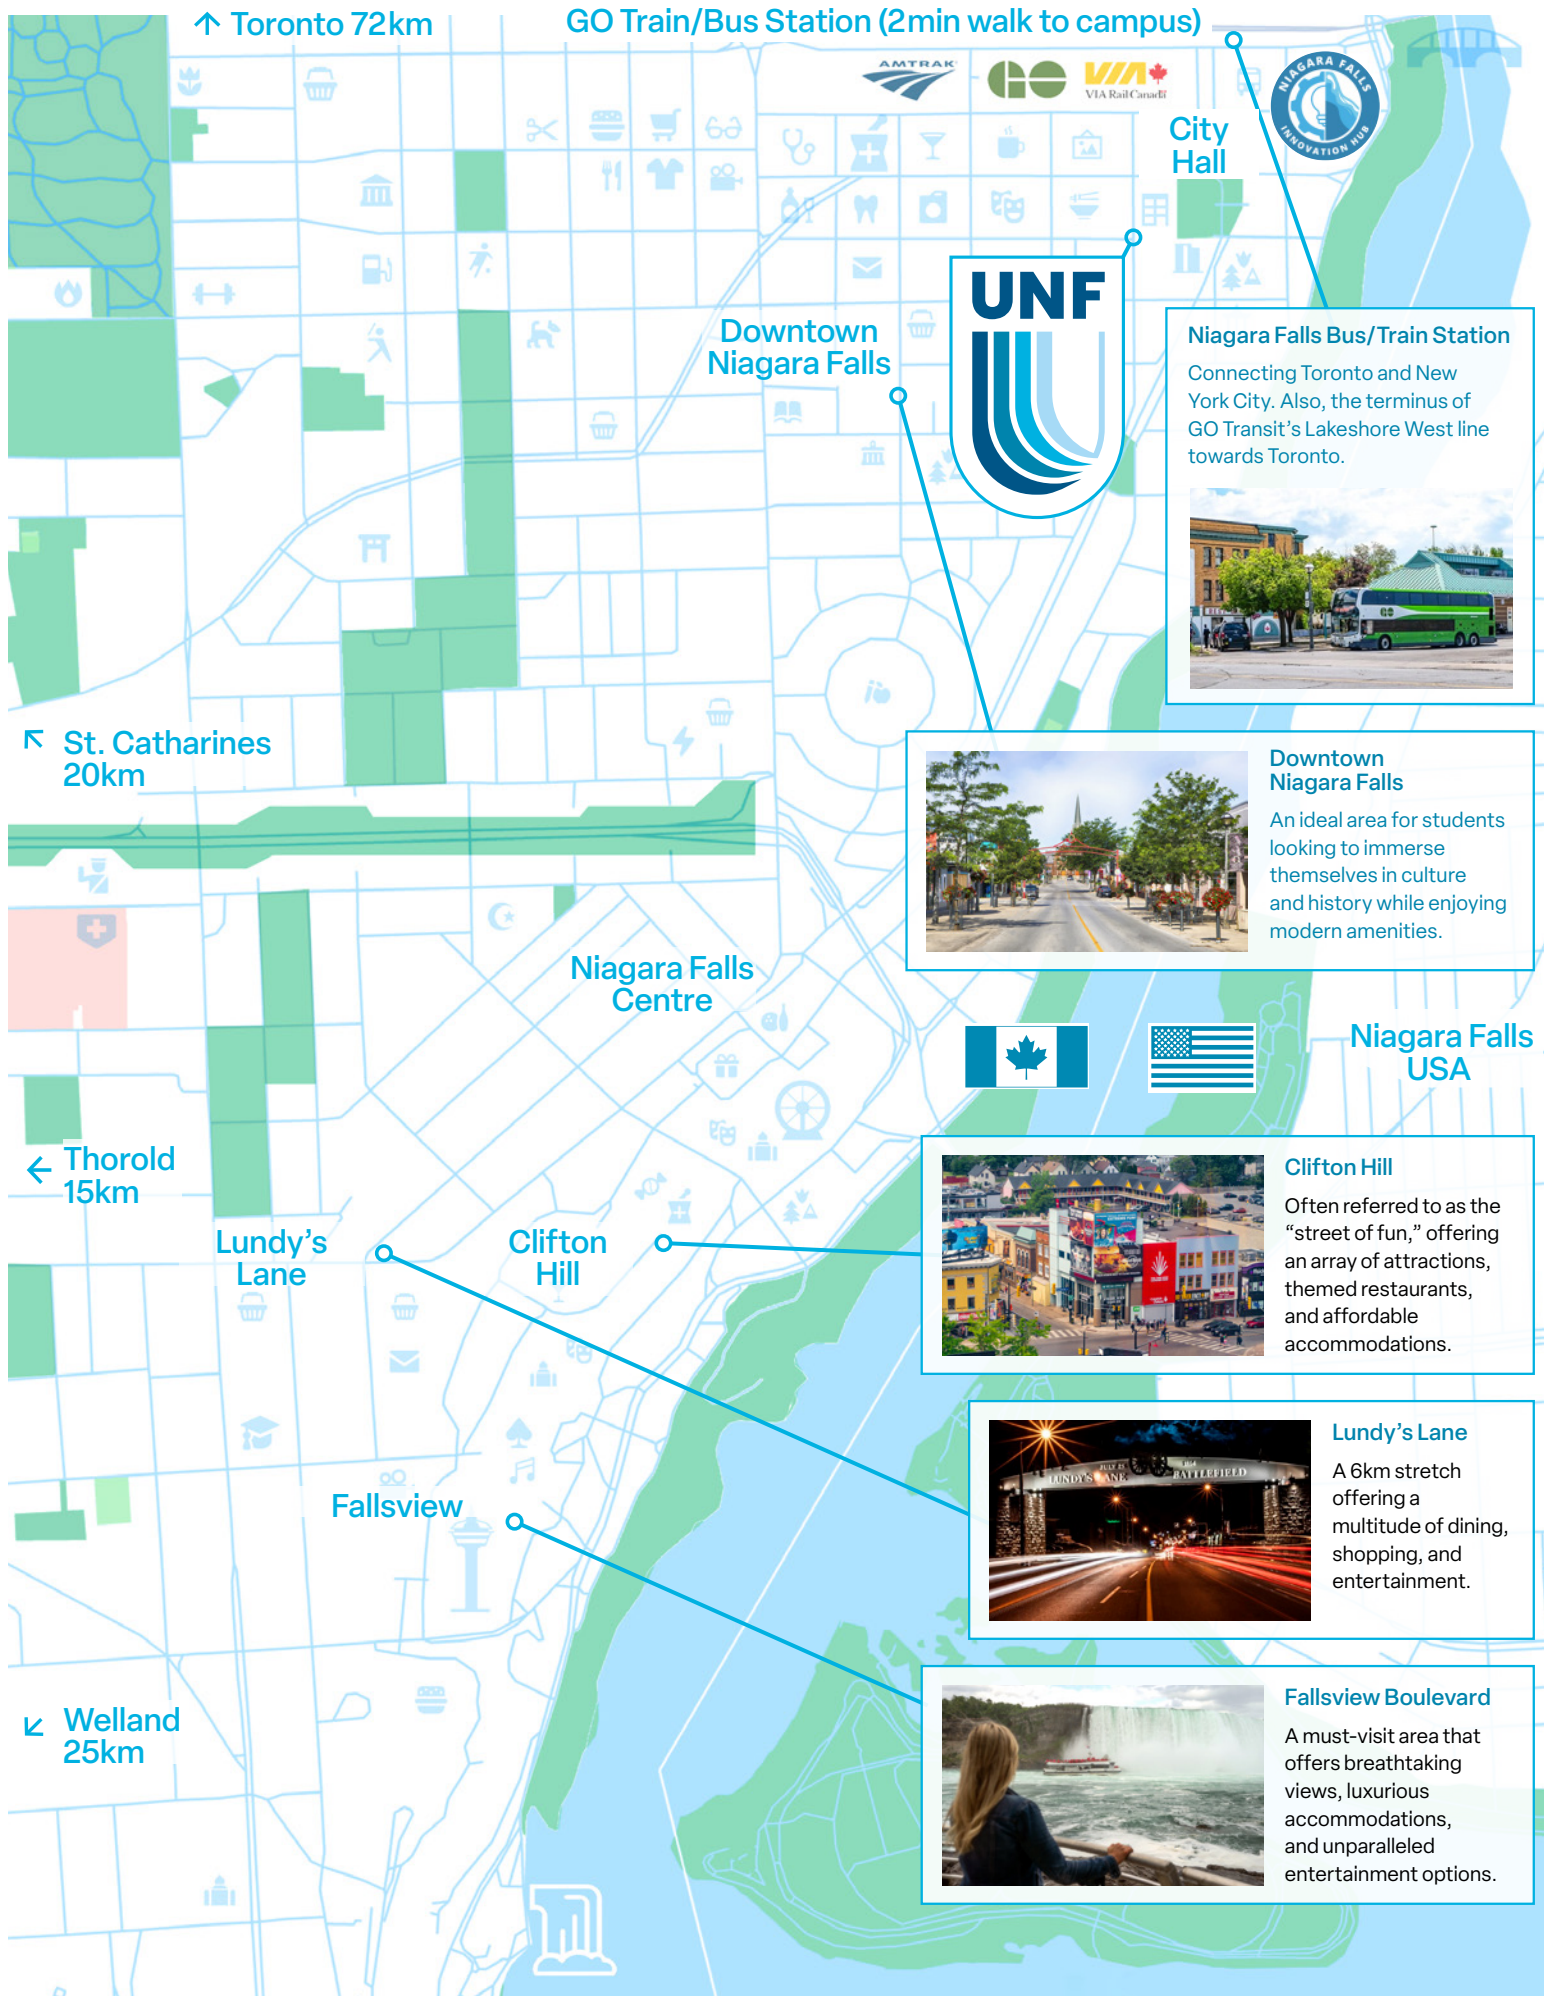

As a student, you'll have access to a wide range of educational opportunities, top-notch facilities, and a supportive community that will help you thrive.

Niagara: where nature meets innovation

As a key player in one of North America's busiest economic corridors, Niagara is home to cutting-edge industries, from smart factories to agricultural technology. Our booming tourism sector attracts visitors year-round, and our thriving tech scene positions us as the third most competitive North American centre for digital media.

Students seeking innovative companies and career opportunities will find Niagara an ideal location.

Nestled between two Great Lakes, Niagara offers a stunning blend of natural beauty and modern innovation. Discover sprawling vineyards, pristine beaches, and lush green spaces. Our rich agricultural heritage is evident in world-class dining and entertainment options.

O Canada!

Discover the Canadian advantage by choosing Canada as your study abroad destination.

With a growing economy and breathtaking natural beauty, Canada is not just a great place to learn but also to live and start a career.

QUALITY EDUCATION

Canadian universities consistently rank among the best globally. They are rigorously regulated by provincial governments, ensuring high standards and a quality learning experience.

AFFORDABILITY

Compared to other popular study destinations, Canada offers competitive tuition fees, making it a more accessible choice for international students.

SAFETY AND SECURITY

Canada is renowned for its low crime rates and stable political system, providing a safe and secure environment for students to focus on their studies.

CULTURAL DIVERSITY

With a multicultural population, Canada offers a rich variety of cultures and experiences, fostering a welcoming and inclusive atmosphere.

Recently ranked the second best country overall*, it offers a unique blend of academic excellence and a welcoming environment.

A campus in the heart of downtown

In 2024, UNF opened the doors to its Queen Street campus after completing major renovations. The university's space within the Hatch Building has been turned into a state-of-the-art campus, designed with students in mind. From study nooks and student lounges to modern classrooms and virtual labs, UNF's campus has everything you need to be successful as a student.

Digital library

Occupying a physical space on the second floor, the UNF Library is fully digital. You can get support in person and enjoy 24/7 access to its resources online, including e-books, journals, and business case studies.

Getting around

The campus is steps away from public transit, including the train station and bus terminal where you can access GO Transit and the regional bus service, and transportation options to take you across Canada and into the US.

Lively neighbourhood

From restaurants and diners to retail stores and entertainment options, there's plenty to see and do within a short walk from campus. As the university continues to expand, so to will the offerings in this neighbourhood on the rise.

Honours Bachelor of Business Administration

Shape the future of business and launch your career in the hyper-connected digital economy. The Honours Bachelor of Business Administration equips you with the cutting-edge skills and global mindset to thrive.

Master new world finances, harness the power of data analytics, and wield the latest digital tools to build creative, customer-focused, and strategic business solutions with this 120-credit degree. Be prepared for anything the evolving business landscape throws your way.

On-campus

Why this program?

FOCUS ON PRACTICAL SKILLS

This program goes beyond theory, immersing you in real-world business scenarios through case studies, guest lectures, and industry connections

BECOME A LEADER

New technologies are outpacing the current workforce's capabilities, develop the skills needed to address real business challenges and lead transformation

CAPSTONE PROJECT WITH A TWIST

Gain hands-on experience while making a tangible impact on a real organization as you work with a real business to develop a strategic plan to help them thrive in the digital economy

SET YOURSELF UP FOR SUCCESS

An honours degree helps you stand out, signifying you've gone through intensive, rigorous academic coursework that is more specialized and advanced

Course Highlights

Digital Business Fundamentals

Big Data

Project Management

eCommerce and Cybersecurity

Consumer Behaviour

Digital Innovation and Entrepreneurship

Choose from two high-impact majors

Pick between two of the fastest-growing fields in the job market to specialize your business degree.

Digital Economy

From e-commerce and fintech to supply chain management and digital user experience, add depth to your degree with a focus on digital commerce.

Digital Marketing

Delve into social media strategies and search engine optimization, go beyond the numbers with analytics and identify emerging trends in marketing.

This program is professionally accredited by NCMA.

A female student with long brown hair tied in a ponytail, wearing a white lab coat over a grey sweater and blue gloves, is looking through a white and red compound microscope. The background is a solid blue color. In the foreground, there are some glass test tubes and a rack. The text "Set yourself up for success" is overlaid on the bottom left of the image.

Set yourself up for success

This program is an excellent springboard for further studies. If you plan to pursue a medical degree or another advanced degree in a health-related field, you will gain the in-depth knowledge and research grounding needed through your studies to excel in your graduate program.

UNDERGRADUATE PROGRAMS

Honours Bachelor of Science in Biomedical Sciences

Broaden your understanding of the human body and how it works while using cutting-edge technology to solve real-world medical challenges with an Honours Bachelor of Science in Biomedical Sciences degree. Gain the knowledge and skills needed to excel in a variety of health care and research fields.

This 120-credit program ensures you have a solid foundation in core subjects like biology, chemistry, anatomy, and physiology while also integrating emerging technology in modern health care, including virtual reality and artificial intelligence.

Pre-Med Pathway

Through our partnership with Saba University School of Medicine (SUSOM) and Medical University of the Americas (MUA), Honours Bachelor of Science in Biomedical Sciences students at UNF can participate in this Pre-Med Pathway.

After completing the first three years, 90 credits, of your undergraduate degree at UNF and meeting specific admission requirements, you will be eligible to apply for the MD program at SUSOM or MUA and through the pathway you are guaranteed an admissions interview.

Once you successfully complete the first two terms of the MD program at either partner school, UNF will accept these courses as having earned the final 30 credits needed to complete your Honours Bachelor of Science in Biomedical Sciences degree.

Steps to Apply

- 1 Apply to UNF's HBSc program**
Submit your application through the UNF portal.

- 2 Indicate interest in the Pre-Med Pathway**
Express your interest in learning more about the Pre-Med Pathway to SUSOM or MUA during the application process with UNF.

- 3 Receive a provisional offer from SUSOM or MUA**
Upon completing your application to UNF and meeting the admission requirements, you may receive a provisional offer letter from SUSOM or MUA, subject to approval and successful completion of all pre-requisite and admissions criteria.

Pre-Med Club access

Enjoy membership in this club aimed at helping you become a competitive medical school applicant through exclusive events, lectures, and more.

In addition to meeting UNF's undergraduate admission requirements you will also need to:

- Complete an application to SUSOM or MUA
- Complete an admissions interview with SUSOM or MUA representatives
- Submit two letters of recommendation and a personal statement (500 words or less)
- Provide official transcripts from UNF

Choose your specialization

MARKETING ANALYTICS

Turn complex data into actionable insights and solve marketing-relating problems in customer relationship management, pricing strategies, and campaign performance.

Become an expert in industry-leading tools like Salesforce and Tableau while developing skills to identify, analyze, and communicate marketing opportunities.

OPERATIONS ANALYTICS

Use data analytics to transform operations in organizations through process optimization. Develop predictive models to find the most efficient and cost-effective solutions to operational problems in organizations, functions, and industries.

GENERAL ANALYTICS

Become a versatile data problem-solver. Apply your analytical skills to a world of opportunities in government, NGOs, consultancy, and beyond. Master the art of turning raw data into actionable strategies. Develop a rigorous approach to problem-solving, from hypothesis to visualization.

Course Highlights

SQL Databases

Predictive Analytics

Prescriptive Analytics

Data Warehousing and Visualization

Python for Data Analysis

Agile Software Development

Analytics Speciality Internship

Distinguished by its strong emphasis on practical, hands-on learning experiences, the robust internship program is a key component of the MDA program. Work on industry-relevant problems and projects during your internship and utilize cutting-edge data analytics tools and techniques, allowing you to apply classroom knowledge to real-world scenarios.

PREPARATORY PROGRAMS

Student success is a priority at UNF and it starts during the application process

Through two preparatory programs, prospective students who do not meet the minimum academic or language requirements can bridge the gap to earn a spot in their program of choice.

Graduate Foundation Program

This one-semester program offers applicants who do not meet the minimum academic entrance requirements for graduate programs an alternative pathway to their desired master's program.

Through the Graduate Foundation Program, students can complete three undergraduate courses to enhance their GPA.

- Study on campus or complete program online
- Nine courses to choose from, depending on availability
- Achieve a 3.0 GPA to progress into a master's program

English for Academic Purposes powered by TLG

Prospective students who do not meet the minimum English language requirements for direct entry into UNF programs can improve their language skills to qualify for admission through a program developed in partnership with The Language Gallery.

The program focuses on improving English skills in academic writing, referencing, researching, note-taking, listening, summarizing and synthesizing texts, critical thinking, and speaking.

- Delivered exclusively online in a 12-week term
- Learn in an immersive cohort
- Upon successful program completion, transition into academic program at UNF

How to apply

Once you have selected your first choice of degree, reviewed UNF's general admission requirements, as well as any degree-specific requirements, and can demonstrate English language competency, you are ready to apply!

There are just three easy steps you need to complete to start your journey at UNF.

1

CREATE AN ACCOUNT

To apply through our online application portal, you will need to create an account.

2

CONFIRM ACCOUNT

Once you have created an account, you will receive an email to activate it. All new accounts must be activated.

3

SUBMIT APPLICATION

Sign in to your account and proceed with your application process. Through this account, you can manage your application and see its status.

Admission requirements

As you prepare to apply, this page will guide you through the essential criteria for prospective students. Review these guidelines to understand the key components of a successful application.

Undergraduate

For admission to one of our honours bachelor's degrees, you must have a senior secondary school credential equivalent to the Ontario Secondary School Diploma (OSSD) with an academically rigorous final year and academic courses outlined below:

- Six Grade 12 U or M-level equivalent courses, including 4U Math and English equivalents
- Minimum overall grade average of 70%

Applicants must meet English language proficiency requirements, if applicable.

Graduate

To qualify for graduate studies, you must have completed an undergraduate degree from a recognized institution equivalent to a four-year bachelor's in Canada with an academic performance outlined below:

- A CGPA of 3.00 (on 4.33 scale), or better

Master of Data Analytics, you must have the academic performance mentioned above and the following:

- Completed at least two undergraduate courses in statistics or quantitative methods

Applicants must meet English language proficiency requirements, if applicable.

Need assistance?

Our student advisors are ready to help you through the application process. If you need help determining your eligibility or have a question about our English language proficiency requirements, reach out to inquiry@unfc.ca!

English language proficiency requirements

English is the exclusive and official language of instruction and examination at the University of Niagara Falls Canada.

Applicants whose first language is not English, or who have received their education in a language other than English, must provide evidence of English language proficiency at a university level by achieving a minimum English proficiency score in an approved test or qualifying for an exemption.

See our website for the full list of tests and qualifications to demonstrate English proficiency.

unfc.ca/admissions/english-language-proficiency-requirements

Admission deadlines

**Deadlines may be adjusted based on capacity.*

56

days prior to start of term

Cutoff for application submissions

28

days prior to start of term

Notification to UNF of study permit approval

Start of term

6

days into term

Last day to drop or add classes

Payment for deposits: Six weeks prior to start of term or the date specified in your offer letter.

If an applicant fails to meet any of the deadlines above, they must defer their application to the next available intake.

The above deadlines are only applicable for UNF. International applicants would need to refer to IRCC regarding any deadlines and/or processing times related to their student visa application.

Term dates are listed in the Academic Calendar, visit unfc.ca/academic-calendar

Document checklist

Undergraduate

- ☐ A completed application form
- ☐ An official high school transcript
- ☐ Official transcripts from all post-secondary institutions attended (if any)
- ☐ Proof of English language proficiency (if applicable)
- ☐ Certified translations of any required documents not in English
- ☐ Documentation confirming their secondary level or high school completion was awarded, if not already indicated on official transcripts
- ☐ A credential evaluation from a recognized service, if required by the Registrar

Graduate

- ☐ A completed application form
- ☐ Official transcripts from all post-secondary institutions attended
- ☐ Official documentation confirming professional designations, where applicable
- ☐ Proof of English language proficiency, if applicable
- ☐ Certified translations of any required documents not in English

Applicants who completed undergraduate studies outside Canada must also submit:

- ☐ Documentation confirming awarding of their previous degree(s), if not already indicated on official transcripts
- ☐ A credential evaluation from a recognized service, if required by the Registrar

The University of Niagara Falls Canada reserves the right to request additional documentation to support the assessment of an application for admission.

My push factor for pursuing a master's degree was that I felt like I was missing something in my career.

I was good at the technical aspects of my role, but being able to manage people was something I believed I was lacking. I felt like I needed to further my education and I wanted to find a very good space to do that. I came to UNF for the Master of Management program and it has expanded my knowledge not just in the managing of people, but also in working as part of a team. **I would give the program a 10 out of 10 because the knowledge base has been exceptional.**

Moses Oto-Obong Eshiet
Master of Management, Class of 2025

Scholarships and awards

We believe in making quality higher education as accessible as possible. To help you achieve your academic goals, UNF offers a number of scholarships and awards to help you fund the journey.

Beyond the classroom

Discover the countless opportunities and benefits that await you, including our strong partnerships with the local business community. You'll have the opportunity to take full advantage of these community connections throughout your time at UNF.

Niagara Falls Innovation Hub

As a UNF student, you'll have exclusive access to the Niagara Falls Innovation Hub, a hotbed of innovation just a block away from campus. Collaborate with entrepreneurs, explore cutting-edge tech, and gain hands-on experience through the on-site facilities.

Enjoy access to:

- Makerspace powered by Hatch
- Podcast studio
- Content creation studio
- Networking events, conferences, and more

Be a VIP

There are perks to being a student at UNF.

The Student Benefit Program offers you exclusive discounts and savings at participating businesses in Niagara Falls, allowing you to get to know the city better and take advantage of everything it has to offer.

Your student card can help you save at restaurants, retail stores, attractions, and more.

Ready to GO

Just a short walk from the UNF campus, the Niagara Falls GO Station offers you the opportunity to travel easily between Niagara Falls and Toronto, and beyond. As a UNF student, **you'll be able to get 40% off the full ticket price on GO trains and buses.**
