What's Happening At Martial Arts USA?

How do you feel when your child is complimented for being respectful? We feel the same way when our students are showing their respect towards others. Respect is one of the first words our students learn when they enter the studio. The simplest way to explain respect is to treat people, places and things nicely. We want to encourage our students to not only consider others first but also respect themselves as well and hold themselves to a high standard. We explain that we have ways of showing respect in different ways and forms and every situation is different. When our students train, they are taught to respond with “yes mam” and “yes sir” and to bow into and out of the studio. In other situations, they would seem silly to do, but other places have other rules and forms of manners.

SAFETY REMINDER!

Students are not allowed in the back room without adult supervision unless over the age of 10 years old and even then they must be doing a quiet activity of practicing. If you have to drop your student off early, please have a book, homework or another quiet activity that they can enjoy in the front room. If you are with them in the back room, they are not to use the equipment in the back unless they are kicking a bag. The equipment is not MAUSA equipment and belongs to another program. Students have damaged equipment and gotten hurt while back there on their own.

Student of the Month is Beny C.!

Have you met Beny? He is one of the sweetest! Every day that Beny comes to class, he brings a very humble presence to the room and is very polite. He constantly asks questions to better understand his training and takes direction very seriously. He is a great partner to others and is respectful to all that he encounters. Great job Beny!

Bring Your Parent to Class!

Parents you are welcome to join your kids on the mat this month! Come help them gain some confidence and teach you how to do taekwondo while you have fun and maybe get a little workout in. March 27th and 28th during their class time.
Check out this new camp over spring break! Sign up before March 1st to get our pre-sale! It is a great mix of fun games and arts and crafts!

Camp of The Arts
Check out Martial Arts USA’s newest camp during spring break!
