Fractional Ownership Model for Private Jets

The fractional ownership model for private jets provides an exclusive opportunity for individuals to experience luxury air travel without the full financial commitment of owning an entire aircraft. This document outlines a detailed framework for managing fractional ownership, ensuring an exceptional experience while maximizing the value of each share.

1. Ownership Structure

1.1. Ownership Breakdown

- **Shares:** Each private jet is divided into 10 shares.
- **Usage Rights:** Each share entitles the owner to a set number of flying hours per year, typically ranging from 50 to 150 hours, depending on the share ownership.

1.2. Example Shareholder Table

Shareholder Name	Number of Shares	Total Usage Hours/Year	Cost per Share	Total Investment
Shareholder A	1	100	\$750,000	\$750,000
Shareholder B	2	200	\$750,000	\$1,500,000
Shareholder C	1	100	\$750,000	\$750,000
Total	4	400		\$3,000,000

2. Yearly Schedule and Usage Plan
