1877 ORCHARD LAKE ROAD, SUITE 102, SYLVAN LAKE MI 48320

WWW.SCHOOLSAFETYANDCOMPLIANCE.COM

### **PROFESSIONAL SERVICES**

**SS&C provides a broad array of school safety and compliance services.**

**SS&C contracts with its clients to provide these distinct services, depending on the unique needs of the client.**

- **Independent Assessment of Safety, Security and Emergency Preparedness (TVRA – Threat, Vulnerability and Risk Assessment)**
- **Facility-level Risk Assessments and Recommendations**
  - School buildings
  - Athletic facilities and other grounds
  - Admin and Transportation facilities
- **Development and Preparation of Emergency Operations Plans (EOPs) for each school facility as required by MCL 380.1308b.**
- **Grant Preparation and/or Administration – including State and Federal grant programs for school safety and security**
- **Staff Training and Drills**

**Including building level Active Assailant Training (e.g., A.L.I.C.E. method) for all administration and staff.**

---

#### *How are SS&C services priced?*

**What we do is important. SS&C provides free consultation with prospective clients. There is no “standard” or “shelf” version of any of the professional safety and compliance services we provide because every school or district – whether public, charter, or parochial – is unique and requires a client-specific program. SS&C makes a client-specific proposal, including pricing, after consultation to ensure an understanding of the unique client and the client’s specific desires and needs.**
