

JANUARY SATURATION PATROLS

The Clinton County Sheriff's Office and the Clinton Substance Abuse Council are teaming up to keep our community safe this weekend for the NFL Conference Championship games. Expect increased traffic-enforcement for saturation patrols.

Deputies will be watching closely for seatbelt compliance, speeding, and signs of impaired driving.

These efforts are all about preventing crashes, reducing injuries, and protecting everyone on the road, including those who may be impaired and the people around them.

Focus, always be aware, and follow traffic rules.
